

History of glass-making

3500 BCE

The earliest glass artefacts that have been discovered are made in Egypt and Mesopotamia.

650 BCE

The first manual is written explaining different glass-making methods. This writing is later discovered in the library of the last Assyrian king, Ashurbanipal.

1 CE

Glassblowing is invented in Babylon. This technique thrives across ancient Rome, allowing the creation of a huge range of glass shapes quickly and cheaply.

100 CE

After glass' rapid growth in popularity, it now holds much less worth, becoming available beyond the wealthy.

1000

With higher demands for glass spreading worldwide, some cities, such as Alexandria in Egypt, become glass-manufacturing centres.

1590

Glass for telescopes and microscopes is developed in the Netherlands.

1765

After Caspar Lehmann's method for cutting rock crystal into glass in 1600, crystal glass production begins en masse.

1450

Clear and colourless glass, named 'cristallo' glass, is invented by Angelo Barovier.

1226

Broad sheet glass begins production in Sussex. Long balloons of glass are blown and then flattened, producing the first window glass in Britain.

1827

The glass-pressing machine is invented, providing a step forward in mass-produced glassware.

1903

An automatic glassblowing machine is invented by Michael Owens.

1959

Float glass is invented, enabling more control over product thickness.

Brennor,2014-06-17 Y S Brenner is an economist whose main concern is with development and this attitude is reflected in his approach to economic history He begins this seminal study in the era of the Reformation in Europe and bases it on the hypothesis that once started economic progress will spread over ever increasing parts of the earth wherever and whenever conditions become suitable From this point of view he examines the nature of the impediments which prevent the more rapid and general progress of mankind towards greater material affluence while at the same time considering the positive growth promoting factors in the various economies Thus he provides an analysis of economic progress in the developed countries showing which natural social political and cultural forces promoted such progress and which delayed or hindered it He attempts to explain why European nations took several decades to emulate the achievements of Britain and why nations in other parts of the world such as Japan and Russia were unable for a considerable time to match the advances made in parts of Western Europe and the United States Finally he attempts to explain why the developing countries are still finding it so difficult to catch up with the economic progress of the more advanced nations Y S Brenner was Head of the Department of Economics at Cape Coast University in Ghana The book arose from a series of lectures on economic development he delivered there during the years 1966 1967 This book was first published in 1969 *A Short History of the Middle Ages, Volume II* Barbara H. Rosenwein,2014-02-14 Barbara H Rosenwein s bestselling survey text continues to stand out by integrating the history of three medieval civilizations European Byzantine and Islamic in a lively narrative that is complemented beautifully by full color plates maps and genealogies The fourth edition begins with an essay entitled Why the Middle Ages Matter Today and the book now covers East Central Europe in some depth New plates and maps have been added along with a new Seeing the Middle Ages feature The sections for further reading have been updated and ancillary materials including study questions can be found on the History Matters website www.utphistorymatters.com **A Short History of Christianity** Geoffrey Blainey,2013-10-24 For two thousand years Christianity has had a varying but immense influence on world history Accomplished historian Geoffrey Blainey leads us through the history of this world changing religion A Short History of

Christianity vividly describes many of the significant players in the religion's rise and fall through the ages from Jesus himself to Francis of Assisi Martin Luther Francis Xavier John Wesley and even the Beatles who claimed to be more popular than Jesus Blainey takes us into the world of Christian worshipers through the ages from housewives to stonemasons and traces the rise of the critics of Christ and his followers Eminently readable and written with Blainey's characteristic curiosity and storytelling skill this book often places Christianity at the center of world history Will it remain near the center Blainey's narrative illustrates that Christianity's history is a much repeated story of ups and downs
