The sins of the father are hilariously visited on the son in this witty and profound novel about the meaning of it all. Stanley Waltz is a Polish American piano mover and pugnacious atheist married to a born again believer. His heroes are H L Mencken and Clarence Darrow and if he confuses illusion with allusion and thinks a certain style of egg is bedeviled that does not mean his reasoning is any less sound. Unfortunately his wife is immune to his intellect and insists not just on saving his soul but on taking their son Tom to the local gospel mission every chance she gets. It is enough to drive a man into the arms of a mistress funny as a crutch and twice as perceptive and that is exactly where Stan goes. This leaves Tom twice as mixed up as the average son. In the second section of this side splitting and thought provoking comedy he is a professor of English at the local college his questions about faith doubt and morality as unresolved as they are inescapable. As an undergraduate he stumbled from girl to girl breaking up with one because she was a nonbeliever another because she was too pious. His marriage to a beautiful professor of comparative religion is no solution. In short order he has an affair breaks his leg leads a funeral procession hopelessly astray and suffers a nervous breakdown. Only a miracle can save him if he can figure out what one might look like. Stanley and Tom Waltz are a father son duo unlike any other and *Let Me Count the Ways* is Peter De Vries at his insightful brilliant lightning witted best.

Disciplinary and Dissent in Cultural Studies Cary Nelson, Dilip Gaonkar, 2013-10-28 First published in 1996 As recently as the early 1990s people wondered what was the future of cultural studies in the United States and what effects its increasing internationalization might have What type of projects would cultural studies inspire people to undertake Would established disciplines welcome its presence and adapt their practices accordingly *Disciplinary and Dissent in Cultural Studies* answers such questions It is now clear that while striking and innovative work is underway in many different fields most disciplinary organizations and structures have been very resistant to cultural studies Meanwhile cultural studies has been subjected to repeated attacks by conservative journalists and commentators in the public sphere Cultural studies scholars have responded not only by mounting focused critiques of the politics of knowledge but also by embracing ambitious projects of social political and cultural commentary by transgressing all the official boundaries of knowledge in a broad quest for cultural understanding This book tracks these debates and maps future strategies for cultural studies in academia and public life The contributors to *Disciplinary and Dissent in Cultural Studies* include established scholars and new voices In a series of polemic and exploratory essays written especially for this book they track the struggle with cultural studies in disciplines like anthropology literature and history and between cultural studies and very different domains like Native American culture and the culture of science Contributors include Arjun Appadurai Michael Denning Lawrence Grossberg Cary Nelson Constance Penley Andrew Ross and Lynn Spigel
