mindboggling and sometimes heartbreaking stories of apprehending shoplifters *The Steal* Rachel Shteir, 2011-06-30 A history of shoplifting revealing the roots of our modern dilemma Rachel Shteir's *The Steal* is the first serious study of shoplifting tracking the fascinating history of this ancient crime Dismissed by academia and the mainstream media and largely misunderstood shoplifting has become the territory of moralists mischievous teenagers tabloid television and self help gurus But shoplifting incurs remarkable real life costs for retailers and consumers The crime tax the amount every American family loses to shoplifting related price inflation is more than 400 a year Shoplifting cost American retailers 11.7 billion in 2009 The theft of one 5.00 item from Whole Foods can require sales of hundreds of dollars to break even *The Steal* begins when shoplifting entered the modern record as urbanization and consumerism made London into Europe's busiest mercantile capital Crossing the channel to nineteenth century Paris Shteir tracks the rise of the department store and the pathologizing of shoplifting as kleptomania In 1960s America shoplifting becomes a symbol of resistance when the publication of Abbie Hoffman's *Steal This Book* popularizes shoplifting as an antiestablishment act Some contemporary analysts see our current epidemic as a response to a culture of hyper consumerism others question whether its upticks can be tied to economic downturns at all Few provide convincing theories about why it goes up or down Just as experts can't agree on why people shoplift they can't agree on how to stop it Shoplifting has been punished by death discouraged by shame tactics and protected against by high tech surveillance Shoplifters have been treated by psychoanalysis medicated with pharmaceuticals and enforced by law to attend rehabilitation groups While a few individuals have abandoned their sticky fingered habits shoplifting shows no signs of slowing In *The Steal* Shteir guides us through a remarkable tour of all things shoplifting we visit the Woodbury Commons Outlet Mall where boosters run rampant watch the surveillance footage from Winona Ryder's famed shopping trip and learn the history of antitheft technology A groundbreaking study *The Steal* shows us that shoplifting in its many guises crime disease protest is best understood as a reflection of our society ourselves *Sticky Fingers: Confessions of a Marginally Repentant Shoplifter* Tom Bentley, 2022-07-21 Shopping with Tom Bentley You Won't Need a Receipt There's only one thing more excited than a kid in a candy store a kid in a candy store who can steal as much candy as he needs The same kid later realizes that budgeting for high school is so restrictive why not just steal all those shiny little and big things that caught his eye Tom Bentley was that kid He was a dedicated accomplished shoplifter through his high school years so much so that he treated it as a business taking orders for record albums tape recorders clothes liquor and all sorts of glittery little gewgaws from his peer clients and instructing a small team of fellow five fingerers in matters of the trade During the four year period between age 15 and 19 Bentley was a lunatic thief and became more and more brazen He dribbled basketballs out of stores marched out holding new briefcases as if he were a businessman strolled out with completely unrolled sleeping bags a model student er shoplifter He stopped temporarily only after spending a few days in jail for stealing a bottle of Scotch Budgeting as a high school student can be so restrictive Bentley felt that stealing all the things he needed

seemed to be a reasonable answer Even after graduation That was Bentley s first experience running a business and it was a successful one with some unsuccessful consequences Another detail he was a Catholic altar boy from a nice middle class Southern California family That didn t seem to help with the shoplifting Bentley developed some intriguing shoplifting techniques and shares them here Caution don t try this at home or in any stores Spend some time from the late 60s through the 70s journeying with Tom Bentley as he goes from Southern California to Canada to central Washington to Las Vegas pilfering all the way Sticky Fingers has examples of colorfully bad judgment the cracking of the social contract pangs of conscience and humor it s lively surprising and fun And mostly illegal Shoplifting Maureen J.
