Politique Des Sexes

JR Anderson

Politique Des Sexes:

Politique des sexes Sylviane Agacinski, 1998 Propose une philosophie de la mixité qui rompt avec les modèles masculins et certains aspects du féminisme Critiquant Simone de Beauvoir l'auteur affirme l'urgence pour les femmes d'abandonner l'opposition entre destin biologique et liberté , **Forum d'information sur les politiques nationales en matière d'égalité entre les femmes et les hommes : actes, Budapest (Hongrie), 6-8 novembre 1995** Conseil de l'Europe. Comité européen pour l'égalité entre les femmes et les hommes. Forum (1995 : Budapest), 1996-01-01 **Anthropologica** , 2000 **Anthropologica** , 2000 **Parity of the Sexes** Sylviane Agacinski, 2001 Agacinski's articulation of the theory of parity helped inspire a law that went into effect in May 2000 requiring France's political parties to fill 50 percent of the candidacies in every race with women Agacinski's model of parity does not strive for the nebulous ideal of equality between the sexes instead it demands a concrete formula for political contests an equal number of female and male candidates in every election This theory that has sparked impassioned debate across France and around the globe **Women, Feminism, and Femininity in the 21st Century** B. Mousli, E. Roustang-Stoller, 2009-05-11 American women look at French women as having it all sex motherhood work and public office while French women look at American women as puritanical excessively feminist and unable to have it all without guilt The essays in this book by leading American and French academics and critics set the record straight by assessing the truth of each outlook They conclude that facts are different from imagination and that on many issues French feminists could actually look to the U S for inspiration This book offers the first comparative critical appraisal of how women live in the US and in France and suggests paths of reflection on what women can do to improve their lives in the twenty first century This is a must read for anyone interested in the nature of womanhood today in the Western World **Femmes** R. Celestin, Eliane Françoise DalMolin, 2000 First Published in 2001 Routledge is an imprint of Taylor Francis an informal company **Contemporary French Feminism** Kelly Oliver, Lisa Walsh, 2004-09-23 Have we entered a historical moment of post feminism This volume presents a timely and convincing no These essays demonstrate that there is a new generation of French women who take up questions of equality and difference from a position distinct from either first or second wave feminism a position that often attempts to move beyond the binary of equality and or difference to a new form of the individual **Forgotten Engagements** Angela Kershaw, 2007 Study of the contribution made by women writers to politically committed literature in 1930s France to bring to light the work of female authors of left wing fiction such as Madeleine Pelletier Simone T ry Edith Thomas Henriette Valet and Louise Weiss It shows how women were able to relate to fiction and to politics in inter war France situating the novels within their social historical literary and political environment **Redescriptions** Pasi Ihalainen, 2006 The 2006 volume of *Redescriptions* has two main themes the political principles and practices of democratic political representation and the temporal dimension of politics discussed in six articles and two review articles Different principles and organizational arrangements play a key role in theories of

political representation in the democratization of suffrage and in the present debates on the modes of equal representation of women The articles discussing the proper time for politics also refer to issues closely connected to debates on democracy and representation today

Sex, Sea, and Self Jacqueline Couti,2021 Sex Sea and Self is a timely and original contribution to French Caribbean studies that expands scholarly work on Caribbean thought which does not start with Aim C saire s N gritude or Frantz Fanon s disalienation and the creation of a new humanity but with overlooked yet pivotal texts written between 1924 1948

The Gendering of Inequalities Jane Jenson,Jacqueline Laufer,Margaret Maruani,2020-09-29 This was first published in 2000 This work is founded on the premise that many analyses of economic restructuring and of gender relations fail to recognize two things First the situation facing women is different from that of the 1960s when the conceptual apparatuses for analyzing women and work were created Labour markets are dominated by flexible non standard work precarious contractual relations and income disparities Therefore it is difficult to structure political claims or analysis around the notion that there is a single labour market that the primary problem is discrimination or inappropriate training and that political strategies should focus on discrimination and non traditional employment Rather new challenges require new solutions The second point of departure is that is is impossible to understand either contemporary labour markets or the roots of employment and other public policies without locating them vis a vis patterns of gender inequalities generated by and in these labour markets The labour force has been feminized to such an extent that new and often unequal gender relations are crucial to their very functioning

The Columbia History of Twentieth-century French Thought Lawrence D. Kritzman,Brian J. Reilly,2006 Unrivalled in its scope and depth The Columbia History of Twentieth Century French Thought assesses the intellectual figures movements and publications that helped shape and define fields as diverse as history and historiography psychoanalysis film literary theory cognitive and life sciences literary criticism philosophy and economics More than two hundred entries by leading intellectuals discuss developments in French thought on such subjects as pacifism fashion gastronomy technology and urbanism Contributors include prominent French thinkers many of whom have played an integral role in the development of French thought and American British and Canadian scholars who have been vital in the dissemination of French ideas

Beyond French Feminisms R. Célestin,E. DalMolin,I. Courtivron,2016-04-30 This volume a collection of essays by a number of high profile personalities working in philosophy literature sociology cinema theatre journalism and politics covers a number a of recent and crucial developments in the field of French Feminisms that have made a reassessment necessary Beyond French Feminisms proposes to answer the question what is new in French Feminism at the beginning of the twenty first century The essays reflect the shift from the theoretical and philosophical approaches that characterized feminism twenty years ago to the more social and political questions of today Topics include the parit and PACS debates the France USA dialogue the multicultural issues and the new trends in literature and film by women

Handbook of Parliamentary Studies Cyril Benoît,Olivier Rozenberg,2020-11-27 This

comprehensive Handbook takes a multidisciplinary approach to the study of parliaments offering novel insights into the key aspects of legislatures legislative institutions and legislative politics Connecting rich and diverse fields of inquiry it illuminates how the study of parliaments has shaped a wider understanding surrounding politics and society over the past decades

Women Roger Célestin, 2012-11-12 Published in 2001 *Women* is a valuable contribution to the field of Performance

The Gay Republic Enda McCaffrey, 2023-01-13 The French Republic does not discriminate or differentiate between individuals in terms of gender difference or ethnicity However recent legislation has enshrined the rights of gays and lesbians and it is this legislation that has inspired the author to examine the unique relationship between the Republic and its citizens in this case gay and lesbian citizens The author assesses the impact the new legislation has had on France as a democratic multicultural republic founded on equality of citizenship and on the lesbian and gay community caught between inclusion and exclusion The book combines approaches from sociology political science legal studies cultural studies and the study of gender and sexuality and will appeal to academics and postgraduates in these fields

Parité! Joan Wallach Scott, 2007-11-01 France today is in the throes of a crisis about whether to represent social differences within its political system and if so how It is a crisis defined by the rhetoric of a universalism that takes the abstract individual to be the representative not only of citizens but also of the nation In *Parité* Joan Wallach Scott shows how the requirement for abstraction has led to the exclusion of women from French politics During the 1990s le mouvement pour la parité successfully campaigned for women's inclusion in elective office with an argument that is unprecedented in the annals of feminism The paritaristes insisted that if the abstract individual were thought of as sexed then sexual difference would no longer be a relevant consideration in politics Scott insists that this argument was neither essentialist nor separatist it was not about women's special qualities or interests Instead parité was rigorously universalist and for that reason was both misunderstood and a source of heated debate

Gender and Citizenship in the Global Age Amri, Laroussi, Ramtohul, Ramola, 2015-03-01 One of the major issues this book examines is what the African experience and identity have contributed to the debate on citizenship in the era of globalisation The volume presents case studies of different African contexts illustrating the gendered aspects of citizenship as experienced by African men and women Citizenship carries manifold gendered aspects and given the distinct gender roles and responsibilities globalisation affects citizenship in different ways It further examines new forms of citizenship emerging from the current era dominated by a neoliberal focus The book is not exclusive in terms of theorisation but its focus on African contexts with an in depth analysis taking into consideration local culture and practices and their implications for citizenship provides a good foundation for further scholarly work on gender and citizenship in Africa
