Sacred Earth Spirits Of The Landscape An:

Spirit of Earth Kirsty E. Green, 2018-06-21 In *Spirit of Earth* author Kirsty E Green shares her spiritual journey as a healer through the forests in her home state of Victoria. Many visions of earth mother were presented through meditation and reflection as she travelled through the various landscapes and experienced the spirit of earth. This included meetings with mountain divas, elementals, animal totems and sacred spirit energy. Green tells how she was guided and pulled toward meetings with animal totem energies during her spiritual quest for healing and merging with lost parts of the self. Green narrates how through quiet and reverent practice you too can surrender to a timeless quality of conscious awareness and deep peace that is your birthright. From this deep peace you can reawaken and redirect your potential. She reminds you of the fragile state of rich ecosystems and the abundance in many forms of life within old growth forests. A thoughtful summary of a fascinating and ongoing deep relationship with sacred Mother Earth. *Spirit of Earth* alerts you to the sacred treaty of unconditional love and protection of forest and ocean areas that are essential to survival of all life on this planet. **This Sacred Earth** Roger S. Gottlieb, 2003-11-07 Updated with nearly forty new selections to reflect the tremendous growth and transformation of scholarly theological and activist religious environmentalism, the second edition of *This Sacred Earth* is an unparalleled resource for the study of religion's complex relationship to the environment. **Sacred Earth** Arthur Versluis, 1992-06 Placing Native American spirituality in the context of the world's great religions, *Sacred Earth* contrasts contemporary society's arrogant belief in its own power with native traditions of reverence for the earth. This eye-opening journey through the terrain of Native American spirituality is an urgent call to rediscover and become firmly grounded on the sacred earth again. **Sedona, Sacred Earth** Nicholas Mann, 2005-02-01 The completely revised and updated edition of *Sedona Sacred Earth* looks at the spectacular landmarks of Arizona's Red Rock Country and suggests some startling new interpretations. Investigation into Native American legends and the application of ideas drawn from geomancy, philosophy and vortex physics leads to the emergence of a pattern of alignments, sacred sites and vast geometrical and animating figures in the Sedona landscape. **Feng Shui for the Soul** Denise Linn, 2000-08-01 Bestselling author of *Sacred Space* and feng shui expert Denise Linn demonstrates how to create environments of harmony, spiritual balance and beauty at home and in all areas of life. Part One explains how to develop your intuition to understand the deeper meaning of your home. This includes tips on dowsing, finding the hidden message of your surroundings and how to deal with clutter. In Part Two the author presents little known information on how to activate the dynamic forces of nature within your home in order to revitalize your physical and spiritual health. In Part Three you gain an understanding of the ancient tradition of the Native American Medicine Wheel and teachings on the four cardinal directions, allowing you to bring energy and spirituality into your home and your life. Going much further than conventional works on feng shui, this unusual and practical book is a comprehensive look at both centuries old techniques and the latest research. It shows how to create a domestic and professional environment.
