

Act of Spiritual Communion

My Jesus, I believe that You are present in the Most Holy Sacrament. I love You above all things, and I desire to receive You into my soul. Since I cannot at this moment receive You sacramentally, come at least spiritually into my heart. I embrace You as if You were already there and unite myself wholly to You. Never permit me to be separated from You. Amen.

Sacramental Spiritual Communion:

The Handy Little Guide to Spiritual Communion Michael Heinlein, 2020-03-30 There is a lot of information online about the practice of spiritual communion not all of which you might find helpful So you might be wondering Is spiritual communion just something between me and Jesus Is spiritual communion of no value if I can't receive the Eucharist Is spiritual communion just a private prayer or devotion It's none of those things The suspension of Masses worldwide as an effort to control the spread of COVID 19 has many Catholics longing for holy Communion but even in normal times there are other reasons Catholics may be unable to attend Mass or receive the Eucharist That's why it's more important than ever for Catholics to understand and practice spiritual communion In *The Handy Little Guide to Spiritual Communion* you'll learn What spiritual communion really means and what it can mean to you What makes spiritual communion possible The criteria for making an act of spiritual communion What saints can teach us about spiritual communion A variety of prayers and devotions you can use for spiritual communion Gain clarity comfort and encouragement in *The Handy Little Guide to Spiritual Communion* *Sacramental and Spiritual Communion* Dietrich V. Asten, Werner Glas, 1984 **The Holy Eucharist** Alphonsus De Ligouri, St., Brother Hermenegild, 2013-02-23 The first section is on the Sacrifice of Jesus Christ The next section is on visits to the Blessed Sacrament and to the Blessed Virgin Mary This includes an instruction on Spiritual Communion There are eight meditations for the Feast and Octave of Corpus Christi This is followed by a Novena to the Sacred Heart Over 200 pages are devoted to meditations on charity commenting on Saint Paul's First Epistle to the Corinthians chapter 13 Charity is This is followed by ten meditations on Charity This work closes with a pious exercise to obtain the Seven Gifts of the Holy Ghost Saint Alphonsus writes on Spiritual Communion As in all the following visits to the Most Blessed Sacrament a spiritual Communion is recommended it will be well to explain what it is and the great advantages which result from its practice A spiritual Communion according to St Thomas consists in an ardent desire to receive Jesus in the Most Holy Sacrament and in lovingly embracing Him as if we had actually received Him How pleasing these spiritual Communions are to God and the many graces which He bestows through their means was manifested by our Lord Himself to Sister Paula Maresca the foundress of the convent of St Catharine of Sienna in Naples when as it is related in her life He showed her two precious vessels the one of gold the other of silver He then told her that in the gold vessel was preserved her sacramental Communions and in the silver one her spiritual Communions He also told Blessed Jane of the Cross that each time that she communicated spiritually she received a grace of the same kind as the one that she received when she really communicated Above all it will suffice for us to know that the holy Council of Trent greatly praises spiritual Communions and encourages the faithful to practice them Hence all devout souls are accustomed often to practice this holy exercise of spiritual Communion Blessed Agatha of the Cross did so two hundred times a day And Father Peter Faber the first companion of St Ignatius used to say that it was of the highest utility to make spiritual Communions in order to receive the sacramental

Communion well All those who desire to advance in the love of Jesus Christ are exhorted to make a spiritual Communion at least once in every visit that they pay to the Most Blessed Sacrament and at every Mass that they that they hear and it would even be better on these occasions to repeat the Communions three times that is to say at the beginning in the middle and at the end This devotion is far more profitable than some suppose and at the same time nothing can be easier to practice The above named Blessed Jane of the Cross used to say that a spiritual Communion can be made without any one remaking it without being fasting without the permission of our director and that we can make it at any time we please an act of love does all *The blessed sacrament; preparation, attendance, giving of thanks, spiritual communion, by a parish priest [F.W. Faber].* Frederick William Faber,1893 *The Sacramental Mystery* Paul Haffner,1999 The seven sacraments lie at the centre of Christian life and experience for here God the Holy Trinity touches human lives and hearts This book is one of the few at the present time to offer a global synthesis of the main themes in the sacramental mystery in which the human and divine the material and the spiritual realms are intimately intertwined Paul Haffner outlines how the sacraments are the chief means in the Church through which God s people are reconciled to the Father through His Son by the power of the Holy Spirit The book illustrates classical issues like the conditions for the validity and the efficacy of the sacraments as well as the minister recipient and effects of these sacred mysteries it deals with particular topics like the necessity of Baptism the sacrificial character of the Eucharist and the nature of marriage As he examines each sacrament in turn the author also explores how new ecumenical questions affect Christian sacramental understanding I warmly commend this work on the subject of sacramental theology Archbishop Csaba Ternyak Secretary of the Vatican Congregation of the Clergy Paul Haffner is lecturer in systematic and dogmatic theology at the Pontifical Gregorian University the Pontifical Lateran University the Pontifical Athenaeum Regina Apostolorum and the Pontifical Institute Regina Mundi in Rome His publications include *The Mystery of Creation The Mystery of Reason and The Mystery of Mary* all also published by Gracewing **The Sacramental Vision of Edward Bouverie Pusey** Tobias A. Theology Bruce T. Morrill,2019-11-18 Throughout the second half of the twentieth century sacramental theology has evolved as a discipline advancing comprehensive theories of sacraments and sacramentality as integral to the Christian faith while also studying the history and theology of the particular rites Now in the twenty first century the need for attention to the actual performance and specific social settings of sacramental worship has become well established This makes the work of sacramental theology necessarily engaged with multiple cross disciplinary theories attentive to particular contexts whether local national or global Still the divine human encounter at the heart of Christian symbol and ritual likewise beckons to philosophical theological reflection The essays in this volume begin with profound philosophical perspectives on the personal and communal sacramental experience expanding from traditional cosmology to evolutionary and chaos theories of our planetary existence continuing with shifts especially among youth to interreligious and non institutional perspectives consideration of change in popular notions of guilt and social ethical issues in relation to liturgical theology and practice so as finally to return to fundamental theological reflection on human sacramentality and divine revelation **Catholic and**

Protestant Translations of the Imitatio Christi, 1425-1650 Mr Maximilian von Habsburg,2013-07-28 The Imitatio Christi is considered one of the classic texts of Western spirituality There were 800 manuscript copies and more than 740 different printed editions of the Imitatio between its composition in the fifteenth century and 1650 During the Reformation period the book retained its popularity with both Protestants and Catholics with the exception of the Bible it was the most frequently printed book of the sixteenth century In this pioneering study the remarkable longevity of the Imitatio across geographical chronological linguistic and confessional boundaries is explored Rather than attributing this enduring popularity to any particular quality of universality this study suggests that its key virtue was its appropriation by different interest groups That such an apparently Catholic and monastic work could be adopted and adapted by both Protestant reformers and Catholic activists including the Jesuits poses intriguing questions about our understanding of Reformation and Counter Reformation theology and confessional politics This study focuses on the editions of the Imitatio printed in English French German and Latin between the 1470s and 1650 It offers an ambitious and comprehensive survey of the process of translation and its impact and contribution to religious culture In so doing it offers a fresh analysis of spirituality and devotion within their proper late medieval and early modern contexts It also demonstrates that spirituality was not a peripheral dimension of religion but remains at the very heart of both Catholic and Protestant self perception and identity

Nicolas Op Jean-Herve, 2024-05 Every discipline including theology requires a synthetic overview of its acquisitions and open questions a kind of topography to guide the new student and refresh the gaze of specialists In his *Synthese dogmatique* Fr Jean Herv Nicolas OP 1910 2001 presents just such a map of Thomistic theology focusing on the central topics of Dogmatic Theology The One and Triune God Christology Mariology Ecclesiology the Sacraments and the Last Things Drawing on decades of research and teaching Fr Nicolas synthetically presents these topics from a faithfully Thomistic perspective While broadly and genially engaging the theological literature of the 20th century he nonetheless remains deeply indebted to the Thomistic school that would have formed him in his youth as a theologian This provides the reader with an unparalleled theological vision masterfully bringing forth at once what is new and what is classical Catholic Theology A Dogmatic Synthesis is being published in English as a multi volume work In this volume Fr Nicolas takes up the *raison d'être* for the mission of the Holy Spirit the work of sanctification in and through the Church the mystical body of Christ and sacrament of salvation In the ecclesiology articulated in this volume he presents a theology of the Church that is at once wholly Thomistic and also faithful to the great themes of the Second Vatican Council drawing especially from the works of Journet Congar and Bouyer in critical dialogue with other theologians of his day He then presents a complete and detailed sacramental theology both concerning the nature of the sacraments in general as well as concerning each sacrament in particular carefully striving to balance positive and scholastic theology Serving as a professor for decades including at the University of Fribourg Fr Nicolas was at once a profound scholar and a masterful pedagogue Gathering the work of a lifetime into a single pedagogical narrative Fr Nicolas's Catholic Theology A Dogmatic Synthesis provides a resource for students and scholars alike In view of the hyper specialization of theology today this series of volumes provides readers with a synthetic and sapiential overview of the fundamentals of dogmatic theology from a robust and profound Thomistic perspective The bread of life, a manual of instruction for the blessed sacrament [signed A.D.C.].
