God Only Knows Jeff Sellars, 2015-12-14 The Beach Boys are one of rock's most enduring and enigmatic groups and while the band has been the subject of numerous biographies and other in depth studies there has been no focused evaluation of the religious and spiritual themes in their work Spiritual and theological themes are present in much of their work and when this realization is

coupled with Brian Wilson's mission to spread the gospel of love through records and his sense of music as spiritual of thinking pop music is going to be spiritual that's the direction I want to go this is a striking way to explore the band's music In God Only Knows the contributors attempt to come to grips with just a small amount of this band's massive output by circling around its theological virtues Each section of the book is a loose investigation of the guiding topics of faith hope and love Each essay is a free exploration of theological and spiritual themes from the contributor's own perspectives Inside the Music of Brian Wilson Philip Lambert, 2007-03-19 Inside the Music of Brian Wilson is as author Phillip Lambert writes in the prologue completely and intensely focused on the music of Brian Wilson on the musical essence of his songs and the aesthetic value of his artistic achievements It acknowledges the familiar biographical contexts of his songs but it tells completely new stories about the birth and evolution of his musical ideas identifying important musical trends in his work heretofore undisclosed inter song connections within his music or between his music and that of others and the nature and extent of his artistry It aims not just to identify great songs but to explain exactly what makes them so Lambert a renowned musicologist brings to this work to life with both his professional expertise and an infectious personal appreciation of the power of pop music His clear engaging tone and accessible writing style allows even a musically inexperienced reader to follow him as he traces Wilson's musical evolution with a particular focus on the years leading up to the writing and recording of Pet Sounds and SMiLE albums which many consider to be the masterpieces of his oeuvre Inside the Music of Brian Wilson is the definitive book on Wilson's music and is essential reading for fans of Brian Wilson the Beach Boys and great pop music Includes THREE amazing Appendixes Appendix 1 Brian Wilson Song Chronology Appendix 2 Four Freshmen Albums 1955 1961 Appendix 3 Favorite Songs and Influences Through 1961 The most complete song chronology ever published **Reading Smile** Dale Carter, 2021-05-31 First conceived in 1966 but only completed in 2004 Brian Wilson Presents Smile has been called the best known unreleased album in pop music history and an American Sergeant Pepper Reading Smile offers a close analysis of the recording in its social cultural and historical contexts It focuses in particular on the finished work's subject matter as embodied in Van Dyke Parks' contentious yet little understood lyrics with their low resolution highly allusive portrayals of western expansion's archetypes from Plymouth Rock Massachusetts to Diamond Head Hawaii Documenting their multiple references and connotations it argues that their invocations of national self definition are part of a carefully crafted vision of American identity society and culture both in tune and at odds with the times Critical of the republic's past practices but convinced that its ideals values and myths still provided resources to redeem it the recording is interpreted as a creative musical milestone an enduring product of its volatile radical countercultural times and an American pop art classic Of particular relevance to American Studies and popular culture scholars Reading Smile will also appeal to those interested in 1960s popular music not least to fans of Brian Wilson Van Dyke Parks and the Beach Boys

The Beach Boys , *Catch a Wave* Peter Ames Carlin, 2007-06-26 Brian Wilson was the visionary behind America's

most successful and influential rock band As the leader of the Beach Boys he sold 100 million records and built a catalog of songs that continues to define the sound and feel of American popular music He also became one of the culture's most mysterious and tragic figures but after spending years lost in a wilderness of despair Wilson has fought his way back to productivity Now journalist Carlin who conducted in depth interviews with dozens of sources and listened to hundreds of hours of unreleased studio recordings and live music tells a uniquely American story of the band the music and the culture the Beach Boys both sang about and helped create From publisher description [CMJ New Music Monthly](#) ,1996-12 CMJ New Music Monthly the first consumer magazine to include a bound in CD sampler is the leading publication for the emerging music enthusiast NMM is a monthly magazine with interviews reviews and special features Each magazine comes with a CD of 15-24 songs by well established bands unsigned bands and everything in between It is published by CMJ Network Inc

Turn on Your Mind Jim DeRogatis,2003-01-01 Book Turn On Your Mind Four Decades of Great Psychedelic Rock is a history and critical examination of rock's most inventive genre Whether or not psychedelic drugs played a role and as many musicians say they've used them as not psychedelic rock has consistently charted brave new worlds that exist only in the space between the headphones The history books tell us the music's high point was the Haight Ashbury scene of 1967 but the genre didn't start in San Francisco and its evolution didn't end with the Summer of Love A line can be drawn from the hypnotic drones of the Velvet Underground to the disorienting swirl of My Bloody Valentine from the artful experiments of the Beatles Revolver to the flowing otherworldly samples of rappers P M Dawn from the dementia of the 13th Floor Elevators to the grungy lunacy of the Flaming Lips and from the sounds and sights at Ken Kesey's 60s Acid Tests to those at present day raves Turn On Your Mind is an attempt to connect the dots from the very first groups who turned on tuned in and dropped out to such new millennial practitioners as Wilco the Elephant 6 bands Moby the Super Furry Animals and the so called stoner rock and ork pop scenes

[Van Dyke Parks' Song Cycle](#) Richard Henderson,2010-06-03 Posing more riddles than the average sphinx with its decipherable answers pointing somewhere dark Song Cycle was anything but passive I had already witnessed hippie bands playing with their backs to the hall so the thought of late 60s musicians being interested in their audience struck me as a concept bordering on revolutionary The debut album from songwriter and pianist Van Dyke Parks Song Cycle first appeared in 1968 on Warner Brothers Records Its twelve songs led listeners through Joycean wordplay and sound collages to reveal messages of dissent and personal loss at odds with Parks buoyant riotously eclectic music Monumentally ambitious and equally expensive Song Cycle resembled a film possibly Citizen Kane more than the pop music of its day like Kane Parks masterwork was adored by critics yet all but ignored by paying customers In his efforts to plumb the mysteries of this quixotic record and its subsequent fate Richard Henderson interviews

several of the key figures involved with Song Cycle notably Parks himself and producer Lenny Waronker *Dead Man's Curve* Mark A. Moore,2021-08-02 Jan Berry leader of the music duo Jan Dean from the late 1950s to mid 1960s was an intense character who experienced more in his first 25 years than many do in a lifetime As an architect of the West Coast sound he was one of rock n roll s original rebels brilliant charismatic reckless and flawed As a songwriter music arranger and record producer for Nevin Kirshner Associates and Screen Gems Columbia Music Berry was one of the pioneering self produced artists of his era in Hollywood He lived a dual life reaching the top of the charts with Jan Dean while transitioning from college student to medical student until an automobile accident in 1966 changed his trajectory forever Suffering from brain damage and partial paralysis Jan spent the rest of his life trying to come back from Dead Man s Curve His story is told here in depth for the first time based on extensive primary source documentation and supplemented by the stories and memories of Jan s family members friends music industry colleagues and contemporaries From the birth of rock to the bitter end Berry s life story is thrilling humorous unsettling and disturbing yet ultimately uplifting **Music and the Road** Gordon E. Slethaug,2017-12-02 Brian Wilson and The Beach Boys Bob Dylan Bruce Springsteen and Paul Simon these familiar figures have written road music for half a century and continue to remain highly regarded artists But there is so much more to say about road music This book fills a glaring hole in scholarship about the road and music In a collection of 13 essays *Music and the Road* explores the origins of road music in the blues country western and rock n roll the themes of adventure freedom mobility camaraderie and love and much more in this music the mystique and reality of touring as an important part of getting away from home creating community among performers and building audiences across the country from the 1930s to the present and the contribution of music to popular road films such as *Bonnie and Clyde* *Easy Rider* *Thelma and Louise* and *On the Road* Heroes and Villains David Hajdu,2010-11 *Heroes and Villains* is the first collection of essays by David Hajdu award winning author of *The Ten Cent Plague* *Positively 4th Street* and *Lush Life* Eclectic and controversial Hajdu s essays take on topics as varied as pop music jazz th
