100 Years On: Revisiting the First Russian Art Exhibition of 1922 Isabel Wünsche, Miriam Leimer, 2022-12-12 The First Russian Art Exhibition Erste Russische Kunstaussstellung which opened at the Galerie van Diemen in Berlin on October 15 1922 and later travelled to Amsterdam introduced a broad Western audience to the most recent artistic developments in Russia The extensive show more than a thousand works including paintings graphic works sculptures stage designs architectural models and works of porcelain was remarkably inclusive in its scope which ranged from traditional figurative painting to the latest constructions of the Russian avant garde Coming on the heels of the Treaty of Rapallo the exhibition was a first cultural step towards bilateral relations between two young and yet internationally isolated new states the Weimar Republic and the Russian Soviet Republic Moving away from the narrow focus on the avant garde the volume presents new research that examines the exhibition's broader historical scope and cultural implications The reception of the exhibition within artistic circles in Germany Europe the United States and Japan in the 1920s is addressed as well as the disposition of many of the works exhibited The combination of longer thematic essays and short features along with reproductions of newly identified works and a selection of unpublished archival materials make this book valuable to both a scholarly and a general readership Nineteenth-century Painters and Painting Geraldine Norman, 1977-01-01 **The Russian Icon** Nikodim Pavlovich Kondakov, 1927 **Über Russland, die russische Kunst und den grossen Dichter der russischen Erde** Karl Stählin, 1913 *Modernism and the Spiritual in Russian Art* Louise Hardiman, Nicola Kozicharov, 2017-11-13 In 1911 Vasily Kandinsky published the first edition of *On the Spiritual in Art* a landmark modernist treatise in which he sought to reframe the meaning of art and the true role of the artist For many artists of late Imperial Russia a culture deeply influenced by the regime's adoption of Byzantine Orthodoxy centuries before questions of religion and spirituality were of paramount importance As artists and the wider art community experimented with new ideas and interpretations at the dawn of the twentieth century their relationship with the spiritual broadly defined was inextricably linked to their roles as pioneers of modernism This diverse collection of essays introduces new and stimulating approaches to the ongoing debate as to how Russian artistic modernism engaged with questions of spirituality in the late nineteenth to mid twentieth centuries Ten chapters from emerging and established voices offer new perspectives on Kandinsky and other familiar names such as Kazimir Malevich Mikhail Larionov and Natalia Goncharova and introduce less well known figures such as the Georgian artists Ucha Japaridze and Lado Gudiashvili and the craftswoman and art promoter Aleksandra Pogosskaia Prefaced by a lively and informative introduction by Louise Hardiman and Nicola Kozicharov that sets these perspectives in their historical and critical context *Modernism and the Spiritual in Russian Art* New Perspectives enriches our understanding of the modernist period and breaks new ground in its re-examination of the role of religion and spirituality in the visual arts in late Imperial Russia Of interest to historians and enthusiasts of Russian art culture and religion and those of international

Globalizing the Avant-Garde David Ayers,Joana Cunha Leal,Benedikt Hjartarson,Margarida Brito Alves,2024-12-16 How has the process of globalization shaped artistic practices on the one hand and art history and theory on the other The contributions in this volume approach this question from a range of perspectives taking into account the role of travel for example or practitioners increasing knowledge of other cultures art s increasing awareness of itself as existing on a global level literary translation the advance of technology and the ever changing grand narratives of art history As well as reflections on European avant gardes and neo avant gardes the collection features discussions of Japan Latin America Africa Asia and the Pacific As a whole the volume engages with broader current discourses about cultural globalization and features input from leading scholars around the world as well as some important novel interventions by early career researchers The authors not only make a major contribution to the evolution of avant garde studies but also offer valuable original points of view to art history and to the cultural theory of globalization more broadly

Germany and Eastern Europe ,2023-08-14 The opening up and subsequent tearing down of the Berlin Wall in 1989 effectively ended a historically unique period for Europe that had drastically changed its face over a period of fifty years and redefined in all sorts of ways what was meant by East and West For Germany in particular this radical change meant much more than unification of the divided country although initially this process seemed to consume all of the country s energies and emotions While the period of the Cold War saw the emergence of a Federal Republic distinctly Western in orientation the coming down of the Iron Curtain meant that Germany s relationship with its traditional neighbours to the East and the South East which had been essentially frozen or redefined in different ways for the two German states by the Cold War had to be rediscovered This volume which brings together scholars in German Studies from the United States Germany and other European countries examines the history of the relationship between Germany and Eastern Europe and the opportunities presented by the changes of the 1990 s drawing particular attention to the interaction between the willingness of German and its Eastern neighbours to work for political and economic integration on the one hand and the cultural and social problems that stem from old prejudices and unresolved disputes left over from the Second World War on the other

Russian and Soviet Views of Modern Western Art Ilia Dorontchenkov,N. A. Gur'ianova,2009 From the first Modernist exhibitions in the late 1890s to the Soviet rupture with the West in the mid 1930s Russian artists and writers came into wide contact with modern European art and ideas Introducing a wealth of little known material set in an illuminating interpretive context this sourcebook presents Russian and Soviet views of Western art during this critical period of cultural transformation The writings document complex responses to these works and ideas before the Russians lost contact with

them almost entirely Many of these writings have been unavailable to foreign readers and until recently were not widely known even to Russian scholars Both an important reference and a valuable resource for classrooms the book includes an introductory essay and shorter introductions to the individual sections McGill University Publications McGill University,1921 **McGill University Publications** ,1921 Some nos are reprints from Annual report of the governors principal and fellows **Women Art Dealers** Véronique Chagnon-Burke,Caterina Toschi,2023-12-14 Women Art Dealers brings together fascinating case studies of galleries run by women between the 1940s and 1980s It marks a departure from other work in the field of art markets challenging male dominated histories by analyzing the work of female dealers who anticipated the global model worked to promote art across continents and thus developed an international art market Part 1 focuses on the women gallerists behind the promotion of modern art after World War II who participated in important research about the neo Avant Garde Part 2 examines the contributions by women art dealers toward the birth of new markets through establishing the reputation of artistic genres such as video art and photography and working at the forefront of advancing contemporary art Finally Part 3 analyzes case studies from the southern European art scene paying fresh attention to several under researched markets in the region like Italy and Portugal Each chapter study provides a historiographic profile of the gallery under discussion and critical analysis is supported with a wide range of visual material including portraits of the women art dealers photographs of the exhibitions they managed and printed documentation like catalogues invitations and posters that were often used to support artists on display in experimental ways **The Fine Arts** Karl W. Hiersemann,1893 *Musical Ekphrasis in Rilke's Marien-Leben* Siglind Bruhn,2000 In 1923 the twenty seven year old Paul Hindemith published a composition for voice and piano entitled Das Marienleben based on Rainer Maria Rilke s poetic cycle of 1912 Twenty five years later the composer presented a thoroughly revised partially rewritten version The outcome of this revision has been highly controversial Ever since its first publication musicologists have argued for or against the value of such a decisive rewriting They do so both by comparing the two compositions on purely musical grounds and by attempting to assess whether the more strictly organized tonal layout and dynamic structuring of Marienleben II is more or less appropriate for the topic of a poetic cycle on the Life of Mary This study is the first to analyze the messages conveyed in the two versions with an emphasis on their implicit aesthetic philosophical and spiritual significance Acknowledging the compositions as examples of musical ekphrasis a representation in one artistic medium of a message originally composed in another medium the author argues in exhaustive detail that the young Hindemith of 1922 23 and the mature composer of 1941 48 can be seen as setting two somewhat different poetic cycles This volume is of interest for musicologists and music lovers scholars of German literature and lovers of Rilke s poetry as well as for readers interested in the interartistic relationships of music and literature *The Blue Rider* Matthias Mühling,Annegret Hoberg,Anna Straetmans,2021-01-01 Das ganze Werk Kunst genannt kennt keine Grenzen und V

Rilke Charlie Louth,2020-06-19 The life of Rilke s work is in its words and this book attends closely to the development of that life as it unfolds over Rilke s career What is a poem and how does it act upon us when we read This is a question of the greatest interest to Rilke who addresses it in several poems and for whom the experience of reading affords an interaction with the world a recalibration of our ways of attending to it which set it apart from other kinds of experience Rilke s work is often approached in periods he is the author of the Neue Gedichte or of Malte or of the Duino Elegies or of the Sonette an Orpheus as if the different phases of his work had little to do with one another but in fact it is a concentrated and evolving exploration of the possibilities of poetic language a working of the life of words into precise and exacting forms in dialogue with the texture of the world This book traces that trajectory in a series of close readings that do not neglect the lesser known uncollected poems and the poems in French as well as Rilke s activity as a translator of Michelangelo Shakespeare Barrett Browning Mallarm and Val ry among many others These encounters were part of Rilke s engagement with the world his way of extending the reach of his language to get it ever closer to the ungraspable movements the risk and promise of life itself One of his best known poems ends with the words You must change your life an injunction that can be seen to animate the whole of his work
