Teaching the Taboo Rick Ayers, William Ayers, 2014-04-01 Rick and William Ayers renew their challenge to teachers to teach initiative to teach imagination to teach the taboo in the new edition of this bestseller Drawing from a lifetime of deep commitment to students teaching and social justice the authors update their powerful critique of schooling and present classroom stories of everyday teachers grappling with many of today's hotly debated issues They invite educators to live a teaching life of questioning to imagine classrooms where every established and received bit of wisdom common sense orthodoxy and dogma is open for examination interrogation and rethinking Teaching the Taboo Second Edition is an insightful guide to effective pedagogy and essential reading for anyone looking to evolve as an educator **War on Hunger**, 1968 **The New Communism** Bob Avakian, 2016-10-15 Nominee 2017 American Book Fest Best Book Awards For anyone who cares about the state of the world and the condition of humanity and agonizes over whether fundamental change is really possible this landmark work provides a sweeping and comprehensive orientation foundation and guide to making the most radical of revolutions a communist revolution aimed at emancipating humanity getting beyond all forms of oppression and exploitation on a world scale The author Bob Avakian is the architect of a new synthesis of communism This new synthesis is a continuation of but also represents a qualitative leap beyond and in some important ways a break with communist theory as it had been previously developed Avakian has written this book in such a way as to make even complex theory accessible to a broad audience In this book he draws on his decades of work advancing the science of communism and his experience as a revolutionary communist leader including leading the Revolutionary Communist Party USA as its Chairman since its founding in 1975 This is a pathbreaking work one that scientifically analyzes the system of capitalism imperialism and its unresolvable contradictions confronts the challenges facing the movement for revolution and forges a way forward to making an actual revolution in this country as part of contributing to communist revolution internationally **Equality** Darrin McMahon, 2024-04-11 This fascinating and refreshing book is more necessary than ever A must read Thomas Piketty Fascinating New York Times WINNER OF THE 2024 JACQUES BARZUN PRIZE IN CULTURAL HISTORY Equality is in crisis Our world is filled with soaring inequalities spanning wealth race identity and nationality Yet how can we strive for equality if we don't understand it As much as we have struggled for equality we have always been profoundly sceptical about it How much do we want and for whom Darrin M McMahon's Equality is the definitive intellectual history tracing equality's global origins and spread from the dawn of humanity through the Enlightenment to today Equality has been reimagined continually in the great world religions and the politics of the ancient world by revolutionaries and socialists Nazis and fascists and post war reformers and activists A magisterial exploration of why equality matters and why we continue to reimagine it Equality offers all the tools to rethink equality anew for our own age **Royal Air Force Quarterly and Commonwealth Air Forces Journal**, 1942 *Appreciating Our Cosmic Bonds* Chidi Giniji, 2008-09 Appreciating Our

Cosmic Bonds introduces the philosophy and definition behind the term Re humanism and how this peaceful and honest way of life could touch the people of this world regardless of religion class or race to enhance a better universe Chidi Giniji instills a wakeup call for mankind by introducing an innovative way to view our universe where people question the meaning of life and earnestly want to know why we are here on earth and why we act the way we do While defining his theory for achieving a harmonious planet Giniji emphasizes that re humanists of diverse backgrounds can co exist peacefully because they recognize the simple truth that we are all children of one human family in one world with one origin and one destiny influenced by one ultimate power In a universe where negativity often abounds a Re humanist regards fellow human beings and all creation with due respect and empathy while holding his or her own being in high esteem and dignity a truly uplifting way to live a life and shape a destiny Appreciating Our Cosmic Bonds encourages those who wish to change the world through their own actions making each new day a day of personal reassessment

Human Rights Makau Mutua,2013-07-03 In 1948 the United Nations adopted the Universal Declaration of Human Rights and with it a profusion of norms processes and institutions to define promote and protect human rights Today virtually every cause seeks to cloak itself in the righteous language of rights But even so this universal reliance on the rights idiom has not succeeded in creating common ground and deep agreement as to the scope content and philosophical bases for human rights Makau Mutua argues that the human rights enterprise inappropriately presents itself as a guarantor of eternal truths without which human civilization is impossible Mutua contends that in fact the human rights corpus though well meaning is a Eurocentric construct for the reconstitution of non Western societies and peoples with a set of culturally biased norms and practices Mutua maintains that if the human rights movement is to succeed it must move away from Eurocentrism as a civilizing crusade and attack on non European peoples Only a genuine multicultural approach to human rights can make it truly universal Indigenous non European traditions of Asia Africa the Pacific and the Americas must be deployed to deconstruct and to reconstruct a universal bundle of rights that all human societies can claim as theirs

Nature's Web Peter Marshall,2015-02-12 This powerful book provides the first comprehensive overview of the intellectual roots of the worldwide

environmental movement from ancient religions and philosophies to modern science and ethics and synthesizes them into a new philosophy of nature in which to ground our moral values and social action It traces the origins and evolution of the dominant worldview that has built our industrial technocratic man centered civilization and brought us to the current ecological crisis At the same time it uncovers an alternative cultural tradition in the world s different religions and philosophies and describes how these ideas are now surfacing and coalescing to form an ecological sensibility and a new vision of nature which recognizes the inter relatedness of all living things Finally this book integrates these varied traditions with modern physics and the science of ecology into a larger philosophical whole that provides the environmental movement with a comprehensive vision of an organic and sustainable society in harmony with nature As ecological disasters continue to threaten our planet becoming worse with every passing moment of indifference it has become clear that we must take action We must change our relationship with nature and return to the days when our lives were intimately connected to and dependent upon the natural world Nature s Web lays the foundations for that change by explaining where our complex ideas about nature come from why they are wrong and what we can do to change them

Rethinking European Social Democracy and Socialism Alan Granadino, Stefan Nygård, Peter Stadius, 2022-03-21 With a combined focus on social democrats in Northern and Southern Europe this book crucially broadens our understanding of the transformation of European social democracy from the mid 1970s to the early 1990s In doing so it revisits the transformation of this ideological family at the end of the Cold War and before the launch of Third Way politics and examines the dynamics and power relations at play among European social democratic parties in a context of nascent globalisation The chronological methodological and geographical approaches adopted allow for a more nuanced narrative of change for European social democracy than the hitherto dominant centric perspective This book will be of key interest to scholars and students of social democracy the European Centre left political parties ideologies and more broadly to comparative politics and European politics and history The Introduction chapter of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

The Sovereign Psyche Ezra Aharon, 2016-04-30 The Sovereign Psyche is not just the title of the book More importantly The Sovereign Psyche is the motivating consciousness intellect and willpower that is necessary to materialize what the book defines as Self Authentic Freedom as opposed to Chattel Freedom Chattel freedom is when the value of a people is predicated upon the extent to which they serve the interests and institutions of others As such this work asserts that there is no such thing as intellectual or institutional equality and that Black African people have been unknowingly thrust into an intellectual and institutional war where second place finishers either experience varying degrees of chattel freedom or they could end up dead Regardless of the issue genuine solutions entail what we as Black African people intellectually and institutionally do for ourselves If Black Lives Matter we must channel the end uses of our intellect and the

resources of our institutions to not only prove and enforce it but also leverage powers to penalize and or repudiate violators Although this work centers upon Black African people the sovereign functions and frameworks herein are universal in application being that today's world rotates upon systems of sovereignty and power not beliefs in democracy or equality In this context the sovereign concepts and criteria presented are far more rational than radical The central question is to what extent will Black African people harness the willpower and employ the intellect of The Sovereign Psyche to actualize our own systems and institutions of self authentic freedom government and development without apology or permission This work offers the ideological apparatus to make this possible just as others are doing all around the globe Congressional Record United States. Congress,1974 **Barbara Ward** Jean Gartlan,2010-12-30 The first major study of the immensely influential political economist Barbara Ward drawing heavily on her own writings Monthly Labor Review ,1968-11 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews End of a Dynasty Andrew Maloney,2004 After winning three consecutive World Series championships myriad problems befall the Buffalo Pioneers starting with a dying owner a crumbling stadium and a superstar the club can no longer afford Tensions in the front office and egos in the clubhouse spill over onto the field depriving the Pioneers of the chemistry that brought them glory As the team is ripped apart by free agency drug controversies and personal rivalry old school manager Jack Vaughn does his best to keep the ship together only to be overcome by the economics of baseball and the immense problems of his own personal life As Jack's relationship with general manager Trent Blair disintegrates beyond repair and he finds himself in the twilight of his own storied career he is forced to come to the realization that nothing lasts forever Is baseball doomed in Buffalo Can the Pioneers ever hope to replicate the glory of their halcyon years End of a Dynasty shows the alienation that can occur in professional baseball between the players and its devoted fans as greed and egoism threaten to ruin the majestic innocence the game provides for those who love it **Reading Postcolonial Theory** Bibhash Choudhury,2016-02-26 This book is an essential introduction to significant texts in postcolonial theory It looks at seminal works in the moments of their making and delineates the different threads that bind postcolonial studies Each chapter presents a comprehensive discussion of a major text and contextualises it in the wake of contemporary themes and debates The volume Studies major texts by foremost scholars Edward W Said Chinua Achebe Albert Memmi Gayatri Chakravorty Spivak Paul Carter Homi Bhabha Frantz Fanon Ashis Nandy Robert J C Young Ngũgĩ wa Thiong'o and Sara Suleri Shifts focus from colonial experience to underlying principles of critical engagement Uses accessible jargon free language Focused engaging and critically insightful this book will be indispensable to students and scholars of literary and cultural studies comparative literature and postcolonial studies *This Day in New York Sports* Jordan Sprechman,Bill Shannon,1998 While not a picture book in the traditional sense *This Day in New York Sports* is a bit of a family photo album It is the album of the family of New York sports over more than 150 years as expressed by a series of daily entries on each day of the year Within the book you'll find famous

members of the family and also those little noted nor long remembered Day by day as you scroll through the years you will be introduced or may be re introduced to the names who made New York sports one of the most interesting and compelling dramas in the social history of America for the last century and a half Laws and Societies in Global Contexts Eve Darian-Smith,2013-01-31 This text promotes a more global sociolegal perspective that engages with multiple laws and societies and diverse sociolegal systems based on very different historical and cultural traditions interacting on multiple local national and global levels The approach to global legal pluralism seeks to provide a framework for envisioning new global governance regimes that move beyond state based solutions to deal with trenchant transnational challenges

African Political Economy in the Twenty-First Century Ernest T. Aniche,Stephen N. Azom,Emeka C. Iloh,2023-09-12 African Political Economy in the Twenty First Century Theories Perspectives and Issues edited by Emeka C Iloh Ernest T Aniche and Stephen N Azom fills the gap in the discourses on African political economy from an African perspective Since the end of colonialism in the second half of the twenty first century a wide ranging debate has opened on the future of African development and the nature and character of its political economy especially as it concerns its web of relationships in the

international political and economic system Two decades into the twenty first21st century the debate still rages on and is likely to continue for a long time This book contributes to the debate by addressing the important question of how African countries can strategically and tactically approach global political economy at multilateral continental and regional levels in view of North South versus South South configurations African Political Economy in the Twenty First Century further suggests how African countries can effectively utilize global forces to Africa s advantage in advancing domestic regional and continental development objectives
