sport may certainly have changed over the years but the feat of running 26.2 miles has remained. Perhaps this is why modern day runners find DeMar's Marathon memoir to be as pertinent and informative today as it was in 1937. **What I Talk**

**About When I Talk About Running** Haruki Murakami, 2009-08-11 An intimate look at writing, running and the incredible way they intersect. What I Talk About When I Talk About Running is an illuminating glimpse into the solitary passions of one of our greatest artists. While training for the New York City Marathon, Haruki Murakami decided to keep a journal of his progress. The result is a memoir about his intertwined obsessions with running and writing, full of vivid recollections and insights, including the eureka moment when he decided to become a writer. By turns funny and sobering, playful and philosophical, here is a rich and revelatory work that elevates the human need for motion to an art form. Some Kind of Hero

Matthew Field, Ajay Chowdhury, 2015-10-12 For over 50 years, Albert R. Broccoli's Eon Productions has navigated the ups and downs of the volatile British film industry, enduring both critical wrath and acclaim in equal measure for its now legendary James Bond series. Latterly, this family-run business has been crowned with box office gold and recognised by motion picture academies around the world. However, it has not always been plain sailing. Changing financial regimes forced 007 to relocate to France and Mexico; changing fashions and politics led to box office disappointments and changing studio regimes and business disputes all but killed the franchise. And the rise of competing action heroes has constantly questioned Bond's place in popular culture. But against all odds, the filmmakers continue to wring new life from the series, and 2012's Skyfall saw both huge critical and commercial success, crowning 007 as the undisputed king of the action genre. Some Kind of Hero recounts this remarkable story from its origins in the early 60s right through to the present day and draws on hundreds of unpublished interviews with the cast and crew of this iconic series. The Long-distance Runner

Michael Harrington, 1988-01-01 **Life Is a Marathon** Matt Fitzgerald, 2019-03-26 An endurance athlete and coach reveals how the marathon transforms the lives of everyone who attempts it and how it has helped his own family cope with serious adversity. Step after step for 26.2 miles, hundreds of thousands of people run marathons. But why? What compels people past pain, lost toenails, 5:30 am start times? The Wall Street writer Matt Fitzgerald set out to run eight marathons in eight weeks across the country to answer that question. At each race, he meets an array of runners, from first timers to dad-daughter teams and spouses to people who'd been running for decades, and asks them what keeps them running. But there is another, deeply personal part to Matt's journey: his own relationship to the sport and how it helped him overcome his own struggles and cope with his wife Nataki's severe bipolar disorder. A combination of Matt's own How Bad Do You Want It? and What I Talk About When I Talk About Running, Life Is a Marathon captures the magic of those 26.2 miles. At the end of the day and at the end of the race, the pursuit of a marathon finish line is not unlike the pursuit of happiness. You will pick up the book for a powerful personal story about what running does for the people for whom it does the most. You will put it down with a greater understanding of what it means to be alive in this world. Run to Overcome
