The Precision Diamond Bridge Bidding System Ken Casey, 2019-06-19 The Precision Diamond system provides a solution to the flaws in the Standard American bidding convention SAYC There are 6 notable features of my bidding system The 1st feature is the ability of the responder to show his 5 card major suit immediately using the Casey Jacoby Transfer The 2nd feature is that Precision Diamond permits the opener to show his points within a 2p range from 16 21 points using the Casey Shift and the Strong 2 opening The 3rd feature is the ability of the overcaller to show his 4 card major suit immediately by assigning 1NT to show 4s The 4th feature of Precision Diamond is the ability of the Keycard Asker in a slam contract to ascertain whether the opener has the trump queen using the Casey RKC method The 5th feature is the ability of the opener to show keycards including the trump queen at the 4 level in the case of a minor suit slam attempt using Minorwood The 6th feature is the ability of the opener to find a slam with a minor suit fit using the Casey Minor Rebid convention

Bidding More Precisely Ken Casey,2018-04-27 This book is designed to highlight the advantages and disadvantages of the three major bidding systems Standard American 2 1 and Precision Club as well as the Bergen Raise system Solutions are offered for each disadvantage Proposals for additional conventions such as the weak NT and Jacoby transfers are contained in a simplified model chart of each system There are also innovative proposals for showing a five card major overcalls and slam bidding You will also find chapters on various conventions irregularities in bidding probabilities filling out the convention card playing in a team event and scoring **THE CASEY TWO OVER ONE BRIDGE BIDDING SYSTEM** Ken Casey,2024-01-17 This book contains an innovation that makes it much easier to bid slams This innovation will enable the bridge community to dramatically increase its bidding of grand slams This book incorporates the 2 1 Game Force bidding system for major suit opening This book also expands the Game Force system to partners holding 5 spades and an opening hand The forcing response when R has 6 12p and a spade response is modified to show if O has 3 card spade support The traditional 2 1 system is modified by the mechanics of a fast arrival convention to show game level points In addition a simple worthless suit convention using a single bid is employed to show a worthless suit as opposed to the more complicated control system used in traditional 2 1 For minor suit openings the book presents a simple method for using reverses The book also shows how to use the Jacoby Transfer mechanism to show R s 5 card major The book then shows how R can effectively use inverted minors to hamper the opponents bidding The book next shows how to bid overcalls of a 4 card heart suit to hamper the opponents from finding their spade suit The book outlines the Kantar slam bids and shows how to locate the trump Queen

after a 4NT bid Finally the book shows how to improve slam bidding using the Minorwood convention Ken has published 5 core books on how to play bridge Beginning Bridge 5th ed 2023 Tournament Bridge for Intermediate Players 5th ed 2021 Advanced Bridge 4th ed 2021 Bridge Defense 4th ed 2020 and Bridge for Notrump Contracts 4th ed 2020 Ken served as a Russian interpreter during the Vietnam War and then spent over 30 years practicing as a tax attorney Ken also has an MBA in accounting and a CPA

TIMM, PH.D.,2014 The 2 1 Game Force bidding system is an improvement over the Standard American System that has been in effect and played by bridge players for many years The advantage of the 2 1 system is that it allows the partnership to know that game is possible with only a single bid In this book I have tried to present the fundamental aspects of the bidding structure for playing a pure Two Over One Game Force system of bidding In this book I have tried to change behavior by presenting a series of bids geared toward the 2 1 bidding structure that includes Bergen Reverse Bergen and Combined Bergen Raises inverted minor suit raises with crisscross and flip flop cuebidding modified scroll bids and many more methods not used in Standard American or Precision In the fourth edition the Minorwood Convention has been expanded and several variations of the Flannery Convention are included in this edition I have added the Hello and SCUM conventions used to interfere over strong notrumps and a Modified Landy convention designed to compete over partnerships that employ a weak notrump bid The Equal Level Conversion ELC double is discussed in Chapter 6 and additional material on slam bidding has been added to Chapter 3 The material on two way new minor forcing and the Gazilli Convention has been expanded upon in Chapter 1 and Jacoby transfers with a superaccept structure has been added to Chapter 2 Finally a new chapter that reviews the new Italian System of bids called Fantunes has been included in this edition The System has been modified to be in compliance with the General Convention Chart

D., 2011-05-20 The 2 1 Game Force bidding system is an improvement over the Standard American System that has been in effect and played by bridge players for many years The advantage of the 2 1 system is that it allows the partnership to know that game is possible with only a single bid In this book I have tried to present the fundamental aspects of the bidding structure for playing a pure Two Over One Game Force system of bidding This is not a book on conventions it is a book about bridge that incorporates conventions that allow the partnership to reach game or slam In this regard I have incorporated modern methods for hand evaluation developed by Marty Bergen New bidding conventions like SARS Shape Asking Relays after Stayman Quest transfers and an overview of Bridge Rules and Laws that I hope will improve your approach to the bidding structure you may use today In this second edition I have included additional Bridge Rules expanded and added material in several sections and included many more conventions common to the 2 1 Game Force System This edition includes the Montreal club and diamond relay bids the Kennedy club the Kaplan interchange bid the Ekren 2 convention picture bids the forcing pass masked mini splinters the Ingberman and Ping Pong conventions and the Marvin two spades convention among others Finally a new chapter on Precision called Simplified

Precision has been added Bridge Game Guide Ava Thompson, AI, 2025-02-17 Bridge Game Guide is a comprehensive resource designed to elevate your contract bridge skills focusing on bidding systems gameplay strategies and adherence to World Bridge Federation WBF regulations It s structured as both a reference and a practical manual aiming to improve your understanding and execution of the game Did you know that mastering bidding systems is crucial for conveying hand strength and distribution enabling precise contract selection Also grasping WBF rules ensures fair play and adherence to competitive bridge standards The book uniquely emphasizes the practical application of theoretical knowledge bridging the gap between learning bidding conventions like Standard American and Two Over One Game Force and excelling in tournament performance Beginning with fundamental concepts such as scoring and terminology the guide progresses systematically through bidding systems declarer play defensive techniques and card reading skills It culminates with ethical considerations and tournament etiquette using practical hand examples and quizzes to reinforce learning The guide s approach is to blend established bridge theory with the wisdom of expert players using real life tournament scenarios to illustrate key concepts By combining theoretical knowledge with practical examples the book provides a deeper understanding of the logic and strategy that can be immediately applied at the bridge table **On Bidding** Alan Truscott, Phillip Alder, 1990-05-15 From Simon Schuster On Bidding now revised and updated is Alan Truscott s Bridge Columnist for The New York Times Albert Morehead s classic work on the principles of Bridge Judgment Alan Truscott s On Bidding explains the principles of standard American bidding and discusses point count valuation openings responses conventions and overcalling strategy **Competitive Bidding in the 21st Century** Marshall Miles, 2000 In this book Miles addresses the complex arena of competitive bidding methods for the more advanced player He discusses current thinking and recommends methods which will continue to be playable as bridge enters its second century This book will appeal to fairly serious players only There are two earlier books on this topic by the same author 5 and 10 years old respectively and therefore superseded by this new work **The Book of Card Games** Peter Arnold, 1995 The object of this new book is to explain how to play the world s best card games as clearly as possible Technical terms have been kept to a minimum and defined as they arise and example deals have been used where appropriate Jacket The Optimal Modified 2/1-Club System Neil H. Timm Ph.D., 2022-03-23 My goal for The Modified Optimal 2 1 Club System is to show how to use the Optimal Point Count OPC method of hand evaluation developed by Patrick Darricades in his book Optimal Hand Evaluation 2019 to improve the dialogue between two players to achieve an optimal bridge contract The primary objective is to demonstrate how to apply the new system approach to contract bridge by illustrating a more accurate method of hand evaluation whether you play 2 1 Standard American SA Acol or Precision among others The Two over One 2 1 Game Force bidding system was an improvement over the SA System that has been in effect and played by bridge players for many years Many claim that the advantage of the 2 1 system allows the partnership to know that game is possible with only a single bid provided one has 13

points As we shall see for suit contracts it is only true if the opening 2 1 bidder has 15 points not 12 13 points since 25 26 points do not result in game whenever a singleton in one hand finds wasted honor points in partner's hand Yet most 2 1 conventions call for 13 High Card Points HCP Another flaw of the 2 1 approach is the fact that opening 1 level suit bids have a wide bidding range 12 21 To eliminate this flaw the principles of Pinpoint Precision with 1 18 points and new responses associated with a new and improved hand evaluation method A major flaw of most Strong Club opening bids is that they are based solely on HCPs with opening bids of 1 16 17 HCP To correct these flaws among others the search for a better hand evaluation method and a better bidding system has been unrelenting Hand evaluation methods have been popularized by Milton Work Charles Goren Marty Bergen and Petkoy Zar and others All falling short when applied to the commonly used dialogue bidding systems The Optimal Point Count OPC method of hand evaluation corrects the many flaws of prior hand evaluation methods when applied to any bidding system In this book many traditional standard bidding practices that do not help to show suit fit and distribution are to be avoided or re-defined Splinters and mini splinters which show the location of voids and singletons to help locate wasted honors the XYZ bidding convention cue bidding and new bids for the investigation of game and slam are among the cornerstone conventions reviewed in this book Newly defined 2 and 3 level bids to show hands with 6 7 card suits are defined to prevent the opponents from finding their optimal contract and to improve upon difficult bidding sequences using traditional bidding strategies The evaluation of one's Offense to Defense Ratio ODR why many well known bidding sequences must be avoided and an analysis of several old standard bridge laws rules are reviewed to show why they need not be used to improve one's judgement if one employs the OPC method
