How Marriage Became One of the Sacraments Philip L. Reynolds, 2016-06-30 An indispensable guide to how marriage acquired the status of a sacrament This book analyzes in detail how medieval theologians explained the place of matrimony in the church and her law and how the bitter debates of the sixteenth century elevated the doctrine to a dogma of the Catholic faith

The "Supernatural Powers" in the Marriage Sacrament: Christ's Unique Saving Gift to Husband and Wife Jeff Edward Poulin, 2023-04-10 Entrenched in the teachings of the Church and enriched by the Bible is an untapped wealth of truth and what Pope Pius XI in his encyclical Casti Connubii calls supernatural powers concerning sacramental marriage that awaits those willing to undergo the journey In this book The Supernatural Powers in the Marriage Sacrament those who seek will indeed find that through a systematic and tenable development of marriage its mystery is not only illustrated and unveiled but perpetuated in the supernatural gifts that Christ has embedded in this vocational Sacrament Throughout these pages as the marital union unfolds through the lens of Christ across the Old and New Testaments Christian spouses will be moved by the depth of their own calling and inspired with renewed vigor to pick up the torch and to live out that life a life which has been ordained by God in holiness as a truly unique and efficacious revelation of the redeeming power of Christ In Part I of The Supernatural Powers in the Marriage Sacrament the first seven

chapters are specifically designed to lead deacons, catechists and lay Catholics especially husbands and wives to learn through a gradual yet intensively biblical and theological journey towards the unveiling of the unique redeeming gift to spouses that which is seen established and empowered through Christ at the Cross. Here one finds the specific dynamics of that Sacramental gift unpacked and the sound spiritual evidence laid out for why there is such an absence of this marital fruit in our modern era. In Part II Poulin then unpacks in greater detail how marriage and the gender of husband and wife serve as a revelation about man, salvation and the Blessed Trinity and just how the religious life falls within that plan without contradiction or constraint. Lastly in Part III Jeff Poulin puts under the microscope through the lens of the Church the powerful words of St Paul in 1 Corinthians 7:14 and defends the charge that the simplest Catholic explanation that which is often dismissed merits a serious second look.

Christ the Sacrament of the Encounter with God Edward Schillebeeckx, 1987-06. A reprinting of Schillebeeckx's classic work. A standard in understanding the relationship between Christ, Sacrament and the Church. A positive and constructive ecclesial theology.

Sacramental Forgiveness as a Gift of God Eric Luijten, 2003. What is the theological place of the Holy Spirit with respect to the forgiveness of sins in the sacrament of penance? This study examines the role of the Spirit in the theology of sacramental forgiveness of Thomas Aquinas (1224-1274) who is often blamed for the *Geistvergessenheit* of Western theology. In the first part of this study it is shown that in Thomas' theology notions like guilt and forgiveness function within the context of a relationship of friendship between God and human beings. Constitutive for this relationship is the indwelling of God which is appropriated to the Holy Spirit. It is explained that Thomas understands appropriation i.e. the practice of ascribing to divine Persons individually what belongs to the divine essence in general as a part of proper God talk which takes into account the limitations of our language vis-à-vis God. In the second part of this study it is argued that the notion of the causality of the sacrament of penance i.e. that it effects the forgiveness of sins that it signifies can only be evaluated properly if the sacrament of penance is not only seen as prolongation of the incarnation i.e. the visible mission of the Son but also as accompanied by the continuous invisible mission of the Holy Spirit. Eric Luijten (1964) has been a research fellow of the Catholic Theological University at Utrecht, the Netherlands and at present is rector of studies of the Arienskonvik, the priest seminary of the archdiocese Utrecht and the diocese Groningen.

The Plan of Salvation Benjamin Breckinridge Warfield, 1915. *The Christian Sacraments* Orcegeneth Fisher, 1871. The second edition, reviewed by the author. [Translated by R. S.] Philippe de Mornay (seigneur du Plessis-Marly), 1600. *The Church and the Sacraments* P. T. Forsyth, 1996-12-02. To be a Christian is not to attach one's salvation to a grand individual but it is to enter Christ and to enter Christ is the same act to enter the Church which is in Christ. P. T. Forsyth.

The Gift of Confession Michael De Stoop, 2007. The best way to help people to appreciate this Sacrament is to elucidate the many benefits we receive from it. This book focuses on 25 striking

things that Confession affords It demonstrates that Confession gives us much more than it takes away Taking negative things sin away is one thing for which this Sacrament is well known but how many people think of the Sacrament of Reconciliation in terms of the positive things it provides for us This positive approach is a welcome alternative to viewing this Sacrament simply in relation to sin It is informative and entertaining as it is illustrated with interesting analogies true stories Church teaching quotations from the saints and answers to popular questions This book will touch the hearts and enlighten the minds of many saints and sinners teachers and witnesses George Cardinal Pell Archbishop of Sydney Fr Michael de Stoop is Director of Vocations Sydney Australia

Efficacious Engagement Kimberly Hope Belcher,2011 The long standing tradition of baptizing infants suggests that the sacraments plunge our bodies into salvation so the revelation of God's love in the sacraments addresses the whole person not the mind alone In this work the contemporary Roman Catholic rite of baptism for infants becomes a case study manifesting the connections between the human body the ecclesial body and the Body of Christ The sacramental life for children as for adults is an ongoing journey deeper into the life of the Father the Son and the Holy Spirit By examining the church's practice of infant baptism Kimberly Hope Belcher asks how human beings participate in God's life through the sacraments Christian sacraments are embodied cultural rituals performed by and for human beings At the same time the sacraments are God's gifts of grace by which human beings enter into God's own life In this study contemporary ritual studies sacramental theology and trinitarian theology are used to explore how participation in the sacraments can be an efficacious engagement in God's life of love Kimberly Hope Belcher is an assistant professor of theology at Saint John's University where she teaches sacramental theology and ritual studies She is a member of the North American Academy of Liturgy and writes for the liturgical blog Pray Tell

Sacraments of Initiation, Second Edition Liam G. Walsh OP,2022-01-07 This title is no longer available The original edition of this book presented a theology of sacraments that emerged out of a Church stirred into new life by the Second Vatican Council It is a theology that can claim to have been continuously received in the Catholic Church since then It is the theology that has been widely practiced and preached in pastoral life has been given catechetical shape in the Catechism of the Catholic Church However during the past 23 years some trends developed in pastoral theology and practice that were taking directions that seemed hard to reconcile with the decisions of the Council This new edition examines the way some theological counter currents have developed over those years both in theory and in practice The sacramental theology contained in this study maintains the broad on going

agreement between what it proposes and mainstream Church teaching and practice The book examines the tradition of sacramental practice and teaching Biblical and historical studies continue to uncover new riches of the tradition and recent findings are discussed A careful listening to the tradition of rite and word is truly indispensable for sacramental theology It was out of such listening that Vatican II teaching on sacraments emerged and provision was made for recovering the full richness of the tradition Not all of the recent theological speculations and pastoral strategies given an equally serious acknowledgement to the tradition The liturgies that are studied in this book have been given to the Church in the wake of Vatican II The historical chapters will show the liturgies to be a contemporary expression of fidelity to core values of the Apostolic Tradition The chapters on the rite of each sacrament are mainly descriptive and historical but also include anthropological reflections that unveil the human significances of the various rites The chapters on the word examine the biblical and traditional word spoken in the churches about each sacrament and conclude with what is called a systematic essay The bibliography has updated to reflect the development in the field
