Christopher Wright,Catherine May Gordon,2006-01-01 This book sets a new standard as a work of reference It covers British and Irish art in public collections from the beginning of the sixteenth century to the end of the nineteenth and it encompasses nearly 9 000 painters and 90 000 paintings in more than 1 700 separate collections The book includes as well pictures that are now lost some as a consequence of the Second World War and others because of de accessioning mostly from 1950 to about 1975 when Victorian art was out of fashion By listing many tens of thousands of previously unpublished works including around 13 000 which do not yet have any form of attribution this book becomes a unique and indispensable work of reference one that will transform the study of British and Irish painting **MotorBoating** ,2001-06 **The New Breed**

Kate Darling,2021-04-20 For readers of *The Second Machine Age* or *The Soul of an Octopus* a bold exciting exploration of how building diverse kinds of relationships with robots inspired by how we interact with animals could be the key to making our future with robot technology work There has been a lot of ink devoted to discussions of how robots will replace us and take our jobs But MIT Media Lab researcher and technology policy expert Kate Darling argues just the opposite suggesting that treating robots with a bit of humanity more like the way we treat animals will actually serve us better From a social legal and ethical perspective she shows that our current ways of thinking don't leave room for the robot technology that is soon to become part of our everyday routines Robots are likely to supplement rather than replace our own skills and relationships So if we consider our history of incorporating animals into our work transportation military and even families we actually have a solid basis for how to contend with this future A deeply original analysis of our technological future and the ethical dilemmas that await us *The New Breed* explains how the treatment of machines can reveal a new understanding of our own history our own systems and how we relate not just to nonhumans but also to one another Compensation in Practice Constantin

Goschler,2017-09-01 Founded in 2000 the German Foundation Remembrance Responsibility and Future is one of the largest transitional justice initiatives in history in cooperation with its international partner organizations it has to date paid over 4 billion euros to nearly 1 7 million survivors of forced labour during the Nazi Era This volume provides an unparalleled look at the Foundation's creation operations and prospects after nearly two decades of existence with valuable insights not just for historians but for a range of scholars professionals and others involved in human rights and reconciliation efforts **Index**

White Robes and Burning Crosses Michael Newton,2016-04-14 With its fiery crosses and nightriders in pointed hoods and flowing robes the Ku Klux Klan remains a recurring nightmare in American life What began in the earliest post Civil War days as a social group engaging in drunken hijinks at the expense of perceived inferiors soon turned into a murderous paramilitary organization determined to resist the evils of radical Reconstruction For six generations and counting the Klan

has inflicted misery and death on countless victims nationwide and since the early 1920s has expanded into distant corners of the globe From the Klan s post Civil War lynchings in support of Jim Crow laws to its bloody stand against desegregation during the 1960s to its continued violence in the militia movement at the turn of the 21st century this revealing volume chronicles the complete history of the world s oldest surviving terrorist organization from 1866 to the present The story is told without embellishment because as this work demonstrates the truth about the Ku Klux Klan is grim enough
