Russian Seapower And The Eastern Question 182741

J. Paxton

Russian Seapower And The Eastern Question 182741:

Russian Seapower and 'the Eastern Question' 1827-41 John C.K. Daly,1991-06-18 Focusing on the Black Sea fleet between 1827 1841 this book assesses Russia s naval strength against other Mediterranean powers especially the Ottoman Empire arguing their limitations came from geographic political and economic considerations Primary and secondary sources are utilized In the Cause of Humanity Fabian Klose,2021-12-09 A major new history of the emergence of the theory and practice of humanitarian intervention during the nineteenth century **Navies of Europe** Lawrence Sondhaus,2014-06-11 Europe ruled the waves for most of the modern era and even when its navies were eclipsed in size by the US force they continued to dominate world wars In this unique history of Europe s naval forces Larry Sondhaus charts the development of naval warfare from the transition to steam to recent actions in the Persian Gulf Combining detailed technical information with an in depth comparison of warfare and tactics across some of the key conflicts of the modern world this is an absorbing account of European and British seapower past and present **Longman Companion to Imperial Russia, 1689-1917** David Longley,2014-07-30 This is the first book of its kind to draw together information on the major events in Russian history from 1695 to 1917 covering the eventful period from the accession of Peter the Great to the fall of Nicholas II Not only is a vast amount of material on key events and topics brought together but the book also contains fascinating background material to convey the reality of life in the period **Nicholas I And The Russian Intervention In Hungary** Ian W Roberts,1991-01-31 Tourism and Geopolitics Derek R Hall,2017-01-25 With 29 contributors from across Europe and beyond this work represents a unique and important resource that examines the many relationships between tourism and geopolitics with a focus on experiences drawn from Central and Eastern Europe It begins by assessing the changing nature of geopolitics from pejorative associations with Nazism to the more recent critical and feminist geopolitics of social science s cultural turn The book then addresses the important historical role of Central and Eastern Europe CEE in geopolitical thinking before exemplifying a range of contemporary interactions between tourism and geopolitics within this critical region Pursuing innovative analytical paths the book demonstrates the interrelated nature of tourism and geopolitics and emphasizes the freshness of this research area Addressing key principles and ideas which are applicable globally it is an essential source for researchers teachers and students of tourism geography political science and European studies as well as for diplomatic business and consultant practitioners *The American Bibliography of Slavic and East European Studies* Patt Leonard,Rebecca Routh,2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology *Russian Warships in the Age of Sail 1696-1860* Eduard Sozaev,John Tredrea,2010-06-23 Peter the Great created a navy from nothing but it challenged and soon surpassed Sweden as the Baltic naval power while in the Black Sea it became an essential tool in driving back the Ottoman

Turks from the heartland of Europe In battle it was surprisingly successful and at times in the eighteenth century was the third largest navy in the world yet its history and especially its ships are virtually unrecorded in the West This major new reference work handsomely fills this gap with a complete and comprehensive list of the fleet with technical detail and career highlights for every ship down to small craft However because the subject is so little recorded in English the book also provides substantial background material on the organisation and administration of the navy its weapons personnel and shipbuilding facilities as well as an outline of Russias naval campaigns down to the clash with Britain and France known as the Crimean War Illustrated with plans paintings and prints rarely seen outside Russia it is authoritative reliable and comprehensive the culmination of a long collaboration between a Russian naval historian and an American ship enthusiast EDUARD SOZAEV is an established Russian naval historian with a number of books to his credit JOHN TREDREA his translator editor and long term collaborator is an American ship enthusiast with a life long interest in the Russian navy

The Soviet Takeover of the Polish Eastern Provinces, 1939-41 Keith Sword,1991-06-25 **The Extraordinary Rise of the Russian Empire** Arthur C. Hasiotis, Ph.D.,2018-02-22 The Extraordinary Rise of the Russian Empire By Arthur C Hasiotis Ph D Political and cultural biases must not be allowed to misrepresent historical writings and an accurate representation of the truth Otherwise generations of citizens and leaders will lack the record and guidelines of what actually happened With this fundamental principle underlying the effort Arthur C Hasiotis Ph D gives us an impressive study of Russian history from its beginnings to the present day emphasizing Russia s relationship of confrontation and cooperation engagement and constraint with the great Western powers Challenging points in the standard historiography this book presents a powerful reinterpretation of important movements and events As such it is far from a dry history but dives into a number of topical controversies and key geopolitical questions which will keep readers both piqued and informed Comes with an extensive subject ordered bibliography and thorough panoply of documentation **Handbook on the History and Culture of the Black Sea Region** Ninja Bumann,Kerstin S. Jobst,Stefan Rohdewald,Stefan Troebst,2024-12-30 Following the annexation of Crimea by the Russian Federation in spring 2014 160 years after the Crimean War and the full scale invasion of Ukraine in February 2022 the Black Sea region has again become the focus of world history In this handbook international scholars from various historical and cultural disciplines provide deep historical insights into the structures of conflict cooperation and interrelations between the Balkans the Middle East the Caucasus and Eastern Europe in the space referred to as the Black Sea world The trans maritime communication and intra regional circulations spanning from Antiquity to the present day via Byzantium the Polish Lithuanian Commonwealth the Crimean Khanate the Venetian Safavid Ottoman and Romanov empires two World Wars and the Cold War highlight the autonomy of this historical region in the larger transcontinental setting designated in various times and varying languages as the Pontus Euxinus the Mare Maggiore the Kara Deniz the Chernoe More or the Black Sea This voluminous edition sheds real light upon the history of the Black Sea

region from antiquity until the end of the 20th century Not only does this first rate book provide a host of excellent historical essays across time it also devotes considerable attention to important questions regarding how the Black Sea region is conceptualized and theorized A very useful contribution James H Meyer Montana State University In the wake of several research projects monographs and journals this is the first groundbreaking handbook on the cohesive history of the Black Sea as a historical meso region It gathers 39 excellent contributions that provide the conceptual apparatus survey the history of the region from a Greek to Byzantine to Ottoman lake to conflicting rivalries to its recent transformation from a quasi Soviet to a quasi NATO lake examine the ideas that underpin the various national ethnic and religious identities research the different mobilities through migration transport infrastructure and take stock of its turbulent history through conflicts and war Maria Todorova University of Illinois at Urbana Champaign Mostly the work of scholars from Central Europe and the Black Sea region this massive volume focuses on the relationship between historical research and memory in particular the difficulty of certain groups living in the region when confronted with empires and nation states whose centers may be quite distant from the Black Sea Attentive readers may thus view the present handbook not merely as a work of reference on history memory and movement but also as a testimony to the historical perspectives developed by a significant number of Central European and Black Sea scholars during the first quarter of the twenty first century Suraiya Faroqhi Ibn Haldun University Istanbul

The Historiography of the First Russian Antarctic Expedition, 1819-21 Rip

Bulkeley, 2021-04-26 This book looks at the different ways in which Russian historians and authors have thought about their country's first Antarctic expedition 1819-21 over the past 200 years It considers the effects their discussions have had on Russia's Antarctic policy and may yet have on Antarctica itself In particular it examines the Soviet decision in 1949 in line with the cultural policies of late Stalinism to revise the traditional view of the expedition in order to claim that it was Russian seamen that first sighted the Antarctic mainland in January 1820 this claim remains the official position in Russia today The author illustrates however that the case for such a claim has never been established and that attempts to make it damaged the work of successive Russian historians Providing a timely assessment of Russian historiography of the Bellingshausen expedition and examining the connections between the priority claim and national policy goals this book represents an important contribution to the history of the Antarctic

Imperial Russia J. Paxton, 2000-11-17 Imperial Russia provides an accessible reference tool for students researchers historians and Russian history enthusiasts It covers the period from Ivan IV to the death of Nicholas II There are chronologies for each of the reigns and the handbook covers important political and administrative changes the influence of the West religion serfdom and economic progress Wars and international relations are succinctly explained as is the rise of radicalism and the revolutions of 1905 and 1917 Other sections deal with education the arts law press and censorship It is essential reading for anyone interested in Soviet and East European history

Historians as Nation Builders Dennis Deletant, Harry Hanak, 1988-06-18 A selection of papers from a conference held

in honour of Professor Hugh Seton Watson on the occasion of his retirement in 1983 The aim of the contributors is to illustrate the role of the historian in the political life of Central and East European nations

Diplomatic Dispatches about Circassia from the Consulate of France in Odessa, 1836-1840 Azamat Kumykov, Georges Mamoulia, Sophie Daniel, 2024-04-22 As the first in a larger series of publications which preserve and make accessible primary sources from various archives and other materials related to the history of Circassia this volume contains the relevant dispatches of A A Challaye the Consul of France in Odessa for the years 1836 to 1840 It offers a rare glimpse into the way French diplomacy was making sense of events in and around the North Caucasus and the eastern shore of the Black Sea at the time of increased tensions between Russia and Great Britain over the Circassian question the political status of nations which inhabited the western part of the North Caucasus and of the North Caucasus in general

Russia and the Making of Modern Greek Identity, 1821-1844 Lucien J. Frary, 2015-06-11 The birth of the Greek nation in 1830 was a pivotal event in modern European history and in the history of nation building in general As the first internationally recognized state to appear on the map of Europe since the French Revolution independent Greece provided a model for other national movements to emulate Throughout the process of nation formation in Greece the Russian Empire played a critical part Drawing upon a mass of previously fallow archival material most notably from Russian embassies and consulates this volume explores the role of Russia and the potent interaction of religion and politics in the making of modern Greek identity It deals particularly with the role of Eastern Orthodoxy in the transformation of the collective identity of the Greeks from the Ottoman Orthodox millet into the new Hellenic Christian imagined community Lucien J Frary provides the first comprehensive examination of Russian reactions to the establishment of the autocephalous Greek Church the earliest of its kind in the Orthodox Balkans and elucidates Russia's anger and disappointment during the Greek Constitutional Revolution of 1843 the leaders of which were Russophiles Employing Russian newspapers and thick journals of the era Frary probes responses within Russian reading circles to the reforms and revolutions taking place in the Greek kingdom More broadly the volume explores the making of Russian foreign policy during the reign of Nicholas I 1825-55 and provides a distinctively transnational perspective on the formation of modern identity

T.G.Masaryk (1850-1937) Stanley B. Winters, 1990-03-05 Between the wars a personality cult grew around Masaryk These three volumes constitute the first balanced critical assessment of the actual achievement of the university professor who became the first president of Czechoslovakia In this the first volume scholars from Europe and North America offer new insights into the career and ideas of Masaryk during the three decades preceding the outbreak of World War I They appraise his role as critic of injustice and outworn tradition providing a most significant interpretation of his place in modern history

Modern Slovak Prose Robert B Pynsent, 1990-07-23 Modern Slovak Prose is a collection of essays based on papers delivered at a symposium at the School of Slavonic and East European Studies Although few major Slovak writers published during the 1970s normalisation period

after the Warsaw Pact intervention Slovak literature did not stagnate like Czech literature The essays in this volume cover the whole period from the death throes of socialist realism to the lively sophisticated cosmopolitan fiction of the late 1970s and 1980s The cut off date is 1988 All the prose writers considered important by the Slovaks themselves and by non slovak scholars are covered Tatarka Jaros Johan Ides Ballek Bednr Dusek and so forth The volume contains a survey introduction to Slovak fiction from the 1950s to the present This book is the first to assess an area of east central European culture which has been virtually ignored in the West

T.G.Masaryk (1850-1937) Robert B. Pynsent,1989-11-13 Between the wars a personality cult grew around Masaryk These three volumes constitute the first balanced critical assessment of the actual achievement of the university professor who became the first president of Czechoslovakia In this the first volume scholars from Europe and North America offer new insights into the career and ideas of Masaryk during the three decades preceding the outbreak of World War I They appraise his role as critic of injustice and outworn tradition providing a most significant interpretation of his place in modern history

The Culture of the Stalin Period Hans Gunther,1990-04-09 Up to now the culture of the Stalin period has been studied mainly from a political or ideological point of view In this book renowned specialists from many countries approach the problem rather from inside The authors deal with numerous aspects of Stalinist culture such as art literature architecture film and popular culture Yet the volume is more than a mere collection of studies on special issues It is an inquiry into the very nature of a certain type of culture its symbols rites and myths The book will be useful not only for students of Soviet culture but also for a wider audience
