Saddam Hussein President Of Iraq:

Saddam Hussein: President of Iraq , The American Broadcasting Co Inc presents the 2001 article entitled Saddam Hussein President of Iraq Iraqi President Saddam Hussein 1937 has been the political leader of Iraq for the past two decades While the controversial president claims to be leading his people to new glory Iraq is bankrupt and the country is under economic sanctions Hussein has been a member of the socialist Baath party since his years as a student Hussein led revolts during his rise to power Saddam Hussein Shiva Balaghi,2006 Explains key aspects of Saddam Hussein s life within the context of the history of Iraq in the twentieth century **Saddam Hussein** Efraim Karsh,Inari Rautsi,2007-12-01 Probably the best biography of Saddam Hussein it presents a coherent view of a man who has generated a good deal of mythology Roger Hardy BBC World Service Authors Efraim Karsh and Inari Rautsi experts on Middle East history and politics have combined their expertise to write what is largely considered the definitive work on Iraq s fifth president Drawing on a wealth of Iraqi Arab Western and Israeli sources including interviews with people who have had close contact with Saddam Hussein throughout his career the authors trace the meteoric transformation of an ardent nationalist and obscure Ba ath party member into a dictator and geopolitical player From Saddam s key role in the violent coup that brought the Ba ath party to power to the Iran Iraq War the Gulf War and beyond Karsh and Rautsi present a detailed biography that skillfully interweaves analysis of Gulf politics and history Now with a new introduction and epilogue this authoritative biography is essential for understanding the life and influence of this modern tyrant *Saddam Hussein* Dale Anderson,2004 A biography of the powerful president of Iraq Saddam Hussein whose rule began in 1979 with a coup and the assassination of sixty six men who were allegedly conspiring against him *The Clinton Years* Shirley Anne Warshaw,2014-05-14 Comprehensive and easy to navigate The Clinton Years gives readers a full perspective of Bill Clinton s presidency from his successful economic policies to his relations with Monica Lewinsky This comprehensive A to Z reference contains more than 250 biographical entries examining the main politicians and foreign leaders during the administration and includes a number of primary source documents such as presidential speeches and executive decisions Debriefing the President John Nixon,2016-12-27 Debriefing the President presents an astounding candid portrait of one of our era s most notorious strongmen John Nixon the first man to conduct a prolonged interrogation of Hussein after his capture offers expert insight into the history and mind of America s most enigmatic enemy In December 2003 after one of the largest most aggressive manhunts in history US military forces captured Iraqi president Saddam Hussein near his hometown of Tikrit Beset by body double rumors and false alarms during a nine month search the Bush administration needed positive identification of the prisoner before it could make the announcement that would rocket around the world At the time John Nixon was a senior CIA leadership analyst who had spent years studying the Iraqi dictator Called upon to make the official ID Nixon looked for telltale scars and tribal tattoos and asked Hussein a list of questions only he could answer The man was indeed Saddam Hussein but as Nixon learned in the

ensuing weeks both he and America had greatly misunderstood just who Saddam Hussein really was After years of parsing Hussein's leadership from afar Nixon faithfully recounts his debriefing sessions and subsequently strips away the mythology surrounding an equally brutal and complex man His account is not an apology but a sobering examination of how preconceived ideas led Washington policymakers and the Bush White House astray Unflinching and unprecedented Debriefing the President exposes a fundamental misreading of one of the modern world's most central figures and presents a new narrative that boldly counters the received account

Leaders and Their Followers in a Dangerous World Jerrold M. Post, 2004 Post is a pioneer in the field of political personality profiling He may be the only psychiatrist who has specialized in the self-esteem problems of both Osama bin Laden and Saddam Hussein The New Yorker Policy specialists and academic scholars have long agreed that for U.S. leaders to deal effectively with other actors in the international arena they need images of their adversaries Leaders must try to see events and indeed their own behavior from the perspective of opponents Faulty images are a source of misperceptions and miscalculations that have often led to major errors in policy avoidable catastrophes and missed opportunities History supplies all too many examples from the Foreword What impels leaders to lead and followers to follow How did Osama bin Laden the son of a multibillionaire construction magnate in Saudi Arabia become the world's number one terrorist What are the psychological foundations of man's inhumanity to man ethnic cleansing and genocide Jerrold M. Post contends that such questions can be answered only through an understanding of the psychological foundations of leader personality and political behavior Post was founding director of the Center for the Analysis of Personality and Political Behavior for the CIA He developed the political personality profiles of Menachem Begin and Anwar Sadat for President Jimmy Carter's use at the Camp David talks and initiated the U.S. government's research program on the psychology of political terrorism He was awarded the Intelligence Medal of Merit in 1979 for his leadership of the center In this book he draws on psychological and personality theories as well as interviews with individual terrorists and those who have interacted with particular leaders to discuss a range of issues the effects of illness and age on a leader's political behavior narcissism and the relationship between followers and a charismatic leader the impact of crisis-induced stress on policymakers the mind of the terrorist with a consideration of killing in the name of God and the need for enemies and the rise of ethnic conflict and terrorism in the post-Cold War environment The leaders he discusses include Fidel Castro Osama bin Laden Saddam Hussein Kim Jong Il and Slobodan Milosevic
