Loony Bin Trip:

The Loony-Bin Trip Kate Millett, 2000 A personal story of Kate Millett's struggle to regain control of her life after falling under an ascription of manic depression **Mad Muse** Jeffrey Berman, 2019-09-03 Many of the well respected scholarly studies of autobiographical writing have little or nothing to say about mental illness This book uncovers the mysterious relationship between mood disorders and creativity through the lives of seven writers demonstrating how mental illness is sometimes the driving force behind creativity Questions of Power Susan J. Hubert, 2002 Questions of Power The Politics of Women's Madness Narratives explores the ways in which women have used autobiographical writing in response to psychiatric symptoms and treatment By addressing health and healing from the patient's perspective the study raises questions about psychiatric practice and mental health policy The ultimate thesis is that autobiographies by women psychiatric patients can expose many of the problems in psychiatric treatment and indicate directions for change BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Depression and Narrative** Hilary Clark, 2008-10-09 Depression and Narrative examines stories of depression in the context of recent scholarship on illness and narrative which up to this point has largely focused on physical illness and disability Contributors from a number of disciplinary perspectives address these narrative accounts of depression by both sufferers and those who treat them as they appear in memoirs diaries novels poems oral interviews fact sheets blogs films and television shows Together they explore the stories we tell about depression its contested causes its gendering the transformations in identity that it entails and the problems it presents for communication associated as it is with stigma and shame Unlike certain physical illnesses such as cancer depression is stigmatized sometimes as a nonproblem the sufferer should snap out of it and sometimes as the slippery slope to madness Thus depression narratives have their work cut out for them This book highlights the work these stories do including bringing meaning to sufferers explaining depression justifying therapies and treatments and reducing the burden of shame accounting for a suffering that is in the end unaccountable Mother Millett Kate Millett, 2020-05-05 Kate Millett's tremulous and hauntingly beautiful memoir begins with a telephone call from Minnesota where her mother is dying Her return home to a severe intelligent and controlling matriarch is the catalyst for a meditation on her upbringing in middle America and her subsequent outcast status as a political activist artist and lesbian Mother Millett is an intensely personal journey through the author's interior life a subject she has visited over the years in such classic texts as *Sita* and *The Loony Bin Trip* In these pages are reflections on a life of political engagement beginning with the sexual politics of the feminist movement proceeding to the struggle for gay liberation and culminating in her campaign for housing rights on the Lower East Side of New York where she and her neighbors currently face eviction Throughout Millett confronts her fears of losing her mother the anchor to a world she has long ago rejected but which continues to define her Echoing Philip Roth's *Patrimony* Millett writes with great poignancy about caring for the person who brought her into the world a role reversal that

brings with it both devastation and grace *Material Feminisms* Stacy Alaimo, Susan J. Hekman, 2008-01-02 Harnessing the energy of provocative theories generated by recent understandings of the human body the natural world and the material world *Material Feminisms* presents a way for feminists to conceive of the question of materiality *Feminist Activism in the 1990s* Gabriele Griffin, 2005-11-01 Feminist activism is often taught as an historical phenomenon and many students entering courses on women's studies are not familiar with current feminist work in the field This book documents a wide variety of different forms of feminist activism in the 1990s from organisations such as Rights for Women and Southall Black Sisters to Asian Women's Work in Refuges It raises questions about the meaning of feminist activism and its interpretation within women's studies and other academic disciplines The chapters suggest against much current representation within women's studies and elsewhere that feminism is still alive With a comprehensive introduction providing an historical overview of the development of feminist activism from second wave feminism onwards this text is intended to be of use as a resource for all students of women's studies and related courses *Madness in Context: Historical, Poetic and Artistic Perspectives*, 2020-09-25 A group of twenty scholars from different disciplinary and cultural backgrounds developed a series of dialogues and discussions on the notion experience and representation of madness This volume is the result of those discussions
