Public Works Committee,1974 **Federal Law Enforcement Officers** ,2002 *Blacks and the Military* Martin Binkin,Mark J. Eitelberg,2011-02-01 For much of the nation s history the participation of blacks in the armed forces was approximately in line with their proportion in the total population This changed during the 1970s by 1980 one of every three Army GIs and one of every five marines were black The reaction has been mixed Many Americans look with approval on the growth of black participation in military service since it often affords young blacks educational social and financial opportunities that constitute a bridge to a better life not otherwise available to them But for other Americans the opportunities are outweighed by the disproportionate imposition of the burden of defense on a segment of the population that has not enjoyed a fair share of the benefits that society confers From this perspective the likelihood that blacks would suffer at least a third and perhaps a half of the combat fatalities in the initial stages of conflict is considered immoral unethical or otherwise contrary to the precepts of democratic institutions Some also worry that military forces with such a high fraction of blacks entail risks to U S national security A socially unrepresentative force it is argued may lack the cohesion considered vital to combat effectiveness Others fear that such a force would be unreliable if it were deployed in situations that would test the allegiance of its minority members And some have even expressed concern that a large proportion of blacks may raise questions about the status of U S fighting forces as judged by the American public the nation s allies and its adversaries The authors of this book examine evidence on both sides of the issue in an effort to bring objective scrutiny to bear on questions that for many years have been loaded with emotion and subjective reaction They also discuss the implications for the military s racial composition of demographic economic and technological trends and the possible effects of returning to some form of conscription **Williams' Cincinnati Directory ...** ,1860 Supplemental Digest of Decisions Under the Interstate Commerce Act Herbert Confield Lust,1927 *Health Status of Minorities and Low-income Groups* ,1991 **Handbook of Aging and the Social Sciences** Linda George,Kenneth Ferraro,2015-08-18 Handbook of Aging and the Social Sciences Eighth Edition presents the extraordinary growth of research on aging individuals populations and the dynamic culmination of the life course providing a comprehensive synthesis and review of the latest research findings in the social sciences of aging As the complexities of population dynamics cohort succession and policy changes modify the world and its inhabitants in ways that must be vigilantly monitored so that aging research remains relevant and accurate this completely revised edition not only includes the foundational classic themes of aging research but also a rich array of emerging topics and perspectives that advance the field in exciting ways New topics include families immigration
