Morrison, 2013-01-08. Unlike health books that cover only nutrition and lifestyle factors or books that deal with consciousness, spirituality, personal growth, and metaphysical considerations outside the realm of the physical, *How We Heal* addresses healing in the broadest conceivable context. It presents this whole range of topics in a coherent, comprehensive manner that introduces the novice reader to Body Electronics, iridology, sclerology, and other alternative health modalities. Author Douglas Morrison explores the physical factors: sleep, water, exercise, and detrimental influences such as amalgam, dental fillings, root canals, fluoride, electromagnetic fields, vaccinations, drugs that influence health, and explains why it's necessary to integrate them with the hidden patterns of thought, word, and emotion that make healing possible. Through the use of analogies and practical examples, the book helps readers embrace this new way of seeing their own reality. Diagrams and illustrations throughout help further illuminate these potentially life-changing concepts.

Rysdyk and 27th generation dhami Bhola Nath Banstola decided it was time to safeguard Nepalese shamanic knowledge for future generations by recording the practices in a book. With this comprehensive experiential guide to the ancient spiritual traditions of Nepal, Rysdyk and Banstola present step by step instructions for authentic Himalayan shamanic practices including techniques for physical and spiritual healing, shamanic journeys and advanced ceremonies such as the Kalchakra Katne, a shamanic ritual for removing toxic energies from an individual. They include exercises to help you meet the ancestors in your shamanic lineage, techniques to use your voice as a shamanic tool and practices for negotiating the spirit world safely. They detail shamanic chants and rituals, how to create an altar and how to use the sacred objects of the dhami jhankri including the mala, the magic mirror, the drum and the Khurpa, the shaman's magic dagger. Rysdyk and Banstola also examine the importance of Nepalese cosmology in shamanic ritual and spiritual deities such as Hanuman, Garuda and the Nagas. Illustrated with photos and Rysdyk's artwork, the book also explores the history of Nepal, its culture and myths and the different ways Nepalese shamans serve their communities. Written specifically to share the traditional Himalayan shamanic method with the Western world, this guide not only preserves these ancient teachings but also reveals how they are still relevant in the modern world.
