A Real Emergency Joanna Sokol, 2025-06-03. Introspective, richly layered, and surprisingly hopeful. *A Real Emergency* is a love letter from a paramedic to the best and worst parts of her career. For fifteen years, Joanna Sokol filled private notebooks with her confusion, humor, and anger toward the strange world of emergency street medicine. As her career on the ambulance progressed, she found herself taking notes on scraps of paper, the backs of gloves, and in the margins of EKG printouts. She listened to her patients' stories, left food out for their pets, and turned off the stove under their oxtail stews. Once, she read half a poem left in a dead woman's typewriter. She learned about the history that brought ambulances into their current role as the caretakers of society's forgotten and spoke to her colleagues about their own experiences and perspectives. Those reflections are collected here in a series of raw, powerful essays about the state modern healthcare. Sokol's life as a paramedic took her to three different counties, the casinos and trailer parks of the Nevada desert, the cozy beach town of Santa Cruz, and eventually the crowded tenements of San Francisco's Tenderloin district. There are no clear villains or heroes in Sokol's world; only a group of patients and medics who are doing their best in a deeply broken system. Combining impactful research, compassionate reflections on her most memorable patients, and the strong voices of her fellow paramedics, Sokol takes readers deep into the everyday reality of 911 first responders, offering insight, empathy, and a reminder of both the power and limitations of care.

Nourashrafeddin, 2025-05-11. Imagine that you are a child who was born in a large family and during your childhood a revolution took place in your country and everything undergoes change and transformation, and at the same time the country is involved in the longest war of the century, and the worry and stress caused by the war has influenced everything so much that the next generation will call the children who spent their childhood in this era as the burnt generation. Imagine that your mother is illiterate and your father is addicted to heroin and has been imprisoned, and you have had to work for years of your childhood because of family problems. In addition to these, it gets to the point where you realize that you are suffering from vitiligo, an incurable skin disease which gradually swallows your beauty and constantly bothers your soul. What future did you imagine for yourself? What happened to you after forty years?

American Places William Zinsser, 2007. At these and his other iconic destinations, Zinsser unlearned clichéd assumptions and rediscovered fundamental truths about America. Originally published in 1992, *AMERICAN*
