

THIRD EDITION

SACRED FURY

UNDERSTANDING
RELIGIOUS VIOLENCE
CHARLES SELENGUT

Sacred Fury Understanding Religious Violence

Gregory A. Boyd

Sacred Fury Understanding Religious Violence:

Sacred Fury Charles Selengut, 2008-03-27 Charles Selengut's multidisciplinary approach to understanding the causes and effects of religious violence around the globe *Sacred Fury* Charles Selengut, 2017 From ISIS attacks to the conflict between Israel and Palestine *Sacred Fury* explores the connections between faith and violence in world religions Author Charles Selengut looks at religion as both a force for peace and for violence and he asks key questions such as how religious is this violence and what drives the faithful to attack in the names of their beliefs Revised throughout the third edition features new material on violence in Buddhism and Hinduism the rise of ISIS lone wolf terrorists and more This up to date edition draws on a variety of disciplines to comprehend forms of religious violence both historically and in the present day The third edition of *Sacred Fury* is an essential resource for understanding the connections between faith and violence

Sacred Fury Charles Selengut, 2008-04-07 History marred with the actions of fundamentalist and extremist groups continues to highlight religion as a cause for violent action But how religious is this violence And what drives the faithful to attack in the name of their beliefs Charles Selengut brings together approaches from a wide range of disciplines to comprehend forms of religious violence around the globe Drawing on the Israeli Palestinian conflict the 9 11 attacks Heaven's Gate the Catholic sex abuse scandals and many other recent cases *Sacred Fury* explains the logics behind these faith driven acts In this expanded second edition Selengut pays special attention to the Iraq War and the theology and organization of Al Qaeda *Sacred Fury* Charles Selengut, 2017-01-12 From ISIS attacks to the conflict between Israel and Palestine *Sacred Fury* explores the connections between faith and violence in world religions Author Charles Selengut looks at religion as both a force for peace and for violence and he asks key questions such as how religious is this violence and what drives the faithful to attack in the names of their beliefs Revised throughout the third edition features new material on violence in Buddhism and Hinduism the rise of ISIS lone wolf terrorists and more This up to date edition draws on a variety of disciplines to comprehend forms of religious violence both historically and in the present day The third edition of *Sacred Fury* is an essential resource for understanding the connections between faith and violence **Towards African Missiology** Francis Anekwe Oborji, 2020-11-22 This volume reflects on a credible and a new language of Christian mission in Africa The author's thoughts and approaches not only provide a missiological insight which contribute to the repertoire of expanding fresh ideas in the missiological studies but also serves the purpose of highlighting the active participation of Africans in the missionary mandate of Jesus Christ In other words the scope of missiology needs a contextualized interpretation Thus he proposes a proactive language for missiology in Africa thereby underlining Africans as normal and full members of the human family In the light of the Vatican II mission theology the new language should be based on the fact that Africans will grow and do better in admiration and not in sympathy Interestingly the arguments in this volume opens the space for the on going discussions in the mission of the church in the era of secularization and post modernity Consequently a new language for

missiology in Africa will come from the retrieval and modernization of our African cultural matrix pursued from the point of view of the daily struggles of the Africans themselves for survival which also addresses Africans in the spirit of cooperation

The Oxford Handbook of Religion, Conflict, and Peacebuilding Atalia Omer, R. Scott Appleby, David Little, 2015 The book provides a comprehensive overview of the literature on religion conflict and peacebuilding With a focus on structural and cultural violence the volume also offers a cutting edge interdisciplinary reframing of the scope of scholarship in the field

The Crucifixion of the Warrior God Gregory A. Boyd, 2017-04-17 A dramatic tension confronts every Christian believer and interpreter of Scripture on the one hand we encounter images of God commanding and engaging in horrendous violence one the other hand we encounter the non violent teachings and example of Jesus whose loving self sacrificial death and resurrection is held up as the supreme revelation of God s character in the New Testament How do we reconcile the tension between these seemingly disparate depictions Are they even capable of reconciliation Throughout Christian history many different answers have been proposed ranging from the long rejected explanation that these contrasting depictions are of two entirely different gods to recent social and cultural theories of metaphor and narrative representation The Crucifixion of the Warrior God takes up this dramatic tension and the range of proposed answers in an epic constructive investigation Over two volumes renowned theologian and biblical scholar Gregory A Boyd argues that we must take seriously the full range of Scripture as inspired including its violent depictions of God At the same time we must take just as seriously the absolute centrality of the crucified and risen Christ as the supreme revelation of God Developing a theological interpretation of Scripture that he labels a cruciform hermeneutic Boyd demonstrates how Scripture s violent images of God are completely reframed and their violence subverted when they are interpreted through the lens of the cross and resurrection Indeed when read through this lens Boyd argues that these violent depictions can be shown to bear witness to the same self sacrificial character of God that was supremely revealed on the cross

In Search of Solutions Clinton Bennett, 2014-12-05 Religion has played a role in conflict throughout history with religious scriptures often being used to justify violence In Search of Solutions evaluates the role of religion in Northern Ireland Bosnia and Israel Palestine The book argues that religion has a tendency towards conflict and that peace is best guaranteed when human individuals commune directly with the divine without the mediation of organized religions Different approaches to the reading of scriptures are introduced drawing on post modern theory In Search of Solutions will be invaluable for the student seeking a clear overview of both the theory and the practice of religion in conflict resolution

Constructing Religious Martyrdom John Soboslai, 2024-05-31 This study offers a new understanding of martyrdom across four religious traditions analyzed through the lens of political theology

The Religious Aspects of War in the Ancient Near East, Greece, and Rome Krzysztof Ulanowski, 2016-07-11 The Religious Aspect of Warfare in the Ancient Near East Greece and Rome is a volume dedicated to investigating the relationship between religion and war in antiquity in minute detail The nineteen chapters are divided into three groups the

ancient Near East Greece and Rome They are presented in turn and all possible aspects of warfare and its religious connections are investigated The contributors focus on the theology of war the role of priests in warfare natural phenomena as signs for military activity cruelty piety the divinity of humans in specific martial cases rituals of war iconographical representations and symbols of war and even the archaeology of war As editor Krzysztof Ulanowski invited both well known specialists such as Robert Parker Nicholas Sekunda and Pietro Mander to contribute as well as many young talented scholars with fresh ideas From this polyphony of voices perspectives and opinions emerges a diverse but coherent representation of the complex relationship between religion and war in antiquity

Genocidal Crimes Alex Alvarez, 2009-12-04 *Genocidal Crimes* draws upon the extensive criminological literature on criminality and violence to provide a comprehensive and contemporary analysis of genocide Written in an accessible style this book differs from much of the writing on genocide in that it explicitly relies on criminological theory and research to help provide new insight into the nature and functioning of genocide

Hospitality and the Other Author, Amos Yong, 2015-03-04

Sin and Salvation in Reformation England Jonathan Willis, 2016-03-03 Notions of which behaviours comprised sin and what actions might lead to salvation sat at the heart of Christian belief and practice in early modern England but both of these vitally important concepts were fundamentally reconfigured by the reformation Remarkably little work has been undertaken exploring the ways in which these essential ideas were transformed by the religious changes of the sixteenth century In the field of reformation studies revisionist scholarship has underlined the vitality of late medieval English Christianity and the degree to which people remained committed to the practices of the Catholic Church up to the eve of the reformation including those dealing with the mortification of sin and the promise of salvation Such popular commitment to late medieval lay piety has in turn raised questions about how the reformation itself was able to take root Whilst post revisionist scholars have explored a wide range of religious beliefs and practices such as death providence angels and music there has been a surprising lack of engagement with the two central religious preoccupations of the vast majority of people To address this omission this collection focusses upon the history and theology of sin and salvation in reformation and post reformation England Exploring their complex social and cultural constructions it underlines how sin and salvation were not only great religious constants but also constantly evolving in order to survive in the rapidly transforming religious landscape of the reformation Drawing upon a range of disciplinary perspectives historical theological literary and material art historical to both reveal and explain the complexity of the concepts of sin and salvation the volume further illuminates a subject central to the nature and success of the Reformation itself Divided into four sections Part I explores reformers attempts to define and re define the theological concepts of sin and salvation while Part II looks at some of the ways in which sin and salvation were contested through confessional conflict polemic poetry and martyrology Part III focuses on the practical attempts of English divines to reform sin with respect to key religious practices while Part IV explores the significance of sin and salvation in the lived experience

of both clergy and laity Evenly balancing contributions by established academics in the field with cutting edge contributions from junior researchers this collection breaks new ground in what one historian of the period has referred to as the social history of theology *ICNT: Acts of the Apostles* Babu Immanuel Venkataraman,2016-07-05 The ICNT series aims to give a well informed exposition of the meaning of the text and relevant reflections in everyday language for today s Indian context The intended audience is the theological seminary or bible college both students and faculty However the commentaries are also suitable for pastors and lay people with an interest in theology The commentaries are culturally rooted and the various applications relating to culture society and religious life will help those involved in cross cultural evangelism and mission work There is no direct equivalent of the ICNT and hence this will be the first Indian commentary series serving India and hopefully the entire subcontinent India Nepal Bangladesh and Sri Lanka **Acts of the Apostles** Babu

Immanuel,2017-10-01 The India Commentary on the New Testament ICNT series aims to give a well informed exposition of the meaning of the text and relevant reflections in everyday language from a contemporary Indian context The intended audience is the theological seminary or bible college both students and faculty The commentaries are also ideal for pastors and lay people with an interest in theology or responsibilities for preaching in the local congregation The commentaries are culturally rooted and the various applications relating to culture society and religious life will help those involved in cross cultural evangelism and mission work There is no direct equivalent to the ICNT and hence this is the first Indian commentary serving India the entire subcontinent India Nepal Bangladesh and Sri Lanka and the world The ICNT is an affordable evangelical commentary series written by respected academics in everyday language providing a well informed meaning of the New Testament and practical reflections for modern India **The Secular Outlook** Paul Cliteur,2010-09-29 The

Secular Outlook In Defense of Moral and Political Secularism shows how people can live together and overcome the challenge of religious terrorism by adopting a secular outlook on life and politics Shows how secularism can answer the problem of religious terrorism Provides new perspectives on how religious minorities can be integrated into liberal democracies Reveals how secularism has gained a new political and moral significance Also examines such topics as atheism religious criticism and free speech **Religious Diversity--What's the Problem?** Rita M. Gross,2014-04-24 Once upon a time on grounds of both religion and common sense people assumed that the earth was flat and that the sun literally rose and set each day When newly developing knowledge made those beliefs untenable giving them up was difficult Today the belief that only one of the world s various religions is true for all people on earth is equivalent to the belief in a flat earth Both notions have become untenable given contemporary knowledge about religion Even though many people are still troubled by the existence of religious diversity today that diversity is a fact of life Religious diversity should be no more troubling to religious people than the fact that the earth is round and circles the sun This provocative book based on the author s longtime practice of Buddhism and comparative study of religion provides tools with which one can truly appreciate religious

diversity as a gift and resource rather than as a deficiency or a problem to be overcome After we accept diversity as inevitable and become comfortable with it diversity always enriches life both nature and culture

Moral and Spiritual Leadership in an Age of Plural Moralities Hans Alma, Ina ter Avest, 2019-01-17 In crisis situations such as terror attacks or societal tensions caused by migration people tend to look for explicit moral and spiritual leadership and are often inclined to vote for so called strong leaders Is there a way to resist the temptation of the simplistic solutions that these strong leaders offer and instead encourage constructive engagement with the complex demands of our times This volume utilises relational and dialogical perspectives to examine and address many of the issues surrounding the moral and spiritual guidance articulated in globalizing Western societies The essays in this collection focus on the concept of plural moralities understood as divergent visions on what is a good life both in an ethical aesthetic existential and spiritual sense They explore the political cultural context and consequences of plural moralities as well as discussing challenges possibilities risks and dangers from the perspective of two promising relational theories social constructionism and dialogical self theory The overarching argument is that it is possible to constructively put in nuanced moral and spiritual guidance into complex plural societies By choosing a clear theoretical focus on relational approaches to societal challenges this interdisciplinary book provides both a broad scope and a coherent argument It will be of great interest to scholars of social and political psychology leadership and organization religious studies and pedagogy

Holy War in Judaism Reuven Firestone, 2012-07-12 Holy war sanctioned or even commanded by God is a common and recurring theme in the Hebrew Bible Rabbinic Judaism however largely avoided discussion of holy war in the Talmud and related literatures for the simple reason that it became dangerous and self destructive Reuven Firestone's *Holy War in Judaism* is the first book to consider how the concept of holy war disappeared from Jewish thought for almost 2000 years only to reemerge with renewed vigor in modern times The revival of the holy war idea occurred with the rise of Zionism As the necessity of organized Jewish engagement in military actions developed Orthodox Jews faced a dilemma There was great need for all to engage in combat for the survival of the infant state of Israel but the Talmudic rabbis had virtually eliminated divine authorization for Jews to fight in Jewish armies Once the notion of divinely sanctioned warring was revived it became available to Jews who considered that the historical context justified more aggressive forms of warring Among some Jews divinely authorized war became associated not only with defense but also with a renewed *kibbush* or conquest a term that became central to the discourse regarding war and peace and the lands conquered by the state of Israel in 1967 By the early 1980 s the rhetoric of holy war had entered the general political discourse of modern Israel In *Holy War in Judaism* Firestone identifies analyzes and explains the historical conceptual and intellectual processes that revived holy war ideas in modern Judaism

Finding Meaning Ofra Mayseless, Pninit Russo-Netzer, 2021-10 This book implements a conceptual framework for examining the post modern sociocultural Israeli scene that facilitates and triggers a search for meaning among its contemporary citizens It combines

theory data and illustrative case studies to unravel a variety of significant and fundamental manifestations of this quest as it is seen under existential duress

The Enigmatic Realm of **Sacred Fury Understanding Religious Violence**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Sacred Fury Understanding Religious Violence** a literary masterpiece penned with a renowned author, readers attempt a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting affect the hearts and minds of people who partake in its reading experience.
