

RUSSIA UNDER THE BOLSHEVIK REGIME

*"Bound to become a classic... [a] great work of political, moral and historical elucidation."
—Philadelphia Inquirer*

RICHARD PIPES

Russia Under The Bolshevik Regime

Mark Sandle

Russia Under The Bolshevik Regime:

Russia Under the Bolshevik Regime Richard Pipes, 2011-05-04 From the acclaimed authority on Russia and the Russian Revolution the final volume in his magisterial history of the Russian Revolution covering the period from the outbreak of the Civil War in 1918 to Lenin's death in 1924 Offers a penetrating analysis of the making of the Soviet system It is a passionate book whose outstanding scholarship is rooted in universal values like truth honor responsibility and the sacredness of human life Philadelphia Inquirer Timely The work is enriched in intriguing ways by the author's access to the once secret archives of the Soviet Union Los Angeles Times *Russia Under the Bolshevik Regime, 1919-1924* Richard Pipes, 1995 **The Russian Revolution** Richard Pipes, 1991-11-05 A groundbreaking inclusive history of the Russian Revolution for those who want to discover what really happened to Russia The New York Times Book Review A monumental study Wall Street Journal enthralling in its narrative of a movement whose purpose in the words of Leon Trotsky was to overthrow the world The Russian Revolution draws conclusions that have aroused great controversy Richard Pipes argues convincingly that the Russian Revolution was an intellectual rather than a class uprising that it was steeped in terror from its very outset and that it was not a revolution at all but a coup d'état the capture of governmental power by a small minority

The Cossack Struggle Against Communism, 1917-1945 Brent Muegggenberg, 2020-01-17 The downfall of tsarism in 1917 left the peoples of Russia facing an uncertain future Nowhere were those anxieties felt more than among the Cossacks The steppe horsemen had famously guarded the empire's frontiers stampeded demonstrators in its cities suppressed peasant revolts in the countryside and served as bodyguards to its rulers Their way of life intricately bound to the old order seemed imperiled by the revolution and especially by the Bolshevik seizure of power Many Cossacks took up arms against the Soviet regime providing the anticommunist cause with some of its best warriors as well as its most notorious bandits This book chronicles their decades long campaign against the Bolsheviks from the tumultuous days of the Russian Civil War through the doldrums of foreign exile and finally to their fateful collaboration with the Third Reich **Blissful Blindness** Dariusz Tolczyk, 2023-09-05 The most heinous Soviet crimes the Red Terror brutal collectivization the Great Famine the Gulag Stalin's Great Terror mass deportations and other atrocities were treated in the West as a controversial topic With the Cold War dichotomy of Western democracy versus Soviet communism deeply imprinted in our minds we are not always aware that these crimes were very often questioned dismissed denied sometimes rationalized and even outright glorified in the Western world Facing a choice of whom to believe the survivors or Soviet propaganda many Western opinion leaders chose in favor of Soviet propaganda Even those who did not believe it behaved sometimes as if they did Blissful Blindness explores Western reactions and lack thereof to Soviet crimes from the Bolshevik revolution to the collapse of Soviet communism in order to understand ideological political economic cultural personal and other motivations behind this puzzling phenomenon of willful ignorance But the significance of Dariusz Tolczyk's book reaches beyond its direct historical focus Written for audiences not

limited to scholars and specialists this book not only opens one's eyes to rarely examined aspects of the twentieth century but also helps one see how astonishingly relevant this topic is in our contemporary world **Debates on Stalinism** Mark

Edele,2020-06-11 Debates on Stalinism introduces major debates about Stalinism during and after the Cold War Did Stalinism form a system in its own right or was it a mere stage in the overall development of Soviet society Was it an aberration from Leninism or the logical conclusion of Marxism Was its violence the revenge of the Russian past or the result of a revolutionary mindset Was Stalinism the work of a madman or the product of social forces beyond his control The book shows the complexities of historiographical debates where evidence politics personality and biography are strongly entangled Debates on Stalinism allows readers to better understand not only the history of history writing but also contemporary controversies and conflicts in the successor states of the Soviet Union in particular Russia and Ukraine **The Titans of**

the Twentieth Century Michael Mandelbaum,2024-08-06 An engaging and original historical portrait of eight of the most influential political figures of the twentieth century Woodrow Wilson Lenin Hitler Churchill FDR Gandhi David Ben Gurion and Mao The Titans of the Twentieth Century addresses an age old question what is the impact of individuals on history The first half of the twentieth century offered political leaders enormous scope for changing the world This book consists of essays about eight who for better and for worse did just that Woodrow Wilson had a vision for a cooperative world order that failed after the First World War but gained in influence after the Second Vladimir Ilich Lenin founded the totalitarian communist political system that controlled a large part of the planet for much of the twentieth century Adolf Hitler started history's worst war and presided over history's worst atrocity the Holocaust Winston Churchill provided inspiring leadership to Great Britain which made it possible to defeat Nazi Germany in World War II Franklin D Roosevelt steered the United States through the Great Depression and the Second World War Mohandas Gandhi led the movement and developed the philosophy of non violence that ended British rule in South Asia paving the way for the end of empires throughout Asia and Africa David Ben Gurion led the miraculous restoration of Jewish sovereignty in the Holy Land Mao Zedong imposed totalitarian communist rule on China and became history's most egregious mass murderer Individually each chapter offers fresh and often surprising portraits of the twentieth century's titans Collectively the essays present a vivid and revealing portrait of a turbulent half century that shaped the world of today Karl W. Ryavec,2005 This unique study provides an

original nitty gritty view of the true nature and operation of Russia's state bureaucracy from the imperial period to the present including the Putin presidency The only book length exploration of the problems and deficiencies of Russian bureaucracy since tsarist times this detailed work sheds important new light on Russian public administration an often overlooked but key barrier to Russian normalization and democratization The Age of the Dictators D.G.

Williamson,2013-11-05 The Age of the Dictators presents a comprehensive survey of the origins and interrelationship of the European dictatorships All the regimes are addressed with ample coverage of the period 1939-45 and analysis of the Soviet

government up to Stalin's death in 1953 Exploring their ideological and political roots and the role of the First World War in their rise to power David Williams identifies the dictatorships as products of their time He examines the Soviet Italian Fascist and Nazi dictatorships as well as the authoritarian regimes in Spain Portugal Eastern Europe and the Balkans providing an analysis of each as an entity of how they evolved and related to one another and to what extent they were a common response to life after the First World War Mindful of historiographical issues the textbook attends to the arguments of key historians and includes a list of relevant sources to assist students in their study of the period Combining an accessible succinct writing style with a broad historical scope *The Age of the Dictators* is an illuminating and thorough account of a fascinating period in world history

Russia under Western Eyes Martin E Malia, 2009-06-30 A dazzling work of intellectual history by a world renowned scholar spanning the years from Peter the Great to the fall of the Soviet Union this book gives us a clear and sweeping view of Russia not as an eternal barbarian menace but as an outermost if laggard member in the continuum of European nations

Revolutionary Europe Gavin Murray-Miller, 2020-02-06 CHOICE Outstanding Academic Title 2021 *Revolutionary Europe* is an original examination of radical political movements during Europe's long 19th century It employs both national and transnational contexts incorporating new debates in Atlantic history empire studies and cultural history to give a comprehensive narrative of the period from 1775 to 1922 Rather than assessing revolution as a purely theoretical socially driven force or a structural phenomenon the book presents revolution as a process of community building and cultural identification born from instances of acute social and political crisis Taking into account various moments of political upheaval during the 19th century including the French Russian and 1848 revolutions it explores the ways in which political actors attempted to construct new definitions of sovereignty and social unity in a period characterized by vast social economic and governmental change In a wide ranging text that covers Britain and much of continental Europe in detail as well as reaching out to the Americas and Atlantic and Mediterranean Worlds Gavin Murray Miller provides an authoritative transnational study of revolution in the 19th century age of high nationalism

To Overthrow the World Sean McMeekin, 2024-09-10 From an award winning historian a new global history of Communism When the USSR collapsed in 1991 the world was certain that Communism was dead Today three decades later it is clear that it was not While Russia may no longer be Communist Communism and sympathy for Communist ideas have proliferated across the globe In *To Overthrow the World* Sean McMeekin investigates the evolution of Communism from a seductive ideal of a classless society into the ruling doctrine of tyrannical regimes Tracing Communism's ascent from theory to practice McMeekin ranges from Karl Marx's writings to the rise and fall of the USSR under Stalin to Mao's rise to power in China to the acceleration of Communist or Communist inspired policies around the world in the twenty first century McMeekin argues however that despite the endurance of Communism it remains deeply unpopular as a political form Where it has arisen it has always arisen by force Blending historical narrative with cutting edge scholarship *To Overthrow the World* revolutionizes our

understanding of the evolution of Communism an idea that seemingly cannot die *A Short History Of Soviet Socialism*
Mark Sandle, 2003-09-16 Mark Sandle is Lecturer in Russian and East European History at De Montfort University This book is intended for undergraduate courses on 20th century Soviet history the Cold War European history Soviet studies History of political thought Marxism Leninism The Left **The Gates of Hell** Matthew Heise, 2022-05-11 The gates of hell shall not prevail Decimated by war revolution and famine the Evangelical Lutheran Church of Russia was in critical condition in 1921 In The Gates of Hell Matthew Heise recounts the bravery and suffering of German Russian Lutherans during the period between the two great world wars These stories tell of ordinary Christians who remained faithful to death in the face of state persecution Christians in Russia had dark days characterized by defeat but God preserved his church Against all human odds the church would outlast the man made sandcastles of communist utopianism The Gates of Hell is a wonderful testimony to the enduring power of God's word Christ's church and the Spirit's faithfulness **Three "Whys" of the Russian Revolution** Richard Pipes, 1997-05-27 America's foremost authority on Russian communism the author of the definitive studies The Russian Revolution and Russia Under the Bolshevik Regime now addresses the enigmas of that country's 70 year enthrallment with communism Succinct lucidly argued and lively in its detail this book offers a brilliant summation of the life's work of one of America's great historians Washington Post Book World The author has distilled his arguments concerning several key questions Why did tsarism fall Why did the Bolsheviks triumph Why did Stalin succeed Lenin The book based on lectures given at the Institute for Human Sciences in Vienna has a nicely colloquial feel clarity and vigor At the heart of the answers to the first two questions is Pipes's assertion that far from being the product of large impersonal forces of history the fall of the tsar and the rise to power of the Bolsheviks in he reminds us a coup d'etat largely unsupported by the Russian people were the result of the old regime's clear failings and Lenin's genius for manipulation and appetite for total power Stalin succeeded Lenin Pipes asserts because Lenin had so successfully suppressed all elements of democracy that no alternatives were possible A concise and eminently straightforward summary of current research on the rise and nature of Communism in Russia Kirkus **The Russian Revolution 1899-1919** Richard Pipes, 1992 February revolution Lenin Bolshevism One party state Murder of the Imperial family Red terror Mensheviks Bloody Sunday Karl Marx *Railway Age*, 1919 **Stalin** Stephen Kotkin, 2014 An extensively researched portrait of the Soviet dictator covers his rise from humble origins the inner power structure of the Bolshevik regime and the early formation of Stalin's fabricated trial process
European War pamphlets, 1914 **Russia Under the Old Regime** Richard Pipes, 1992 The author traces with compelling detail the evolution of the Russian state where the Tsar claimed to own the land and its inhabitants as if they were his own personal property Professor Pipes analyzes the political behavior of Russia's peasantry nobility and bourgeoisie as well as its clergy showing why none of them could limit the absolute power of the state He discusses how the intelligentsia challenged the Tsars power leading to increased repression and Russia's development as a bureaucratic police state This

sweeping epic brings Russia's turbulent history to life and helps us better understand the roots of modern Russia
