**Shopping Bag Ladies of New York** Joan Roth,1982-01-01      **The Murder of a Shopping Bag Lady** Brian Kates,1987

**Shopping Bag Ladies** Ann Marie Rousseau,1981 Tells the story of homeless urban women their life on the streets and the reasons for their lonely wandering existence Provided by publisher      **The City in Slang** Irving Lewis Allen,1995-02-23

The American urban scene and in particular New York s has given us a rich cultural legacy of slang words and phrases a bonanza of popular speech Hot dog rush hour butter and egg man gold digger shyster buttinsky smart aleck sidewalk superintendent yellow journalism breadline straphanger tar beach the Tenderloin the Great White Way to do a Brodie these are just a few of the hundreds of popular words and phrases that were born or took on new meaning in the streets of New York In *The City in Slang* Irving Lewis Allen traces this flowering of popular expressions that accompanied the emergence of the New York metropolis from the early nineteenth century down to the present This unique account of the cultural and social history of America s greatest city provides in effect a lexicon of popular speech about city life With many stories Allen shows how this vocabulary arose from city streets often interplaying with vaudeville radio movies comics and the popular songs of Tin Pan Alley Some terms of great pertinence to city people today have unexpectedly old pedigrees Rush hour was coined by 1890 for instance and rubberneck dates to the late 1890s and became popular in New York to describe the busloads of tourists who craned their necks to see the tall buildings and the sights of the Bowery and Chinatown The Big Apple itself since 1971 the official nickname of New York appeared in the 1920s though first in reference to the city s top racetracks and to Broadway bookings as pinnacles of professional endeavor Allen also tells fascinating stories behind once popular slang that is no longer in use Spielers for example were the little girls in tenement districts who danced ecstatically on the sidewalks to the music of the hurdy gurdy men and when they were old enough frequented the dance halls of the Lower East Side Following the trail of these words and phrases into the city s East Side West Side and all around the town from Harlem to Wall Street and into the haunts of its high and low life *The City in Slang* is a fascinating look at the rich cultural heritage of language about city life

Homelessness has become a lasting issue of vital social concern As the number of the homeless has grown the complexity of the issue has become increasingly clear to researchers and private and public service providers The plight of the homeless raises many ethical anthropological political sociological and public health questions The most serious and perplexing of these questions is what steps private charitable and public organizations can take to alleviate and eventually solve the problem The concept of homelessness is difficult to define and measure Generally persons are thought to be homeless if they have no permanent residence and seek security rest and protection from the elements The homeless typically live in areas

that are not designed to be shelters e g parks bus terminals under bridges in cars occupy structures without permission e g squatters or are provided emergency shelter by a public or private agency Some definitions of homelessness include persons living on a short term basis in single room occupancy hotels or motels or temporarily residing in social or health service facilities without a permanent address Housing the Homeless is a collection of case studies that bring together a variety of perspectives to help develop a clear understanding of the homelessness problem The editors include information on the background and politics of the problem and descriptions of the current homeless population The book concludes with a resource section which highlights governmental policies and programs established to deal with the problem of homelessness
