Baron Heyking, 1904      **The Subjects of Ottoman International Law** Lâle Can, Michael Christopher Low, Kent F. Schull, Robert Zens, 2020-10-13 The core of this edited volume originates from a special issue of the Journal of the Ottoman and Turkish Studies Association JOTSA that goes well beyond the special issue to incorporate the stimulating discussions and insights of two Middle East Studies Association conference roundtables and the important work of additional scholars in order to create a state of the field volume on Ottoman sociolegal studies particularly regarding Ottoman international law from the eighteenth century to the end of the empire It makes several important contributions to Ottoman and Turkish studies namely by introducing these disciplines to the broader fields of trans imperial studies comparative international law and legal history Combining the best practices of diplomatic history and history from below to integrate the Ottoman Empire and its subjects into the broader debates of the nineteenth century trans imperial history this unique volume represents the exciting work and cutting edge scholarship on these topics that will continue to shape the field in years to come      *Iranian-Russian Encounters* Stephanie Cronin, 2012-11-27 Over the past two hundred years encounters between Iran and Russia have been both rich and complex This book explores the myriad dimensions of the Iranian Russian encounter during a dramatic period which saw both Iran and Russia subject to revolutionary upheavals and transformed from multinational dynastic empires typical of the nineteenth century to modernizing authoritarian states typical of the twentieth The collection provides a fresh perspective on traditional preoccupations of international relations wars and diplomacy the hostility of opposing nationalisms the Russian imperial menace in the nineteenth century and the Soviet threat in the twentieth Going beyond the traditional this book examines subaltern as well as elite relations and combines a cultural social and intellectual dimension with the political and diplomatic In doing so the book seeks to construct a new discourse which contests the notion of an implacable enmity between Iran and Russia Bringing together leading scholars in the field this book demonstrates extensive use of family archives Iranian Russian and Caucasian travelogues and memoirs and newly available archives in both Iran and the countries of the former Soviet Union Providing essential background to current international tensions this book will be of particular use to students and scholars with an interest in the Middle East and Russia      The American Annual Cyclopaedia and Register of Important Events of the Year , 1876      **A Chinese Commercial Guide; consisting of a collection of details and regulations respecting foreign trade with China, sailing directions, tables, etc. ... **From Slaves to Prisoners of War** Will Smiley, 2018-08-21 The Ottoman Russian wars of the eighteenth century reshaped the map of Eurasia and the Middle East but they also birthed a novel concept the prisoner of war For centuries

hundreds of thousands of captives civilians and soldiers alike crossed the legal and social boundaries of these empires destined for either ransom or enslavement But in the eighteenth century the Ottoman state and its Russian rival through conflict and diplomacy worked out a new system of regional international law Ransom was abolished soldiers became prisoners of war and some slaves gained new paths to release while others were left entirely unprotected These rules delineated sovereignty redefined individuals relationships to states and prioritized political identity over economic value In the process the Ottomans marked out a parallel non Western path toward elements of modern international law Yet this was not a story of European imposition or imitation the Ottomans acted for their own reasons maintaining their commitment to Islamic law For a time even European empires played by these rules until they were subsumed into the codified global law of war in the late nineteenth century This story offers new perspectives on the histories of the Ottoman and Russian Empires of slavery and of international law      *Correspondence Respecting the Treaty Between Japan and Corea* Anonymous,2024-06-23 Reprint of the original first published in 1876      **A Ride to Khiva Travels and Adventures in Central Asia by Fred Burnaby** Frederick Gustavus Burnaby,1877      *Library of Congress Subject Headings* Library of Congress.
