Alan S. Milward and Contemporary European History Fernando Guirao, Frances M.B. Lynch, 2015-10-14 Alan S. Milward was a renowned historian of contemporary Europe. In addition to his books as well as articles and chapters in edited books, he also wrote nearly 250 book reviews and review articles, some in French and German, which were published in journals worldwide. Taken together, they reveal a remarkable degree of theoretical consistency in his approach to understanding the history of Europe since the French Revolution. This book brings together these previously unexamined pieces of historical analysis in order to trace and shed light on key intellectual debates taking place in the second half of the 20th century. Many of these discussions continue to influence us today, such as the role of Germany in Europe, the economic, social, and political foundations of European integration, the European rescue of the nation state, the reasons for launching the single currency, the conditions for retaining the allegiance of European citizens to the notions of nation and supra nation, and ultimately the issue of democratic governance in a global environment. In bringing together these reviews and review articles, the book provides an introduction to the main scholarly achievements of Milward in his own words. Fernando Guirao and Frances M.B. Lynch provide an introduction to the volume, which both guides the reader through many of the academic debates embedded within the text while underlining their contemporary relevance. By introducing and bringing together this hitherto overlooked treasure trove of historical analysis, this book maps a close itinerary of some of the most salient intellectual debates of the second half of the 20th century and beyond. This unique volume will be of great interest to scholars of economic history, European history, and historiography.

[Survey of Jewish Affairs, 1987](#) William Frankel, 1988. Addresses major issues of concern about Israel, the Middle East, the United States, and world Jewry during the year 1986, such as the vulnerability and successes of the National Unity Government, the peace process, the Arab League, American Middle East policy, the Waldheim issue, and world Jewish fundamentalism. Contains a chronology of major events of 1985 and 1986.

Genocide on Trial Donald Bloxham, 2001. When the Allies decided to try German war criminals at the end of World War II, they were attempting not only to punish the guilty but also to create a record of what had happened in Europe. This ground-breaking new study shows how Britain and the United States went about inscribing the history of Nazi Germany and the effect their trial and occupation policies had on both long and short-term memory in Germany and Britain. Donald Bloxham here examines the actions and trials of German soldiers and policemen, the use of legal evidence, the refractory functions of the courtroom, and Allied political and cultural preconceptions of both Germanism and of German criminality. His evidence shows conclusively that the trials were a failure: the greatest of all crimes against humanity, the final solution of the Jewish question, was largely written out of history in the post-war era, and the trials failed to transmit the

breadth of German criminality Finally with reference to the historiography of the Holocaust Genocide on Trial illuminates the function of the trials in perpetuating misleading generalizations about the course of the Holocaust and the nature of Nazism

Integrity in the Public and Private Domains Alan Montefiore, David Vines, 2005-06-20 Integrity in the Private and Public Domains explores the issue of public and private integrity in politics the media health science fund raising the economy and the public sector Over twenty essays by well known figures such as Amelie Rorty David Vines the late Hugo Gryn Alan Montefiore and Hilary Lawson present a compelling insight into debates over integrity today A key chapter of the book concerns the highly publicised donation to Oxford University by Gert Rudolf Flick an issue which attracted wide media attention by raising questions of fund raising and the holocaust

Messages of Murder Ronald Headland, 1992 Included among these are descriptions of the main features of the reports and the various stages in their compilation examples and methodology of presentation of the killings and comparisons of reporting procedures and totals of victims shot by each of the four Einsatzgruppen The study begins by noting the post war discovery of the reports and then assumes a roughly chronological sequence in its overall treatment An outline of the major National Socialist agencies and general reporting practices before the war is followed by the events of the war as reflected in the reports Then the postwar life of the reports is examined with particular reference to their use as legal evidence at Nuremberg as well as a consideration of their reliability as historical source material
