Russian America The Great Alaskan Ventur

Ilya Vinkovetsky

Russian America The Great Alaskan Venture:

Russian America Hector Chevigny, 1973 **Russian America** Ilya Vinkovetsky, 2011-04-06 From 1741 until Alaska was sold to the United States in 1867 the Russian empire claimed territory and peoples in North America In this book Ilya Vinkovetsky examines how Russia governed its only overseas colony illustrating how the colony fit into and diverged from the structures developed in the otherwise contiguous Russian empire Russian America was effectively transformed from a remote extension of Russia's Siberian frontier penetrated mainly by Siberianized Russians into an ostensibly modern overseas colony operated by Europeanized Russians Under the rule of the Russian American Company the colony was governed on different terms than the rest of the empire a hybrid of elements carried over from Siberia and imported from rival colonial systems Its economic labor and social organization reflected Russian hopes for Alaska as well as the numerous limitations such as its vast territory and pressures from its multiethnic residents it imposed This approach was particularly evident in Russian strategies to convert the indigenous peoples of Russian America into loyal subjects of the Russian Empire Vinkovetsky looks closely at Russian efforts to acculturate the native peoples including attempts to predispose them to be more open to the Russian political and cultural influence through trade and Russian Orthodox Christianity Bringing together the history of Russia the history of colonialism and the history of contact between native peoples and Europeans on the American frontier this work highlights how the overseas colony revealed the Russian Empire's adaptability to models of colonialism

Hawai'i's Russian Adventure Peter R. Mills, 2002-02-28 In the early 1800s thousands of American and European traders arrived in Hawai'i to lay in supplies for the long trip east or to take on Hawaiian sandalwood which commanded a high price in China In response to this developing global economy in the Pacific Russia expanded its trading outposts as far as western Kaua'i and together with Kaua'i chiefs began planning the construction of Fort Elisabeth in Waimea in 1816 A year later the structure was abandoned by the Russians but as Peter Mills argues convincingly a long and significant history of the fort remains to be told even after its Russian one had ended Seeking to redress the imbalance that exists between the colonized and the colonizers in Pacific historiography Mills examines the fort and its place in the history of Kaua'i under paramount chief Kaumuali'i and in relation to the expanding kingdom of Kamehameha and his successors His work exposes how Hawaiians have been ignored in their own history and challenges commonly held assumptions such as Kamehameha's unification of the Islands in 1810 and the victimization of Kaumuali'i by representatives of the Russian American Company Using hundreds of firsthand accounts in combination with field archaeology Mills shows that the fort was originally built and used by Hawaiians as a heiau ritual temple After the Russians' departure Hawaiians continued to use the fort but in ways that reflected an ongoing transformation of cultural values provoked by contact with outsiders and the development of multiethnic communities in Waimea and other port settlements throughout the Hawaiian chain Hawai'i's Russian Adventure is an original look at a significant chapter in the history of Hawai'i It overturns many popular myths and

perceptions about the fort at Waimea and about European and Hawaiian interaction in the first half of the nineteenth century while delving into some of the central issues in historical anthropology colonialism and the development of global networks

Russian Colonization of Alaska ,2020-11 In Russian Colonization of Alaska Baranov s Era 1799 1818 Andrei Val terovich Grin v examines the sociohistorical origins of the former Russian colonies in Alaska or Russian America The formation of the Russian American Company and the concentration in the hands of Aleksandr Baranov of all the power in south and southeast Alaska s Russian settlements marked a new stage in the history of Russian America Expanding and strengthening Russian possessions in the New World as much as possible Baranov acted in favor of his country before himself in accordance with the principle people for the empire and not the empire for the people Russian Colonization of Alaska is the first comprehensive study to analyze the origin and evolution of Russian colonization based on research into political economy history and ethnography Grin v s study elaborates the social political spiritual ideological personal and psychological aspects of Russian America accounting for the idiosyncrasies of the natural environment competition from other North American empires and challenges from Alaska Natives and individual colonial diplomats Rather than being simply a continuation of Russians colonization of Siberia the colonization of Alaska was instead part of overarching Russian and global history

Congressional Record United States. Congress,1965 **The Yukon River** Tim McNeese,2005 Features the history and geography of each river Documents how these waterways were corridors for exploration cultural exchange conflict migrations trade and economic development Meets high school social studies standards *Mount McKinley* Fred Beckey,1998-12-31 A classic of mountaineering literature Beckey s name is synonymous with mountaineering in Alaska Canada and the western US Peppered with personal anecdotes and unique photographs This biography of Alaska s Mount McKinley presents a complete history of one of the world s great mountains Author and famed mountaineer Fred Beckey starts with McKinley s geology and covers early human history from native associations with Denali to the influx of Russian fur traders and American prospectors The mountaineering history of McKinley follows with a look at the gold seekers and surveyors who were among the first to map the region Beckey examines the efforts of those who raced to be first on McKinley s summit and details the first complete ascent by Hudson Stuck in 1913 The chronology continues with profiles of notable summit attempts including those of the author himself Also included is information about the challenges and logistics of climbing Mount McKinley with information on planning permits suggested routes and what to expect Personal anecdotes and previously unpublished photographs make this volume a must have for historians and climbers everywhere

Belligerents, Brinkmanship, and the Big Stick John M. Dobson,2009-07-14 This encyclopedia offers authoritative coverage of the concepts traditions events and individuals that shaped United States foreign relations from the American Revolution to the present Belligerents Brinkmanship and the Big Stick A Historical Encyclopedia of American Diplomatic Concepts is the first comprehensive encyclopedic work to focus specifically on America s extraordinary history of political

engagement with the world With hundreds of alphabetically organized entries and a rich collection of primary sources it offers a unique way of understanding the centrality of diplomacy and the role of foreign relations throughout U S history The encyclopedia is divided into five chronological sections each containing a brief introduction topical entries biographical portraits and representative documents It is designed to help readers gain a deeper understanding of both general ideas as well as specific policies like the Monroe Doctrine the Open Door Policy and Shuttle Diplomacy By examining seminal events important ideas and individual contributions in the context of U S history the encyclopedia reveals the underlying traditions and motivations of American foreign policy as it has evolved over time *Special Bibliographic Series* US Army Military History Research Collection,1976 Exploring North America, 1800-1900 Maurice Isserman,2005 This text covers African Americans in the western fur trade The artist as predator John James Audubon The discovery of South Pass How Alexander Mackenzie inspired the Lewis and Clark Expedition Jack London and the romance of Alaska Thomas Jefferson s study of North American geography The transcontinental railroad surveys of the 1850s *Historical Dictionary of U.S. Diplomacy from the Revolution to Secession* Debra J. Allen,2012-09-13 Historical Dictionary of U S Diplomacy from the Revolution to Secession covers the period from 1776 when the nation declared its independence from Great Britain through 1861 when the Civil War presented the biggest challenge to the continuation of the republican experiment Probably the most common misconception about the diplomatic history of this period is that American leaders tried to stay isolated from world events when in fact the early United States was part of one grand interwoven tapestry of nations The Historical Dictionary of U S Diplomacy from the Revolution to Secession relates the events of this crucial period in American history through a chronology an introductory essay and several hundred cross referenced dictionary entries on key persons places events institutions and organizations This book is an excellent access point for students researchers and anyone wanting to know more about American diplomacy **Routes** James Clifford,1997-04-21 When culture makes itself at home in motion where does an anthropologist stand Clifford offers a new view of anthropology It is he says a moving picture of a world that reveals itself en route In this collage of essays meditations poems and travel reports Clifford takes travel and translation as openings into a complex modernity Catalogue Raisonné of the Alaska Commercial Company Collection, Phoebe Apperson Hearst Museum of Anthropology Nelson H. H. Graburn,Molly Lee,Jean-Loup Rousset,Alaska Commercial Company Collection,1996 This book documents with photographs and complete descriptions the more than 2 200 Native Alaskan Eskimo Aleut Northwest Coast and Athapaskan objects originally collected by the Alaska Commercial Company and donated to the University of California in 1897 Introducing the catalogue are essays on the historical background and cultural context and significance of the collection Also included are indexes of personal and geographical names and a concordance *Books on Early American History and Culture, 1961-1970* Raymond D. Irwin,2007-02-28 Each entry within this guide outlines scholarly books authors editors and publishers that exhibit the most useful information for research Following each detailed citation is

a brief summary of the book Each book listed covers a wide variety of subjects in American history including Native Americans slavery gender and migration to rural life agriculture politics government and communication This volume is part of a series of annotated bibliographies on early American history and culture Extensive indexes thematic chapters and book summaries will assist any researcher in an easy manner Aside from outlining fantastic scholarly books this book includes chapters on general early American history historiography and public history to name a few This is the only comprehensive guide to early American history and culture for this period and it indicates which books from the 1960s have been most influential in the journal literature of the past twenty five years

The Chinook Indians Robert H. Ruby, John A. Brown, 1976 The Chinook Indians who originally lived at the mouth of the Columbia River in present day Oregon and Washington were experienced traders long before the arrival of white men to that area When Captain Robert Gray in the ship Columbia Rediviva for which the river was named entered the Columbia in 1792 he found the Chinooks in an important position in the trade system between inland Indians and those of the Northwest Coast The system was based on a small seashell the dentalium as the principal medium of exchange The Chinooks traded in such items as sea otter furs elkskin armor which could withstand arrows seagoing canoes hollowed from the trunks of giant trees and slaves captured from other tribes Chinook women held equal status with the men in the trade and in fact the women were preferred as traders by many later ships captains who often feared and distrusted the Indian men The Chinooks welcomed white men not only for the new trade goods they brought but also for the new outlets they provided Chinook goods which reached Vancouver Island and as far north as Alaska The trade was advantageous for the white men too for British and American ships that carried sea otter furs from the Northwest Coast to China often realized enormous profits Although the first white men in the trade were seamen land based traders set up posts on the Columbia not long after American explorers Lewis and Clark blazed the trail from the United States to the Pacific Northwest in 1805 John Jacob Astor s men founded the first successful white trading post at Fort Astoria the site of today s Astoria Oregon and the North West Company and the Hudson s Bay Company soon followed into the territory As more white men moved into the area the Chinooks began to lose their favored position as middlemen in the trade Alcohol new diseases such as smallpox influenza and venereal disease intertribal warfare and the growing number of white settlers soon led to the near extinction of the Chinooks By 1851 when the first treaty was made between them and the United States government they were living in small fragmented bands scattered throughout the territory Today the Chinook Indians are working to revive their tribal traditions and history and to establish a new tribal economy within the white man s system

"Friends in Peace and War" C. Douglas Kroll, 2007 Great friendship existed between the United States and Imperial Russia during the nineteenth century The Old World Russian autocracy supported the young New World democracy because of the emerging U S role as a bulwark against Great Britain s ambitions in Asia and in the North Pacific Ocean region especially In fact when the American Civil War threatened to divide the United States

Russia alone among the European great powers gave no aid or comfort to the seceding states The surprise 1863 arrival of squadrons of Russian warships and thousands of Russian sailors in New York and San Francisco proved fortuitous coming when the Union feared British and French intervention on the Confederacy's behalf C Douglas Kroll using both Russian and U S documents investigates why the Russian Pacific Squadron came to San Francisco a port of departure for California and Nevada gold headed east what happened during its nearly year long visit and how its presence influenced events With the units of the U S Navy's small Pacific Squadron widely dispersed and Confederate commerce raiders on the loose the Russians arrival suggested to onlookers that they intended to defend the Union against interference Whether actively supporting the Union or training and refitting or both the Russian officers and sailors endeared themselves to San Francisco's citizens Parades and balls as well as dinners hosted by both sides helped San Franciscans overlook the various differences they had with their Russian visitors Kroll gives us a thorough examination of the Russians visit and its social diplomatic and military impact

The Northwest Coast Barry M. Gough, 2011-11-01 The voyages of Cook and Vancouver heralded a vast influx of irrepressible Europeans fur traders whalers administrators visitors missionaries miners botanists and sailors people of every class and distinction They came to conquer the Pacific its islands and its continents for God gold and glory They brought with them their morals ideologies knowledge technology plants and animals They also brought diseases rum and guns They brought with them powers to build and powers to destroy from the Epilogue The Northwest Coast was irrevocably changed the day that Captain James Cook sailed into Nootka Sound in 1778 Cook's discovery of the sea otter population along the coast initiated the maritime fur trade which in turn led to feverish competition among several nations especially Britain Russia and the United States as well as the celebrated rivalry between Spain and Britain for control of Nootka By 1812 a toe hold of British empire was established and the aboriginal way of life was shattered The Northwest Coast documents Britain's rise to pre eminence in this far flung corner of the empire It shows how the relentless activities of its commercial interests the adroit use of its naval power and the steely resolve of its diplomats secured British claims to dominion and rights to trade along the Northwest Coast Written by a leading maritime scholar and based on fresh research into known manuscripts and printed works on Pacific trade and exploration this book incorporates new interpretations on exploration and commercial activity in this area It documents the interaction often violent between British sailors and aboriginal people depicts many of the rivalries among British mariners and examines various claims to the discovery of the Northwest Passage The Northwest Coast significantly expands and updates the author's award winning book Distant Dominion Gough's compelling narrative combined with his extensive use of quotations from the journals and correspondence of explorers and merchant traders provide insights into the motives and attitudes of these early pioneers of the empire

Merchant Kings Stephen R. Bown, 2010-12-07 Commerce meets conquest in this swashbuckling story of the six merchant adventurers who built the modern world It was an era when monopoly trading companies were the unofficial agents of European expansion controlling

vast numbers of people and huge tracts of land and taking on governmental and military functions They managed their territories as business interests treating their subjects as employees customers or competitors The leaders of these trading enterprises exercised virtually unaccountable dictatorial political power over millions of people The merchant kings of the Age of Heroic Commerce were a rogues gallery of larger than life men who for a couple hundred years expanded their far flung commercial enterprises over a sizable portion of the world They include Jan Pieterszoon Coen the violent and autocratic pioneer of the Dutch East India Company Peter Stuyvesant the one legged governor of the Dutch West India Company whose narrow minded approach lost Manhattan to the British Robert Clive who rose from company clerk to become head of the British East India Company and one of the wealthiest men in Britain Alexandr Baranov of the Russian American Company Cecil Rhodes founder of De Beers and Rhodesia and George Simpson the Little Emperor of the Hudsons Bay Company who was chauffeured about his vast fur domain in a giant canoe exhorting his voyageurs to paddle harder so he could set speed records Merchant Kings looks at the rise and fall of company rule in the centuries before colonialism when nations belatedly assumed responsibility for their commercial enterprises A blend of biography corporate history and colonial history this book offers a panoramic new perspective on the enormous cultural political and social legacies good and bad of this first period of unfettered globalization

Indian War Sites Steve Rajtar, 2015-07-11 From the Seminole Wars to the Little Big Horn the history of Americas native peoples and their contacts with those seeking to settle or claim a new land has often been marked by violence The sites of these conflicts unlike many sites related to the American Revolution and the War Between the States are often difficult to locate and information on these battles is frequently sketchy or unclear This reference work provides essential information on these sites The arrangement is by state with sections for Canada and Mexico Each entry has information about how to find the site tours museums and resources for further study In addition there is a chronological list of battles and other encounters between Indians and non Indians including dates location in the text and the larger conflict of which each battle was a part There is an index of battle locations and an index of prominent people involved The bibliography and site listings are cross referenced for further research

Steller's Island Dean Littlepage, 2006 History adventure and science the 18th century naturalist Georg Steller sailed to the north coast of North America and introduced its biological wonders to the world

Russian America The Great Alaskan Ventur Book Review: Unveiling the Power of Words
