Scripture and Tradition Azzan Yadin-Israel, 2014-12-17 The earliest rabbinic commentary to the Book of Leviticus the Sifra is generally considered an exemplum of Rabbi Akiva's intensely scriptural school of interpretation. But Azzan Yadin-Israel contends the Sifra commentary exhibits two distinct layers of interpretation that bring dramatically different assumptions to bear on the biblical text: earlier interpretations accord with the hermeneutic principles associated with Rabbi Ishmael, the other major school of early rabbinic midrash, while later additions subtly alter hermeneutic terminology and formulas resulting in an engagement with Scripture that is not interpretive at all. Rather, the midrashic terminology in the Sifra's anonymous passages is part of what Yadin-Israel calls a hermeneutic of camouflage aimed at presenting oral traditions as though they were Scripture-based injunctions. **Scripture and Tradition** offers a radical rereading of the Sifra and its authorship with far-reaching ramifications for our understanding of rabbinic literature as a whole. Using this new understanding of the Sifra as his starting point, Yadin-Israel demonstrates a two-fold break in the portrayal of Rabbi Akiva: hermeneutically, the sober midrashist who appeared in earlier rabbinic sources is transformed into an inspired oracular interpreter of Scripture in the Babylonian Talmud, while the biographically unremarkable sage is recast as a youthful ignoramus who came to Torah study late in life. The dual transformations of Rabbi Akiva like the Sifra's hermeneutic of camouflage are motivated by an ideological shift toward a greater emphasis on scriptural authority and away from received traditions, an insight that sheds new light on the vexing question of midrash and oral tradition in rabbinic sources. Through this close examination of a notoriously difficult text, **Scripture and Tradition** recovers a vital piece of the history of Jewish thought.

Scripture and Traditions Patrick Gray, Gail R. O'Day, 2008 This volume contains twenty-two essays in honor of Carl R. Holladay whose work on the interaction between early Christianity and Hellenistic Judaism has had a considerable impact on the study of the New Testament. The essays are grouped into three sections: Hellenistic Judaism, the New Testament in Context, and the History of Interpretation. Among the contributions are essays dealing with conversion in Greek-speaking Judaism and Christianity, 3 Maccabees as a narrative satire, retribution theology in Luke-Acts, church discipline in Matthew, the Exodus and comparative chronology in Jewish and patristic writings, corporal punishment in ancient Israel and early Christianity, and Die Judenfrage and the construction of ancient Judaism.

Judaism, Christianity, and Islam: The Classical Texts and Their Interpretation, Volume II F. E. Peters, 2021-04-13 Invoking a concept as simple as it is brilliant, F. E. Peters has taken the basic texts of the three related and competitive religious systems we call Judaism, Christianity, and Islam and has juxtaposed them in a topical and parallel arrangement according to the issues that most concerned all these children of Abraham. Through these extensive passages and the author's skillful connective commentary, the three traditions are

shown with their similarities sometimes startlingly underlined and their well known differences now more profoundly exposed What emerges from this unique and ambitious work is a panorama of belief practice and sensibility that will broaden our understanding of our religious and political roots in a past that is by these communities definition still the present The hardcover edition of the work is bound in one volume and in the paperback version the identical material is broken down into three smaller but self contained books The second The Word and the Law and the People of God discusses the scriptures of the three faiths in various contexts exegetical and legal Throughout the work we hear an amazing variety of voices some familiar some not all of them central to the primary and secondary canons of their own tradition alongside the Scriptural voice of God are the words of theologians priests visionaries lawyers rulers and the ruled The work ends as does the same author s now classic Children of Abraham in what Peters calls the classical period that is before the great movements of modernism and reform that were to transform Judaism Christianity and Islam

Judah and Tamar (Genesis 38) in Ancient Jewish Exegesis Esther Menn, 2021-12-06 This exploration of Genesis 38 in three interpretive writings shows how new meanings emerge through encounters between the biblical text and later Jewish communities A literary reading within the canon suggests that the story of Judah and Tamar points to the morally ambiguous origins of David s lineage Ancient Jewish exegesis however challenges this understanding The Testament of Judah interprets Genesis 38 as the story of a warrior king s tragic downfall Targum Neofiti develops it to illustrate the concept sanctification of the divine Name and Genesis Rabbah portrays it as a series of providential events issuing in the royal and messianic lineage Esther Marie Menn pioneers a fresh approach to the study of biblical interpretation by analyzing the relation between interpretative genre altered plot structure and cultural values
