Russian Fascism Stephen Shenfield, 2016-07-08 First Published in 2001 This study presents a thorough analysis of facism its manifestations in Russian political and cultural history and facist tendencies and movements in contemporary Russian society

Russian Fascism: Traditions, Tendencies and Movements Stephen Shenfield, 2015-02-12 This study presents a thorough analysis of facism its manifestations in Russian political and cultural history and facist tendencies and movements in contemporary Russian society

Russian Radical Right in Exile, 1918-1945 Zbyněk Vydra, 2025-06-30 This book examines the development of the Russian radical right in exile between 1918 and 1945 The radical right which represented one of the most prominent groups of Russian political exiles both continued its pre revolutionary activities and at the same time was inspired by new ideologies of the interwar period primarily fascism Offering a comprehensive comparative analysis of the political activities and political thinking of individual groups of the radical right this book shows the groups political connections and radical right activities Groups included monarchists new groups founded by the younger generation of political for example the so called Mladorossy Young Russians Fascists Russian military migr s and the Russian Orthodox Church Abroad The biographical chapter examines leading ideologist of the monarchist right wing emigration philosopher Ivan Alexandrovich Ilyin This book demonstrates that the radical right represented one of the prominent political currents of Russian emigration This book is especially important in that contemporary right wing radicalism in Russia draws on the thinking of these right wing exiles very extensively It will be of interest to researchers in modern Russian history Russian emigration and right wing radicalism as well as 20th century history

Russian Nationalism Marlene Laruelle, 2018-10-10 This book by one of the foremost authorities on the subject explores the complex nature of Russian nationalism It examines nationalism as a multilayered and multifaceted repertoire displayed by a myriad of actors It considers nationalism as various concepts and ideas emphasizing Russia s distinctive national character based on the country s geography history Orthodoxy and Soviet technological advances It analyzes the ideologies of Russia s ultra nationalist and far right groups explores the use of nationalism in the conflict with Ukraine and the annexation of Crimea and discusses how Putin s political opponents including Alexei Navalny make use of nationalism Overall the book provides a rich analysis of a key force which is profoundly affecting political and societal developments both inside Russia and beyond

Russian Nationalism and the National Reassertion of Russia Marlene Laruelle, 2009-05-07 This book considers a wide range of aspects of Russian nationalism focussing on the Putin period It discusses the development of Russian nationalism including in the Soviet era examines how it relates to ideology culture racism religion and intellectual thinking and its affects on Russian society politics and foreign policy

Putinism - Post-Soviet Russian Regime

Ideology Mikhail Suslov, 2024-02-23 A key question for the contemporary world What is Putin's ideology This book analyses this ideology which it terms Putinism It examines a range of factors that feed into the ideology conservative thought in Russia from the nineteenth century onwards Russian and Soviet history and their memorialisation Russian Orthodox religion and its political connections a focus on traditional values and Russia's sense of itself as a unique civilisation different from the West and due a special respected place in the world The book highlights that although the resulting ideology lacks coherence and universalism comparable to that of Soviet era Marxism Leninism it is nevertheless effective in aligning the population to the regime and is flexible and applicable in different circumstances And that therefore it is not attached to Putin as a person is likely to outlive him and is potentially appealing elsewhere in the world outside Russia especially to countries that feel belittled by the West and let down by the West's failure to resolve problems of global injustice and inequality Russian Society and the Orthodox Church Zoe Knox, 2004-06-02 Russian Society and the Orthodox Church examines the Russian Orthodox Church's social and political role and its relationship to civil society in post Communist Russia It shows how Orthodox prelates clergy and laity have shaped Russians attitudes towards religious and ideological pluralism which in turn have influenced the ways in which Russians understand civil society including those of its features pluralism and freedom of conscience that are essential for a functioning democracy It shows how the official church including the Moscow Patriarchate has impeded the development of civil society while on the other hand the non official church including nonconformist clergy and lay activists has promoted concepts central to civil society **Russian Fascism** Stephen D. Shenfield, 2001-02-05 Will Russia's fragile and flawed democracy meet the same fate as interwar Germany's Weimar Republic That is the question that prompts this meticulous analysis of fascism its manifestations in Russian political and cultural history and fascist tendencies and movements in contemporary Russia The author devotes chapters to the many Russian political parties movements and organizations that have been labeled or mislabeled as fascist He critically examines each in terms of program leadership and organizational effectiveness Against the background of the current climate of opinion and events in Russia he concludes with a careful attempt to weigh the prospects for a fascist outcome *Is Russia Fascist?* Marlene Laruelle, 2021-03-15 In *Is Russia Fascist* Marlene Laruelle argues that the charge of fascism has become a strategic narrative of the current world order Vladimir Putin's regime has increasingly been accused of embracing fascism supposedly evidenced by Russia's annexation of Crimea its historical revisionism attacks on liberal democratic values and its support for far right movements in Europe But at the same time Russia has branded itself as the world's preeminent antifascist power because of its sacrifices during the Second World War while it has also emphasized how opponents to the Soviet Union in Central and Eastern Europe collaborated with Nazi Germany Laruelle closely analyzes accusations of fascism toward Russia soberly assessing both their origins and their accuracy By labeling ideological opponents as fascist regardless of their actual values or actions geopolitical rivals are able to frame their own vision of the world and claim the moral high ground Through a detailed examination of the

Russian domestic scene and the Kremlin's foreign policy rationales Laruelle disentangles the foundation for meaning and validity of accusations of fascism in and around Russia Is Russia Fascist shows that the efforts to label opponents as fascist is ultimately an attempt to determine the role of Russia in Europe's future Russian Conservatism Paul Robinson,2019-10-15 Russian Conservatism examines the history of Russian conservative thought from the beginning of the nineteenth century to the present Robinson charts the contributions made by philosophers politicians and others during the Imperial Soviet and post Soviet periods Looking at cultural political and social economic conservatism in Russia Russian Conservatism demonstrates that such ideas are helpful in interpreting Russia's present as well as its past and will be influential in shaping Russia's future for better or for worse in the years to come *Russian Active Measures* Olga Bertelsen,2021-03-30 The contributions gathered in this fascinating collection in which scholars from a diverse range of disciplines share their perspectives on Russian covert activities known as Russian active measures help readers observe the profound influence of Russian covert action on foreign states policies cultures people's mentality and social institutions past and present Disinformation forgeries major show trials cooptation of Western academia memory and cyber wars and changes in national and regional security doctrines of states targeted by Russia constitute an incomplete list of topics discussed in this volume Most importantly through a nexus of perspectives and through the prism of new documents discovered in the former KGB archives the texts highlight the enormous scale and the legacies of Soviet Russian covert action Because of Russia's annexation of Crimea in 2014 and its on going war in Ukraine's Donbas Ukraine lately gained international recognition as the epicenter of Russian disinformation campaigns invigorating popular and scholarly interest in conventional and non conventional warfare The studies included in this collection illuminate the objectives and implications of Russia's attempts to ideologically subvert Ukraine as well as other nations Examining them through historical lenses reveals a cultural clash between Russia and the West in general **Living the Independence Dream: Ukraine and Ukrainians in Contemporary Socio-Political Context** Lada Kolomiyets,2024-09-03 For many Ukrainians 1991 was a crucial point when their long held dream of independence came true The image of the future life in independent Ukraine was then almost identical to folklore images of Ukraine as the land of milk and honey Living the Independence Dream takes a multi dimensional look at the period of regained independence as a time of advancement towards the realization of collective dreams shaping the post Soviet nation even through everyday disappointments anxiety and uncertainty The collection features personal accounts of several generations of Ukrainians who found themselves displaced by political upheavals in foreign lands as well as the voices of recently displaced people who left the Donbas or other regions of Ukraine following the outbreak of the Russian aggression It revisits the legacy of Soviet dissidents and explores the ideologies of Ukrainian language revival and the ways that memory and language construct Ukrainian identity and generate vital energy amidst war The collection Living the Independence Dream aims to analyze the agency of contemporary Ukrainian people and the role of

media literature and digital folklore in creating new messages meanings and values formed during the Independence decades

Russian Literature, 1988-1994 Norman N. Shneidman, 1995-12-15 The collapse of the Soviet Union brought about radical changes in the Russian literary world With the state's relinquishment of control over literary production writers acquired freedom of expression and publication State publishing houses now self supporting enterprises stopped printing money losing books and turned to foreign detective novels and erotic literature effecting a considerable shift in popular taste The writer no longer a producer of ideology has been recast as a struggling competitor in a free market environment Focusing on the current Russian literary scene Russian Literature 1988 1994 examines these recent changes Beginning with a general overview of the political intellectual and social atmosphere in the country and its effect on artistic creativity Shneidman surveys the period's literature He considers the work of succeeding generations of prose fiction writers the old guard the writers of the intermediate generation and the younger authors of perestroika whose works first appeared in print after Gorbachev's ascent to power The writing of this last group is divided into three categories novels written in the style of conventional Russian realism works that combine realistic prose with modernist narrative techniques and the body of work that constitutes Russian post modernism Exploring artistic and social issues in an integrated manner the volume will be of interest not only to students of Russian literature but also to those concerned with the culture and social life of the former Soviet Union

Russian Exceptionalism between East and West Kevork Oskanian, 2021-06-22 This monograph provides a novel long term approach to the role of Russia's imperial legacies in its interactions with the former Soviet space It develops Hybrid Exceptionalism as a critical conceptual tool aimed at uncovering the great power's self positioning between East and West and its hierarchical claims over subalterns situated in both civilizational imaginaries It explores how in the Tsarist Soviet and contemporary eras distinct civilizational spaces were created and maintained through narratives and practices emanating from Russia's ambiguous relationship with Western modernity and its part identification with a subordinated Orient The Romanov Empire's struggles with Russianness the USSR's Marxism Leninism and contemporary Russia's combination of feigned liberal and civilizational discourses are explored as the basis of a series of successive civilising missions through an interdisciplinary engagement with official discourses scholarship and the arts The book concludes with an exploration of contemporary policy implications for the West and the former Soviet states themselves

The Russian Revolutions of 1917 Kari Aga Myklebost, Jens Petter Nielsen, Andrei Rogatchevski, 2020-04-14 The year 2017 saw a multitude of conferences and exhibitions devoted to the centenary of the Russian Revolutions both in Russia and in other parts of the world The commemoration of this event would be incomplete without an exploration of its Northern dimension in October 2017 UiT The Arctic University of Norway hosted the conference The Russian Revolutions of 1917 The Northern Impact and Beyond Norway and Russia are both northern states and the two countries have a common border in the High North Some articles in this volume based on the conference proceedings investigate the impact of the Russian

Revolution in Norway and Sweden while others deal with the High North e.g. the Revolution and Civil War in Northern Russia and the radicalization of the workers movement of Northern Norway some are also devoted to representations of the Russian Revolution at exhibitions and on the big screen *Eurasianism and the European Far Right* Marlene Laruelle, 2015-07-01

The 2014 Ukrainian crisis has highlighted the pro Russia stances of some European countries such as Hungary and Greece and of some European parties mostly on the far right of the political spectrum They see themselves as victims of the EU technocracy and liberal moral values and look for new allies to denounce the current mainstream and its austerity measures These groups found new and unexpected allies in Russia As seen from the Kremlin those who denounce Brussels and its submission to U.S. interests are potential allies of a newly re-assertive Russia that sees itself as the torchbearer of conservative values Predating the Kremlin's networks the European connections of Alexander Dugin the fascist geopolitician and proponent of neo Eurasianism paved the way for a new pan European illiberal ideology based on an updated reinterpretation of fascism Although Dugin and the European far right belong to the same ideological world and can be seen as two sides of the same coin the alliance between Putin's regime and the European far right is more a marriage of convenience than one of true love This unique book examines the European far right's connections with Russia and untangles this puzzle by tracing the ideological origins and individual paths that have materialized in this permanent dialogue between Russia and Europe *Jewish Policies and Right-wing Politics in Imperial Russia* Hans Rogger, 1986-01-01

Religion and Secular Modernity in Russian Christianity, Judaism, and Atheism Ana Siljak, 2024-11-15 Religion and Secular Modernity in Russian Christianity Judaism and Atheism is a multifaceted account of the engagement between religion and the secular in Russia's Christian Jewish and atheist traditions Ana Siljak brings together an interdisciplinary group of leading scholars to present unique perspectives on the secularization dynamic in Russia and the Soviet Union telling stories about theologians sects churches poets and artists From the Jewish Christian priest Alexander Men to the cross dressing poet Zinaida Gippius to the Soviet promoter of Yiddish theater Solomon Mikhoels Religion and Secular Modernity in Russian Christianity Judaism and Atheism gives a voice to a variety of actors who have grappled with the possibilities of faith and unbelief in an industrialized modern and seemingly secular world Now more than ever as one narrative of Russia's religious history dominates official Russian accounts alternative perspectives of the relationship between Russian religion and secularism should be highlighted and emphasized

The Politicization of Russian Orthodoxy Anastasia V Mitrofanova, 2005-07-26 This book analyzes the ideologies of politicized Orthodox Christianity in today Russia including fundamentalism pan Slavism neo Eurasianism Orthodox communism and nationalism Apart from textual analysis the volume provides a description of the specific subculture of political Orthodoxy i.e. its language symbols art mass media hangouts and dresscode This study represents the first scholarly examination of these topics Unlike other publications on the politicization of Orthodoxy it is focused not on the political ambitions of the Russian Orthodox Church ROC but on political movements

ideologically based on their own interpretations of the Orthodox doctrine often contravening the canonical version The book demonstrates that the political Orthodox or Orthodox patriots are a specific branch of believers who frequently do not practice Orthodoxy properly inventing instead their own quasi Orthodox rituals The volume shows that the ROC is not responsible for such religious politicization and that the community of the political Orthodox is rather guided by religiously oriented lay intellectuals The book provides a brief analysis of this intellectual community Finally the volume demonstrates that even in the absence of significant electoral achievements some religio political Orthodox movements namely fundamentalists and nationalists have been able to gain public support at the grassroots level They have been able to infiltrate larger and more moderate political organizations thus contributing to a general Orthodoxization of Russian political discourse

If you ally compulsion such a referred **Russian Fascism** ebook that will offer you worth, acquire the completely best seller from us currently from several preferred authors. If you want to comical books, lots of novels, tale, jokes, and more fictions collections are in addition to launched, from best seller to one of the most current released.

Russian Fascism Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Russian Fascism PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to

become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Russian Fascism PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Russian Fascism free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
