Krishna Goswami, 2012-06-15 A C Bhaktivedanta Swami Prabhupada 1896-1977 founder of the Hare Krishna Movement
traced his lineage to the fifteenth century Indian saint Sri Chaitanya He authored more than fifty volumes of English
translation and commentaries on Sanskrit and Bengali texts serving as a medium between these distant authorities and his
modern Western readership and using his writings as blueprints for spiritual change and a revolution in consciousness He
had to speak the language of a people vastly disparate from the original recipients of his tradition's scriptures without
compromising fidelity to the tradition Tamal Krishna Goswami claims that the social scientific philosophical and insider forms
of investigation previously applied have failed to explain the presence of a powerful interpretative device a mahavakya or
great utterance that governs and pervades Prabhupada's living theology of devotion on bhakti For Prabhupada the wide
range of vedic subject matter is governed by the axiomatic truth Krishna is the Supreme Personality of Godhead Goswami's
academic training at the University of Cambridge his thirty years experience as a practitioner and teacher and his extensive
interactions with Prabhupada as both personal secretary and managerial representative afforded him a unique opportunity to
understand and illuminate the theological contribution of Prabhupada In this work Goswami proves that the voice of the
scholar practitioner can be intimately connected with his tradition while sustaining a mature critical stance relative to his
subject A Living Theology of Krishna Bhakti includes a critical introduction and conclusion by Graham M Schweig *Arts &
