Ingle, 1976

Count Karl Nesselrode Russian foreign minister 1816 1856 was a controversial figure in the government of Nicholas I The rapprochement with Britain perhaps his finest achievement was opposed at every step by Russians who regarded Britain as a rival It was later condemned by tsarist historians as an example of the cosmopolitan diplomacy that weakened their country in competition with the Western powers Soviet historians have followed their lead asserting that it was against national interests But Nesselrode did avoid war in a series of dangerous confrontations in Asia and the Near East outmaneuvering opponents who wanted to meet Britain head on and he managed to extricate Russia from diplomatic isolation at the same time Finally he advanced bipartisanship in an agreement on the Eastern Question that led to the renewal of the European concert He was working to extend the areas of cooperation particularly by promoting freer trade and commerce when his opponents more effectively countered his influence in the mid 1840s Jacket flap

Nicholas I and Official Nationality in Russia, 1825- 1855 Nicholas Valentine Riasanovsky, *Imperial Russian Foreign Policy* Hugh Ragsdale, V. N.

Ponomarev, 1993-10-29 *Imperial Russian Foreign Policy* aims to demythologise a field hitherto dominated by suspicions of diabolical cunning inscrutable motives and international plots using unseen forces of the gigantic fear inspiring empire of the tsar The contributors leading historians from both Russia and the West examine Imperial foreign policy from its origins to the October Revolution revealing a policy that as in other countries had a complex of motives commerce nationalism the interests of various social groups but an unusual origin coming almost exclusively from the entourage of the tsar The work is based largely on original research in Soviet archives which only became possible after Soviet glasnost

Problems of Communism, 1952 **Nicholas I and Official Nationality in Russia 1825 - 1855** Nicholas V. Riasanovsky, 2023-04-28 *Nicholas I and Official Nationality in Russia 1825 1855* developed from a much more modest interest in Uvarov's doctrine of Orthodoxy autocracy and nationality During the author's study of the Slavophiles in particular he became increasingly aware of the paucity of our knowledge of this so called Official Nationality frequently combined with a deprecating attitude toward it Unable to find a satisfactory analysis of the subject the author proceeded to write his own This book largely organized itself an exposition and discussion of the ideology naturally occupied the central position preceded by a brief treatment of its proponents But Official Nationality reached beyond intellectual circles lectures and books indeed for thirty years it ruled Russia Therefore the author found it necessary to write a chapter on the emperor who in effect personally dominated and governed the country throughout his reign to add a section on the imperial family the ministers and some other high officials to an account of the intellectuals who supported the state and to sketch the application of Official Nationality both in home affairs and in foreign policy In this manner this title is able to bring the state doctrine and its role in Russian history into proper focus This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology

This title was originally published in 1969 Nicholas I and Official Nationality in Russia 1825 1855 developed from a much more modest interest in Uvarov s doctrine of Orthodoxy autocracy and nationality During the author s study of the Slavophiles in particular he became increasingly aware of Russia and the Making of Modern Greek Identity, 1821-1844 Lucien J. Váli, 2019-12-01 Originally published in 1971 With Atatürk s guiding reforms Turkey underwent a sweeping modernization of the country s administration More specifically by adopting the Latin alphabet secularizing the country s governance and importing European laws and jurisprudence Mustafa Kemal Atatürk effectively reformed the Republic of Turkey into a secular modern nation state In doing so he introduced a number of foreign policy commitments Ferenc A Váli examines the flexibility of Turkey s foreign commitments in light of the country s modernization depending on the circumstance Turkey s foreign policy has wavered between Western alliance and neutrality Examining Turkey s foreign policy in the twentieth century Váli provides historical background for Turkey s transition from an empire to a nation state Váli also assesses Turkey s relations with NATO Western allies Russia the Baltic States and the Middle East For his research Váli conducted interviews with officials of the Turkish Ministry for Foreign Affairs political party leaders academics journalists and members of diplomatic missions **Palmerston and Metternich's Austria, 1830-1841** Jiří Vyčichlo, 2025-03-03 This book aims to analyze the international policies of Viscount Palmerston and Prince Metternich during the years 1830 1841 The focus of this work is on the pivotal role of British diplomacy in Europe during a period marked by the outbreak of the July Revolution the dissolution of the United Kingdom of the Netherlands the November Uprising significant events in the German Confederation and the Papal States as well as the civil wars in Portugal and Spain and the two Egyptian Ottoman wars The clash between Palmerston and Metternich stands out Both men were at the forefront of European foreign relations and were symbols of two different political currents This work aims to challenge the traditional view of Palmerston as a progressive statesman who defended the freedom of European liberalism and Metternich as a reactionary who opposed social modernization The text highlights the motives behind British foreign policy which were centred on promoting national interests often at the expense of cooperation among the Great Powers in contrast to the Austrian Chancellor s efforts to

foster the best possible relations within the Concert of Europe **Biography of an Empire** Christine M. Philliou, 2011 This vividly detailed revisionist history opens a new vista on the great Ottoman Empire in the early nineteenth century a key period often seen as the eve of Tanzimat westernizing reforms and the beginning of three distinct histories ethnic nationalism in the Balkans imperial modernization from Istanbul and European colonialism in the Middle East Christine Philliou brilliantly shines a new light on imperial crisis and change in the 1820s and 1830s by unearthing the life of one man Stephanos Vogorides 1780 1859 was part of a network of Christian elites known phanariots institutionally excluded from power yet intimately bound up with Ottoman governance By tracing the contours of the wide ranging networks crossing ethnic religious and institutional boundaries in which the phanariots moved Philliou provides a unique view of Ottoman power and ultimately of the Ottoman legacies in the Middle East and Balkans today What emerges is a wide angled analysis of governance as a lived experience at a moment in which there was no clear blueprint for power
