Printz,1955 The Angel Babies V Clive Alando Taylor,2015-03-25 The Angel Babies is really and truly the story of humanity set against the backdrop and told through the trials of the Angels of the Celestial and Empyreans Heavens But I suppose it also translates on a much higher and grander level of understanding as I also feel that this story very much ties together the complex relationships and beliefs that can separate us all but can also equally tie us together within a common thread if not a higher power Then at least let me say love for want of better attribute with which to identify with as it is in this the definitive and final chapter of the Angel Babies whereupon our angels are found to be at the beginning and yet the end of time with which to know and to examine their true purpose and potential in life With everything that they have now they finally came to know hinges upon a black hole and the truth of all totality concerning their Timespell which could inevitably deliver them to salvation or even their own demise and destruction It is into coming to terms with what most of us ordinary people of the world would do for an ultimate explanation of all in calling God As much as I have had many an interest in prophetic and religious and spiritual text I have always for some reason tried to apply my spiritual attainments to become concerned and attuned to the Book of Revelations especially as I believe that if I did not at least attempt to try to tackle the themes and narrative set out in this apocalyptic vision then I myself would not be doing humanity or mankind any real service or

commitment to unlock the potentiality of holistic creativity and the imagination of the human spirited nature which we all seem so easily to possess and yet are limited in its usage So I only pray and hope that this story may shed some light upon this and grant us some bearing upon reading and discovering the world as I have come to know it with the Angel Babies

ARCHANGELS SPEAK Margaret Doner,2008-03-07 Are angels real or imaginary Can they really save your life or intervene in your destiny If they are real can we talk to them like we would a good friend Do they hear our thoughts and know our every deed Do angels have opinions or judge us Archangels Speak answers these and many other questions The best way to use angels in your life is to think of them as a means to bring you into alignment with your Higher Truth and Higher Self When we get stuck in defensive points of view operating primarily from the defended ego we often get ourselves into ruts and patterns that make us miserable With the angel s words this book helps to bump us out of that ego mind and into something grander It asks us to consider Love before hate and challenges us to think in new ways
