Sacraments Revisited What Do They Mean Today:

Sacraments Revisited Liam Kelly, 1998 Explores the history and theology of both the sacraments in general and all seven individually while encouraging readers to rediscover the rich meaning each one has for them today *Martin Luther and the Seven Sacraments* Brian C. Brewer, 2017-10-03 This introduction to Martin Luther's sacramental theology addresses a central question in the life of the church and in ecumenical dialogue Although Luther famously reduced the sacraments from seven to two baptism and the Lord's Supper he didn't completely dismiss the others Instead he positively recast them as practices in the church This book explores the medieval church's understanding of the seven sacraments and the Protestant rationale for keeping or eliminating each sacrament It also explores implications for contemporary theology and worship helping Protestants imagine ways of reclaiming lost benefits of the seven sacraments *Sacraments* Ray Robert Noll, 1999 Firmly rooted in the tradition of the Church and some of the best scholarship of the past 40 years Noll explores the sign meaning and experience of each of the seven sacraments in the church Included is a CD ROM containing articles and passages by some of today's key sacramental theologians *Becoming Apostolic* Catherine Sexton, 2024-07-01 This book explores the experience and understanding of Roman Catholic sisters of their vocation to the apostolic form of religious life as they age Based on interviews with twelve religious women it draws on the practice of Lectio Divina to explore how these women describe their call to service and activity at a time in life when these might be curtailed by physical diminishment and increasingly reduced social interaction and influence As the very institutions of religious life are themselves under threat the book identifies new emerging forms of ministry through presence to each other and to their carers **Worship that Cares** Mark Earey, 2013-01-03 An introduction to the principles and skills of pastoral liturgy Inter denominational this text can be used across different Christian traditions in both formal and informal contexts and to meet traditional and non traditional pastoral needs **Womanpriest** Jill Peterfeso, 2020-05-12 This book is openly available in digital formats thanks to a generous grant from the Andrew W Mellon Foundation While some Catholics and even non Catholics today are asking if priests are necessary especially given the ongoing sex abuse scandal The Roman Catholic Womanpriests RCWP looks to reframe and reform Roman Catholic priesthood starting with ordained women Womanpriest is the first academic study of the RCWP movement As an ethnography Womanpriest analyzes the womenpriests actions and lived theologies in order to explore ongoing tensions in Roman Catholicism around gender and sexuality priestly authority and religious change In order to understand how womenpriests navigate tradition and transgression this study situates RCWP within post Vatican II Catholicism apostolic succession sacraments ministerial action and questions of embodiment Womanpriest reveals RCWP to be a discrete religious movement in a distinct religious moment with a small group of tenacious women defying the Catholic patriarchy taking on the priestly role and demanding reconsideration of Roman Catholic tradition Doing so the women inhabit and re create the central tensions in Catholicism today **Ritual Making Women** Jan Berry, 2017-07-05 Ritual

Making Women looks at the way in which women's making of ritual has emerged from the rapidly developing field of women's spirituality and theology. The author uses ethnographic material to explore how the construction of ritual uses story making and embodied action to empower women. Ritual far from being a timeless and universal practice is shown to be a contextual and gendered performance in which women subvert conventional distinctions of private and public. The book combines narrative and case study material and draws on feminist theology and theory, social anthropology and gender studies.

Canon Revisited Michael J. Kruger, 2012-04-30 Given the popular level conversations on phenomena like the Gospel of Thomas and Bart Ehrman's Misquoting Jesus as well as the current gap in evangelical scholarship on the origins of the New Testament, Michael Kruger's *Canon Revisited* meets a significant need for an up-to-date work on canon by addressing recent developments in the field. He presents an academically rigorous yet accessible study of the New Testament canon that looks deeper than the traditional surveys of councils and creeds, mining the text itself for direction in understanding what the original authors and audiences believed the canon to be. *Canon Revisited* provides an evangelical introduction to the New Testament canon that can be used in seminary and college classrooms and read by pastors and educated lay leaders alike. In contrast to the prior volumes on canon, this volume distinguishes itself by placing a substantial focus on the theology of canon as the context within which the historical evidence is evaluated and assessed. Rather than simply discussing the history of canon, rehashing the Patristic data, yet again Kruger develops a strong theological framework for affirming and authenticating the canon as authoritative. In effect, this work successfully unites both the theology and the historical development of the canon, ultimately serving as a practical defense for the authority of the New Testament books.

Restoration through Redemption: John Calvin Revisited Henk van den Belt, 2013-01-08 *Restoration through Redemption* offers examples of three ways in which John Calvin's theology can be revisited by analysis, assessment, and reception. This volume contains analyses of Calvin's position on the Trinity and on politics as well as assessments of his theology for evolutionary biology and comparative ecclesiology. It also discusses the reception of his heritage for instance in North America and South Africa. The central theme in this volume is Calvin's approach to the renewal of creation that hinges on Christ the Redeemer. One of the golden threads is Calvin's emphasis upon the meditatio on the future life, the turning of the believer towards the eschatological perspective. Contributors include J. Todd Billings, Johan Buitendag, Jaeseung Cha, Ernst M. Conradie, Roger Haight, I. John Hesselink, Rinse Reeling Brouwer, Philippe Theron, Henk van den Belt, Gijsbert van den Brink, Cornelis van der Kooij, H. Amie van Wyk, J. M. Koos Vorster, Nico Vorster, Robert Vosloo, and Paul Wells.

a contemporary Pentecostal theology grounded in worship and witness The theological vision expounded here is grounded in the Pentecostal story with its emphasis upon the fivefold Gospel The doxological confession of Jesus as Savior Sanctifier Spirit Baptizer Healer and soon coming King provide the basic organizational structure of a Pentecostal narrative theology Each chapter takes seriously these central convictions and allows them to shape form and reform various theological loci Important issues such as methodology hermeneutics and theology as embodied worship and witness are addressed The result is a vibrant and integrative theology fueled by a dynamic spirituality

Galileo's Inquisition Trial Revisited Jules

Speller,2008 This book shows that the known accounts of Galileo s trial leave many important facts unexplained or even clash with them A most careful reading of the relevant documents and treatises backs an interpretation which has Pope Urban VIII sue Galileo for denying God s omnipotence or His omniscience by admitting the absolute truth of Copernicanism The Pope s opinion results from an argument he fully trusts together with his belief that Galileo failed to fulfill a condition to which the publication of the Dialogue was subjected That the trial does not end with a conviction for Urban s awful formal heresy but merely for vehement suspicion of heresy with the heresy consisting in the pseudo heretical belief in a doctrine contrary to the Bible all this is due to the existence of a Galileo friendly party inside the Holy Office led by Cardinal Francesco Barberini and powerful enough to wring a compromise from the Pope

The English Reformation Revisited David

Salvato,2018-12-04 This book is a comparative study of two Church Communities specifically the Anglican Communion and the Universal Catholic Church It demonstrates what caused the Church in England to break away from the Catholic Church and focuses on how English Law has influenced the Church of England since the sixteenth century and how the Common Law

system has molded its doctrine and ecclesiology In its comparison it follows the Churches histories from their inception up until the English Reformation It highlights the differences between the two Church Communities from that time and gives a detailed study of the two Church Communities understanding of law authority and ecclesiology and how these influence the governing aspects of their respective communities Concomitantly it discusses the differences between the two main figures of each Community the Pope and the Archbishop of Canterbury This book will appeal to Anglicans Catholics historians lawyers theologians and Christians in general **Constantine Revisited** John D. Roth, 2013-06-27 This collection of essays continues a long and venerable debate in the history of the Christian church regarding the legacy of the Roman emperor Constantine the Great For some Constantine s conversion to Christianity early in the fourth century set in motion a process that made the church subservient to the civil authority of the state brought a definitive end to pacifism as a central teaching of the early church and redefined the character of Christian catechesis and missions In 2010 Peter J Leithart published a widely read polemic *Defending Constantine* that vigorously refuted this interpretation In its place Leithart offered a thoroughgoing rehabilitation of Constantine and his legacy while directing a rhetorical fusillade against the pacifist theology and ethics of the Mennonite theologian John Howard Yoder The essays gathered here in response to Leithart reflect the insights of eleven leading theologians historians and ethicists from a wide range of theological traditions They engage one of the most contentious issues in Christian church history in irenic fashion and at the highest level of scholarship In so doing they help ensure that the Constantinian Debate will continue to be lively substantive and consequential The British National Bibliography Arthur James Wells, 1998
