wonder why no one asked for help Or Did They **The National Geographic Magazine** ,1908 Indexes kept up to date with supplements **Desert Borderland** Matthew H. Ellis,2018-03-20 Desert Borderland investigates the historical processes that transformed political identity in the easternmost reaches of the Sahara Desert in the half century before World War I Adopting a view from the margins illuminating the little known history of the Egyptian Libyan borderland the book challenges prevailing notions of how Egypt and Libya were constituted as modern territorial nation states Matthew H Ellis draws on a wide array of archival sources to reconstruct the multiple layers and meanings of territoriality in this desert borderland Throughout the decades a heightened awareness of the existence of distinctive Egyptian and Ottoman Libyan territorial spheres began to develop despite any clear cut boundary markers or cartographic evidence National territoriality was not simply imposed on Egypt s western or Ottoman Libya s eastern domains by centralizing state power Rather it developed only through a complex and multilayered process of negotiation with local groups motivated by their own local conceptions of space sovereignty and political belonging By the early twentieth century distinctive Egyptian and Libyan territorial domains emerged what would ultimately become the modern nation states of Egypt and Libya *Pilgrims and Pilgrimages as Peacemakers in Christianity, Judaism and Islam* Antón M. Pazos,2016-04-08 Pilgrimages can be analysed as acts of conflict such as the Crusades or also as platforms for relationship building and rapprochement between religions With a set of contributions from leading experts in the field this book explores the concept of pilgrimage in Christianity Judaism and Islam Some specific examples of pilgrimages that helped to strengthen links between different religions or civilisations are explored ranging from Europe to Asia and from the Middle Ages to the twentieth century Even though every pilgrimage that is investigated here has helped to link different worlds the case studies show that this relationship rarely led to a better inter understanding Nowadays peaceful coexistence seems to be its greatest achievement **The Witch of Plum Hollow** Thaddeus William Henry Leavitt,1892 **The Dublin Review** Nicholas Patrick Wiseman,1898 **Kabbalistic Teachings of the Female Prophets** J. prophetess to the seven days of the week the seven sacred species of Israel the human body and Jewish holidays and rituals This book presents the kabbalistic teachings of these holy women and what they reveal about the initiatory path of individual development and redemption The seven prophetesses show that every person has a part to play in the repair of the world and Hieronimus gives a practical set of maps and spiritual guidelines for that journey **Primitive** Jo Odgers,Flora

Littell, Robert S. Littell, 1892 Vote of Faith Maya Mayblin, 2024-12-03 A richly cinematic and compelling look at priest politicians in Brazil and their religious and secular entanglements What does desire have to reveal about the nature of power Through a detailed focus on the lives and loves of Catholic priests as they enter the profane world of party politics Maya Mayblin explores the complex intersection of democracy patriarchy and religiosity in Brazil For over a hundred years Catholic priests have been running for government office challenging Brazil's constitutional separation of church and state and its self image as a modern secular nation Priests find themselves walking a tightrope between religious and secular demands in one of Brazil's poorest regions *Vote of Faith* is a beautifully crafted ethnography based upon decades of fieldwork that tells the story of the ambiguous and frequently transgressive relationship between Catholicism and state governance a relationship ultimately mediated by kinship gender and sexuality For the protagonists of *Vote of Faith* democracy becomes a sphere in which divine will and human ambition compete with one another a tension embedded in the vernacular concept of faith In the Brazilian context faith signifies a complex set of assumptions about the nature of the world assumptions derived not just from Christianity but also from Afro Brazilian and secular ideas about power causation and human agency In combining ethnographic theological and feminist perspectives *Vote of Faith* places desiring bodies at the very heart of Catholicism's complex connection to multiple forms of power and offers provocative new angles on the question of the secular The first work by an anthropologist to explore the unique phenomenon of the mayor priest this book offers an essential new angle on emerging debates about secularity as the condition of separation of the religious from the political Brimming with originality *Vote of Faith* is required reading for those interested in the gendered and sexual dimensions of the secular the plasticity of religion and the fundamental nature of the world's largest religious institution **Buddhism** Alice Leighton Cleather, Basil Woodward Crump, 1928 *Saved and Sanctified* Deidre Helen Crumbley, 2012-04-22 On one level this book tells a very particular story of a church started by a charismatic woman born just 16 years after the Emancipation Proclamation which not only survived the death of the founder but also institutionalised power sharing by female and male elders On another level it tells a more universal human story of institution building establishing community and pursuing a life of faith while negotiating rapidly changing and often adversarial social realities Robert Fergusson and the Scottish Periodical Press Rhona Brown, 2016-04-08 Though Robert Fergusson published only one collection of poems during his lifetime he was a fixture in the Scottish periodical press Rhona Brown explores Fergusson's poetic output in its immediate periodical context enabling a new understanding of Fergusson's contribution to poetry that also enlarges on our understanding of the Scottish periodical press Focusing on the development of his career in Walter Ruddiman's *Weekly Magazine* Brown situates Fergusson's poetry alongside contemporary events that expose Fergusson's preoccupations with the frivolities of fashion theatrical culture the economic status of Scottish manufacture and politics At the same time Brown offers fascinating insights into the political climate of Enlightenment Scotland and shows the *Weekly Magazine* in

relationship to the larger Scottish and British periodical milieus She concludes by exploring reactions to Fergusson's death in the British periodical presses arguing that contrary to critical consensus the poet's death was ignored neither by his own country nor by the larger literary community A Sketch of Semitic Origins George Aaron Barton,1902 *Maternal Metaphors of Power in African American Women's Literature* Geneva Cobb Moore,2017-03-31 An in depth examination of Black women's experiences as portrayed in literature throughout American history Geneva Cobb Moore deftly combines literature history criticism and theory in *Maternal Metaphors of Power in African American Women's Literature* by offering insight into the historical black experience from slavery to freedom as depicted in the literature of nine female writers across several centuries Moore traces black women writers creation of feminine and maternal metaphors of power in literature from the colonial era work of Phillis Wheatley to the postmodern efforts of Paule Marshall Alice Walker and Toni Morrison Through their characters Moore shows how these writers re created the identity of black women and challenge existing rules shaping their subordinate status and behavior Drawing on feminist psychoanalytic and other social science theory Moore examines the maternal iconography and counter hegemonic narratives by which these writers responded to oppressive conventions of race gender and authority Moore grounds her account in studies of Wheatley Harriet Jacobs Charlotte Forten Grimké Jessie Fauset Nella Larsen and Zora Neale Hurston All these authors she contends wrote against invisibility and powerlessness by developing and cultivating a personal voice and an individual story of vulnerability nurturing capacity and agency that confounded prevailing notions of race and gender and called into question moral reform In these nine writers construction of feminine images real and symbolic Moore finds a shared sense of the historically significant role of black women in the liberation struggle during slavery the Jim Crow period and beyond A foreword is offered by Andrew Billingsley a pioneering sociologist and a leading scholar in African American studies
