Russian Security And Air Power 1992

Marcel de Haas

Russian Security And Air Power 1992 :

Russian Security and Air Power, 1992-2002 Marcel de Haas, 2013-10-28 First published in 2006 This book analyses the security policy of the Russian Federation internally as well as externally at all levels of strategy It describes military political decision making from Moscow's grand strategy to the use of single fighter aircraft in Chechnya In this analysis Russia's air forces are used as a model for all services of the armed forces *Russia's Foreign Security Policy in the 21st Century*

Marcel De Haas, 2010-04-05 This book examines Russia's security policy under the eight years of Vladimir Putin's presidency

Historical Dictionary of the Russian Federation Robert A. Saunders, 2019-09-20 Straddling Europe and Asia the Russian Federation is the largest country in the world and home to a panoply of religious and ethnic groups from the Muslim Tatars to the Buddhist Buryats Over the past 40 years Russia has experienced the most dramatic transformation of any modern state The second edition of Historical Dictionary of the Russian Federation provides insight into this rapidly developing country This volume includes coverage of pivotal movements events and persons in the late Soviet Union 1985 1991 and contemporary Russia 1991 present This second edition of Historical Dictionary of the Russian Federation contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Russia **Air Warfare** Peter Gray, 2015-11-19 Air Warfare provides an

introduction to the subject's theory history and practice As well as delivering an up to date look at the strategy and historiography of air power Peter Gray explores the theories behind air power and looks at the political legal and moral dimensions of the application of air power Topics covered include Key military strategists and their legacy Air power's strategic effects Leadership management and command Tactics technology and operations The book draws on primary sources including official narratives and published reports examines key thinkers in the study of air power and discusses topics such as concepts of warfare as an art or science cultural perceptions of air power and the experience of being an airman With its broad scope and thorough coverage of a range of key topics Air Warfare takes air power beyond the study of individual campaigns or controversies providing a multi disciplinary approach to air power studies Routledge Handbook

of Russian Politics and Society Graeme Gill, James Young, 2013-03 There is an ever burgeoning number of books analyzing the Russian experience or aspects of it This Handbook is the first single volume which gives both a broad survey of the literature as well as highlighting the cutting edge research in the area Through both empirical data and theoretical investigation each chapter in the Routledge Handbook Russian of Politics and Society examines both the Russian experience and the existing literature points to research trends and identifies issues that remain to be resolved Offering focused studies of the key elements of Russian social and political life the book is organized into the following broad themes General introduction Political institutions Political Economy Society Foreign Policy Politically economically and socially Russia has one of the most

interesting development trajectories of any major country This Handbook seeks to answer questions about democratic transition the relationship between the market and democracy stability and authoritarian politics the development of civil society the role of crime and corruption and the creation of a market economy Providing a comprehensive resource for scholars and policy makers alike this book is an important contribution to the study of Russian Studies Eastern European studies and International Relations

Russia's Security Policy under Putin Aglaya Snetkov, 2014-11-27 This book examines the evolution of Russia's security policy under Putin in the 21st century using a critical security studies approach Drawing on critical approaches to security the book investigates the interrelationship between the internal external nexus and the politics of in security and regime building in Putin's Russia In so doing it evaluates the way that this evolving relationship between state identities and security discourses framed the construction of individual security policies and how in turn individual issues can impact on the meta discourses of state and security agendas To this end the de securitisation discourses and practices towards the issue of Chechnya are examined as a case study In so doing this study has wider implications for how we read Russia as a security actor through an approach that emphasises the importance of taking into account its security culture the interconnection between internal external security priorities and the dramatic changes that have taken place in Russia's conceptions of itself national and security priorities and conceptualisation of key security issues in this case Chechnya These aspects of Russia's security agenda remain somewhat of a neglected area of research but as argued in this book offer structuring and framing implications for how we understand Russia's position towards security issues and perhaps those of rising powers more broadly This book will be of much interest to students of Russian security critical security studies and IR

The Handbook of European Defence Policies and Armed Forces Hugo Meijer, Marco Wyss, 2018-06-22 The armed forces of Europe have undergone a dramatic transformation since the collapse of the Soviet Union The Handbook of European Defence Policies and Armed Forces provides the first comprehensive analysis of national security and defence policies strategies doctrines capabilities and military operations as well as the alliances and partnerships of European armed forces in response to the security challenges Europe has faced since the end of the cold war A truly cross European comparison of the evolution of national defence policies and armed forces remains a notable blind spot in the existing literature The Handbook of European Defence Policies and Armed Forces aims to fill this gap with fifty one contributions on European defence and international security from around the world The six parts focus on country based assessments of the evolution of the national defence policies of Europe's major medium and lesser powers since the end of the cold war the alliances and security partnerships developed by European states to cooperate in the provision of national security the security challenges faced by European states and their armed forces ranging from interstate through intra state and transnational the national security strategies and doctrines developed in response to these challenges the military capabilities and the underlying defence and technological industrial base brought to bear to support national

strategies and doctrines and finally the national or multilateral military operations by European armed forces The contributions to The Handbook collectively demonstrate the fruitfulness of giving analytical precedence back to the comparative study of national defence policies and armed forces across Europe

Russian civil-military relations and the origins of the second Chechen war Sz&ászdi, Lajos F.,2008-08-29 This book has relevance for those interested in understanding Russia s course in international relations under the leadership of Vladimir Putin This book will inform the reader and is especially relevant in light of the events of 2008 in the Caucasus and the war in Georgia in particular The author explains the ideology of Neo Eurasianism which in turn inspires the policy thinking of the Kremlin Also studied is Putin s origins in the KGB from the previous posts of Secretary of the Security Council and Director of the FSB and his rise to power in the crucial year of 1999 when he became Russian Prime Minister The author highlights the continuing trend of appointing high ranking officers of the Russian intelligence community to senior positions in the government studying this in the context of Russian civil military intelligence relations The author reached the conclusion back in 2003 that the members of Russian intelligence hold the reins of power above the civilian and military elements of the Russian government The author returns to the Kosovo Crisis of 1999 discussing also the motives that led the Kremlin and Putin to invaded Chechnya for a second time in a decade Parallels can be drawn to the 2008 Russian invasion of Georgia and the roots of the Neo Eurasianist ideology that is behind the two invasions are examined This book will help the reader understand Russia s current and future distribution of power in the Caucasus the Balkans and the world at large Moscow s search for a multipolar world and its opposition to U S hegemony

Space Kiran Krishan Nair,2006

Russia and the World Natasha Kuhrt,2014-10-14 This volume brings together analyses of key domestic foreign and security policy issues during the Putin and Medvedev administrations Indeed the chapters demonstrate the extent to which domestic and foreign policy issues are inextricably linked in particular in the domain of security whether hard or soft Internal debates regarding Russia s trajectory including issues of national identity economic modernisation human rights and democracy continue to be at the forefront of concern Moreover these debates are intimately connected to Russia s self image and the image therefore that it wishes to project in the wider world The debates focus on Russia as energy superpower as one of the BRICS as an Eurasian landbridge or a window on the Asia Pacific Such debates are a constant reminder of the uncertainty surrounding Russia s future path This book expresses these uncertainties which range from the role of nuclear weapons and energy to critiques of Russia s approach to concepts such as sovereignty and self determination the fight against terrorism insurgency and the role of Islam within and without Russia may have left the chaos of the Yeltsin years behind but as we move into Putin 3 0 the concerns of these chapters will remain critical both to Russia itself and to Russia s relations with the wider world This book was published as a special issue of Europe Asia Studies

Soviet Air Force Theory, 1918-1945 James Sterrett,2007-01-24 This new book examines the development of Soviet thinking on the operational employment of their Air Force from 1918 to 1945

using Soviet theoretical writings and contemporary analyses of combat actions *Global Nuclear Disarmament* V R Raghavan,2012-08-01 The DPG was chosen as a research institution to assist in the deliberations of the International Commission on Nuclear Non Proliferation and Disarmament constituted by the Australian and Japanese governments The support of the NTI to DPG s efforts has been immense and definitive The first decade of 21st century has seen a resurgence of support for global nuclear disarmament A cascade of nuclear disarmament proposal has emerged from different sources India has consistently favored complete global nuclear disarmament even as it laid the foundations of a nuclear energy programme Notwithstanding the nuclear tests Indian policy on global nuclear disarmament has not been disavowed Global nuclear disarmament is closely linked to geo political conditions Unless such conditions are favourable states are unlikely to take initiatives to either reduce or eliminate their nuclear weapons stockpiles This book examines the geopolitical necessities which will encourage nuclear disarmament globally It also contrasts them with the geopolitical realities currently prevailing which impact on nuclear disarmament The papers in the book bring forth both the challenges and opportunities that lie ahead **Contemporary Military Theory** Jan Angstrom,J.J. Widen,2014-07-17 The book aims to provide the reader with a state of the art introduction to classic and modern military theory The text accounts for the most important theories within the field by developing and analyzing these theories as well as problematizing both their normative and explanatory aims While focusing on military theory the book does not only reflect a single way of relating to knowledge of war and warfare but furthers learning by introducing contrasting perspectives as well as constantly criticizing the theories There is a clear need for an introductory text for the entire field of military theory that focuses whole heartedly on the theories not on their context or how they are expressed in practice during war This book covers such questions as how we should understand the changing character of war the utility of force and how the pursuit of political ends is achieved through military means It draws upon and illustrates military thought through a wide ranging number of examples from the Napoleonic Wars to the current war in Afghanistan This book will be of great interest for students of military theory strategic studies security studies and defence studies **Why the Gulf War Still Matters** Patrick J. Garrity,1993 SCOTT Copy 1 From the John Holmes Library Collection Global Maritime Geopolitics Hasret ÇOMAK,,Burak Şakir ŞEKER,Mehlika Özlem ULTAN,2022-01-16 States must develop new approaches maritime policies strategies and tactics to cruise through the contemporary maritime politics Soft power as well as economic commercial and logistics factors are of critical importance in establishing marine power It is critical to promote maritime related products such as films serials literature and art maritime journalism and maritime photography as part of governmental policies Marine and maritime security challenges are becoming more important in today s world As a result of all these developments the preparation of a multidimensional and comprehensive work on the oceans and seas at the global level has been brought to the agenda Our book has been written to elucidate these concerns and contribute to this important scholarly and policy field This book can also be useful for wider audiences as a

comprehensive volume on maritime geopolitics covering many cases from around the world and discussions from Turkish perspectives
