People's Year Book and Traveler's Companion, 1888 A Diary of Darkness Kiyosawa Kiyoshi, 2018-06-05 A Diary of Darkness is one of the most important and compelling documents of wartime Japan Between 1942 and 1945 the liberal journalist Kiyosawa Kiyoshi 1890-1945 kept at great personal risk a diary of his often subversive social and political observations and his personal struggles The diary caused a sensation when it was published in Japan in 1948 and is today regarded as a classic This is the first time it has appeared in English Kiyosawa was an American educated commentator on politics and foreign affairs who became increasingly isolated in Japan as militant nationalists rose to power He began the diary as notes for a history of the war but it soon became an inadvertent autobiography and a refuge for the bitter criticism of Japanese authoritarianism that he had to repress publicly It chronicles growing bureaucratic control over everything from the press to people's clothing Kiyosawa pours scorn on such leaders as Premiers Tojo and Koiso He laments the rise of hysterical propaganda and relates his own and his friends struggles to avoid arrest He writes in gripping detail about increasing poverty crime and disorder He records the sentiments of the local barber as faithfully as those of senior politicians And all the while he traces the gradual disintegration of Japan's war effort and the looming certainty of defeat A Diary of Darkness is a perceptive and courageous account of wartime Japan and a revealing record of the devastation wrought by
