Seven Friends, Sixty Years Later The Beefeaters, 2008-12 The advent of the holy prophet Muhammad PBH was foretold in so many pages of all the previous scriptures He was finally unveiled by the Almighty God with a message to all the world the holy Quran The holy Quran as prophesied in the previous scriptures is the actual word of the Almighty God Allah It was revealed for the benefit of all mankind Blessed is He who sent down the criterion to His servant that it may be an admonition to all creatures Q 25 1 It is complete and comprehensive and in conformity with the prophecy in the previous scriptures The Almighty Allah says Nothing have we omitted from the Book Q 6 38 The message given to the holy prophet Muhammad PBH by the Almighty Allah for mankind thus contains a complete code which provides for all areas of life whether spiritual intellectual political social or economic It is a code which has no boundaries of time place or nation Before Islam religion was on the authority of its own leaders and was thus the avowed enemy of reason resulting in making theology to be based on intricate subtleties and credulous admiration of miracles The holy Quran came and took religion by a new road untrodden by the previous scriptures in fulfillment of Jesus prophecy It spoke to the rational mind and alerted the intelligence It sets out the order in the Universe the principles and certitudes within it and required a lively scrutiny of them that the mind might thus be sure of the validity of its claim and message Even in relation to the narratives of the past it proceeded on the conviction that the created order follows invariable laws as the holy Quran says Such was the way of God in days gone by and you will find that it does not change Q 48 23 And again God does not change people s case until they change their own disposition Q 13 11 Even in matters of morality the holy Quran relies on evidence Requite evil with good and your worst enemy will become your dearest friend Q 41 34 Thus for the first time in a revealed scripture reason finds its brotherly place and toleration made a corner stone of religion as the holy Quran says There is no compulsion i *Friends* Jennifer C. Modern Polygamy and Mormon Fundamentalism Brian C. Hales, 2006-01-01 2007 Best Book Award John Whitmer Historical Association Under the subject of alternative lifestyles the issue of polygamous relationships falls squarely in the middle of the debate Polygamous marriages are a common practice in many other countries but the United States has vehemently opposed such unions and will no doubt find itself disputing its position on them again in the near future As with the same sex marriage issue a firestorm of controversy surrounds the question since the right to participate in a polygamous union is very much tied to the right to live out one's preferences religious or not Detailed accounts of sexual abuse and child brides are frequently leaked from the various polygamous societies notwithstanding their extreme efforts to remain under the radar of law enforcement and the press A by product of these mysterious societies is that public interest is vitalized by their continuous efforts to gain independence from traditionalist culture This fascinating study seeks to trace the historical tapestry that is early Mormon polygamy details the official discontinuation of the practice by the Church and for the first time describes the many zeal driven organizations that arose in the wake of that decision Among the polygamous groups discussed are the LeBaronites whose blood atonement killings sent fear throughout Mormon communities in the late seventies and the eighties the FLDS Church which made news recently over its construction of a compound and temple in Texas and Warren Jeffs arrest and conviction and the Allred and Kingston groups two major factions with substantial membership statistics both in and out of the United States All these fascinating histories along with those of the smaller independent groups are examined and explained in a way that all can appreciate

Joseph, Nixon S. Cleophas, 2016-05-05 One glaring lacuna in studies of Haitian Vodou is the scarcity of works exploring the connection between the religion and its main roots traditional Yoruba religion Discussions of Vodou very often seem to present the religion in vacuo as a sui generis phenomenon that arose in Saint Domingue and evolved in Haiti with no antecedents What is sorely needed then is more comparative studies of Haitian Vodou that would examine its connections to traditional Yoruba religion and thus illuminate certain aspects of its mythology belief system practices and rituals This book seeks to bridge these gaps Vodou in the Haitian Experience studies comparatively the connections and relationships between Vodou and African traditional religions such as Yoruba religion and Egyptian religion Such studies might enhance our understanding of the religion and the connections between Africa and its Diaspora through shared religious patterns and practices The general reader should be mindful of the transnational and transcultural perspectives of Vodou as well as the cultural socio economic and political context which gave birth to different visions and ideas of Vodou The chapters in this collection tell a story about the dynamics of the Vodou faith and the rich ways Vodou has molded the Haitian narrative and psyche The contributors of this book examine this constructed narrative from a multicultural voice that engages critically the discipline of ethnomusicology drama performance art anthropology ethnography economics literature intellectual history philosophy psychology sociology religion and theology Vodou is also studied from multiple theoretical approaches including queer feminist theory critical race theory Marxism postcolonial criticism postmodernism and psychoanalysis
