Historicizing Theory Peter C. Herman, 2012-02-01 Historicizing Theory provides the first serious examination of contemporary theory in relation to the various twentieth century historical and political contexts out of which it emerged Theory a broad category that is often used to encompass theoretical approaches as varied as deconstruction New Historicism and postcolonialism has often been derided as a mere relic of the 1960s In order to move beyond such a simplistic assessment the essays in this volume examine such important figures as Harold Bloom Paul de Man Jacques Derrida Michel Foucault Stephen Greenblatt and Edward Said situating their work in a variety of contexts inside and outside of the 1960s including World War II the Holocaust the Algerian civil war and the canon wars of the 1980s In bringing us face to face with the history of theory Historicizing Theory recuperates history for theory and asks us to confront some of the central issues and problems in literary studies today [Vietnam Today](#), 1987

Lin Piao on "People's War" David P. Mozingo, Thomas W. Robinson, 1965 An interpretation of Chinese Communist policy on the Vietnam war according to Lin Piao's article of 3 September 1965 Long live the victory of people's war The article reveals that Peking since U.S. intervention in Vietnam has come to the following conclusions 1 that the Viet Cong should treat the war as a full fledged national war of resistance against U.S. imperialist invasion 2 that they should substitute a united front strategy abandon mobile warfare and go over to strategic defense and 3 that they should primarily rely on their own resources and revolutionary spirit The authors find that Peking feels the successful outcome of the war will ultimately turn on the global defeat of the U.S. that the United States intends to turn South Vietnam into a colony and that it is preferable to wage a war against the U.S. by proxy of the Vietnamese nation than by a direct confrontation Author *Asia, Australia, and New Zealand* Encyclopaedia Britannica, Inc., 2012-04-01 Updated for 2012 and part of the Britannica Learning Library Series Views of Asia Australia and New Zealand help one learn about the people traditions landscapes and history that make up many of the countries and cities of Asia Australia and New Zealand
