Short History Of Chinese Communism:

A Short History of Chinese Communism Franklin W. Houn, 1967 Examines the economic cultural and social policies of the Peking regime since 1949 *A Short History of Chinese Communism, Completely Updated* Fu-wu Hou, 1973-01-01 **A**

Short History of Chinese Communism Franklin Willington HOUN, 1967 **A Short History of Communism** Robert Harvey, 2014-12-23 Today global communism seems just a terrible memory an expressionist nightmare as horrific as Nazism and the Holocaust or the slaughter in the First World War Was it only just over a decade ago that stone faced old men were still presiding over workers paradises in the name of the people while hundreds of millions endured grinding poverty under a system of mind controlling servitude which did not hesitate to murder and imprison whole populations in the cause of progress Or that the world seemed under threat from revolutionary hordes engulfing one country after another backed by a vast military machine and the threat of nuclear annihilation In the 1970s with the fall of South Vietnam Cambodia and Laos the march of Marxism Leninism across the world seemed irresistible Less than two decades later the experiment had collapsed leaving perhaps 100 million dead as well as economic devastation spanning continents Even China now increasingly embraces free market economics Only in a few backwaters does communism endure as obsolete as rust belt industry This book is the first global narrative history of that defining human experience It weighs up the balance sheet why did communism occur largely in countries wrenched from feudalism or colonialism to twentieth century modernism rather than as Marx had predicted in developed countries groaning under the weight of a parasitic middle class Were coercion and state planning in fact the only way forward for backward countries What was the explanation for its appeal not least among many highly intelligent observers in the West Why did it grow so fast and collapse with such startling suddenness *A Short History of Communism* sets out the whole epic story for the first time a panorama of human idealism cruelty suffering and courage and provides an intriguing new analysis *A Short History of Chinese Communism* Karl August Wittfogel, 1964

A Short History of Chinese Civilization Richard Wilhelm, 1929 **A Short History of Chinese Communism** Fu-Wu Hou, 1967 **Mao Zedong, Zhou Enlai and the Evolution of the Chinese Communist Leadership** Thomas Kampen, 2000 Analyses the power struggles within the leadership of the Chinese Communist Party between 1931 when several Party leaders left Shanghai and entered the Jiangxi Soviet and 1945 by which time Mao Zedong Liu Shaoqi and Zhou Enlai had emerged as senior CCP leaders In 1949 they established the People s Republic of China and ruled it for several decades Based on new Chinese sources this study challenges long established views that Mao Zedong became CCP leader during the Long March 1934 35 and that by 1935 the CCP was independent of the Comintern in Moscow The result is a critique not only of official Chinese historiography but also of Western especially US scholarship that all future histories of the rise of the CCP and power struggles within the PRC will need to take into account **A Short History of Communism in Asia** Malcolm Duncan Kennedy, 1957 *World Communism, 1964-1969, a Selected Bibliography* United States. Congress.

Senate. Committee on the Judiciary,1971 **A Short History of Asia** Colin Mason,2014-06-24 The nations of Asia now make up more than half of the world s population With increasingly affluent educated middle classes and vigorous innovative industries they are more populous and powerful than ever before and their influence on the rest of the world is only growing Colin Mason provides a clear readable introduction to their histories and traditions from the Stone Age right up to the present day This thoroughly revised updated and expanded third edition contains new chapters on Mongolia Nepal and Bhutan separate expanded chapters on the South Asian nations and revised chapters on all the modern states A new introduction explores the nature and implications of the new politics of guided democracy and the current clash between industrialisation and the consequences of climate change Enriched with maps and a guide to further reading this book is the essential guide to the history of a fascinating continent and its peoples Early Communist China Ronald Suleski,Daniel Bays,2020-08-06 Contains two detailed case studies In The Fu t ien Incident December 1930 Ronald Suleski describes the pivotal incident in the power struggle between Mao Zedong and the Communist Central Committee Daniel Bays s study of Agrarian Reform in Kwangtung 1950 1953 focuses upon the measures taken by the Chinese Communist Party to control and eventually collectivize rural elites in Kwangtung province Communist China: a Bibliographic Survey Army Library (U.S.),1971 **Red Handed Book** University Press,2022-01-23 University Press returns with another short and captivating book a brief history of The Chinese Communist Party In July of 1921 Mao Zedong and a small band of revolutionaries met in secret aboard a small boat in Shanghai and founded the Chinese Communist Party On July 1 2021 Xi Jinping and 70 000 of his most enthusiastic supporters met in Beijing to celebrate the Chinese Communist Party s 100th birthday with a dazzling public spectacle In his fiery speech at the event Mr Xi recounted a long history of the party s accomplishments praised the party for China s impressive rise and predicted that anyone who tried to separate the people from the party would be bashed against the Great Wall of Steel forged by over 1 4 billion Chinese people But Mr Xi s propaganda history lesson conveniently omitted a few things For example he never mentioned Mao s grievously cynical Great Leap Forward campaign in 1958 that culminated in the ghastly starvation of an estimated 45 million Chinese peasants the largest mass murder in human history He never mentioned Mao s Cultural Revolution in 1966 that unleashed brainwashed civilian armies of Red Guards to roam the streets and arbitrarily kill millions of citizens and their cats in a campaign of terror designed to purge the nation of any bourgeois influences And he never mentioned the effects of a ruthless enforcement of the party s one child policy or its iron fisted crackdowns in Beijing Tibet Hong Kong or Xinjiang In more recent decades the party has managed to help China lift 850 million people out of extreme poverty and take its place as one of the world s most powerful and influential nations Only time will tell whether Xi Jinping and the Chinese Communist Party will use their new power to simply consolidate more power for themselves or to tackle serious challenges on behalf of the people of China and the world This short book peels back the veil and provides a clear eyed glimpse into the explosive history of The Chinese Communist Party a glimpse that you can read

in about an hour **The Chinese Communist Party In Power, 1949-1976** Jacques Guillermaz, 2019-07-16 This book traces the history of the Chinese Communist Party's behavior toward itself and the way it has created and developed the regime on the state of affairs at home and abroad and on a compelling ideology dominated by the giant like personality of Mao Tse tung **Mao Tse-Tung's Theory of Dialectic** F.Y.K. Soo, 2012-12-06 The year 1979 ushered in a new phase in China's long and continuous revolution. Currently this new phase is being symbolically referred to by the Chinese leaders themselves as the New Long March, a continuation of the legendary and historical Long March in terms of modernization which comprises the Four Modernizations: Agriculture, Industry, Science and Technology, and Military Defense. Such an all-encompassing attempt at modernization may appear to some at least to be something new or may indicate a radical shift in her policy. But upon closer examination this decision seems only to reflect an historical continuity in terms of the two major long-term goals of the Chinese Revolution: national independence and modernization or industrialization. The former would make China strong; the latter wealthy. For ever since the Opium War in 1840 and throughout the Revolutions of 1911 and 1949, China has always pursued these two revolutionary goals, though with different emphases at different times. This has been especially true during the past three decades as this twofold goal has dictated all of China's important policies, both domestic and foreign. In other words, while the concrete policies may have appeared to be lacking in unity at times, they have been formulated with the specific intent of achieving national independence and modernization. From this perspective, the New Long March marks the passage of post-Mao China beyond the transition of succession toward the continued pursuit of the same revolutionary goals **An Annotated Bibliography of Selected Unclassified Materials Published During 1967 on Problems of Development and Internal Defense**, 1968* Historical Dictionary of Chinese Intelligence I. C. Smith, Nigel West, 2021-02-05 Historical Dictionary of Chinese Intelligence Second Edition covers the history of Chinese Intelligence from 400 B.C. to modern times. The dictionary section has over 400 cross-referenced entries on the agencies and agents, the operations and equipment, the tradecraft and jargon, and many of the countries involved The Statesman's Year-Book 1973-74 J. Paxton, 2016-12-28 The classic reference work that provides annually updated information on the countries of the world External Research, 1964
