Longtemps Roman:

Roland Barthes at the Collège de France Lucy O'Meara, 2012-01-01 Roland Barthes at the Collège de France studies the four lecture courses given by Roland Barthes in Paris between 1977 and 1980 placing Barthes's teaching within institutional intellectual and personal contexts Theoretically wide ranging Lucy O'Meara's account focuses on Barthes's pedagogical style and the insights they provide into his written works including his focus on essayism and fragmentation and the negotiation between singularity and universality Linking Barthes's strategies to broad intellectual influences from Kant and Adorno to Zen and Taoist philosophies O'Meara reassesses Barthes's critical and ethical priorities in the decade before his death highlighting the vitality of his late thought Bulletin Institut national genevois, 1853 **Зборник радова Византолошког института**, 1966 **Diaries Real and Fictional in Twentieth-Century French Writing** Sam Ferguson, 2018-03-16 This volume is the first study of the diary in French writing across the twentieth century as a genre which includes both fictional and non-fictional works From the 1880s it became apparent to writers in France that their diaries a supposedly private form of writing would probably come to be published strongly affecting the way their readers viewed their other published works and their very persona as an author More than any other André Gide embraced the literary potential of the diary the first part of this book follows his experimentation with the diary in the fictional works *Les Cahiers d'André Walter* 1891 and *Paludes* 1895 in his diary of the composition of his great novel *Le Journal des faux monnayeurs* 1926 and in his monumental *Journal* 1889 1939 1939 The second part follows developments in diary writing after the Second World War inflected by radical changes in attitudes towards the writing subject Raymond Queneau's works published under the pseudonym of Sally Mara 1947 1962 used the diary playfully at a time when the writing subject was condemned by the literary avant-garde Roland Barthes's experiments with the diary 1977 1979 took it to the extremes of its formal possibilities at the point of a return of the writing subject Annie Ernaux's published diaries 1993 2011 demonstrate the role of the diary in the modern field of life writing Throughout the century the diary has repeatedly been used to construct an oeuvre and author but also to call these fundamental literary concepts into question French Readings from Roman History Charles Colbeck, 1886 The Cambridge History of the Novel in French Adam Watt, 2021-02-25 This History is the first in a century to trace the development and impact of the novel in French from its beginnings to the present Leading specialists explore how novelists writing in French have responded to the diverse personal economic socio-political cultural artistic and environmental factors that shaped their worlds From the novel's medieval precursors to the impact of the internet the History provides fresh accounts of canonical and lesser-known authors offering a global perspective beyond the national borders of the Hexagon to explore France's colonial past and its legacies Accessible chapters range widely including the French novel in Sub-Saharan Africa data analysis of the novel system in the seventeenth century social critique in women's writing Sade's banned works and more Highlighting continuities and divergence between and within different periods this
