Alpha Bull Traders, 2019-08-19. Most financial trading books read more like an infomercial than a book; this is different. Would you jump out of an airplane without a parachute? Then why would you start making trades online before you learned what you were doing? It's crazy. But with deep discount brokers making it look so easy for individual investors, it's no wonder consumers today are lulled into a false sense of security. You can't rely on outdated textbooks and strategies anymore. But if you adapt, you can make a considerable fortune with these new market conditions. Here's just a fraction of what you'll discover inside:

- The best brokerage accounts for swing traders; setting this up right can save you 1000 a year in commissions.

- The 1 thing new traders miss about aftermarket trading.
- Get this right and you'll have a huge advantage.
