Addison, 2011-05-10 When in 1978 as a participant in a teacher exchange programme the author accompanied by his wife and young family exchanged his boring existence in Grangemouth in central Scotland for life in Missoula Montana in the western United States he could not have foreseen just how much of a life changing experience it would be not just for him and his family but for his exchangee as well He was prepared for a less formal atmosphere in the classroom while for their part his students had been warned that he would be Mr Strict It was not long before this clash of cultures reared its ugly head and the author found himself in big trouble But as he had found out from the very instant he arrived on the continent just because we share a common language

it doesn't mean Americans do things the same way And the Montanans he was to discover do things more differently still
There were times in the beginning when he wished he had stayed at home in his boring but safe existence in Scotland and
there were times when life got more than just a little bit too exciting for comfort But mainly this is a heart warming and
humorous tale of how this Innocent abroad confronted with one culture shock after another overcame his trials and
