Everest** Sherry B. Ortner,2020-03-31 The Sherpas were dead two more victims of an attempt to scale Mt Everest Members of a French climbing expedition sensitive perhaps about leaving the bodies where they could not be recovered rolled them off a steep mountain face One body however crashed to a stop near Sherpas on a separate expedition far below They stared at the frozen corpse stunned They said nothing but an American climber observing the scene interpreted their thoughts Nobody would throw the body of a white climber off Mt Everest For more than a century climbers from around the world have journeeyed to test themselves on Everest s treacherous slopes enlisting the expert aid of the Sherpas who live in the area Drawing on years of field research in

the Himalayas renowned anthropologist Sherry Ortner presents a compelling account of the evolving relationship between the mountaineers and the Sherpas a relationship of mutual dependence and cultural conflict played out in an environment of mortal risk Ortner explores this relationship partly through gripping accounts of expeditions often in the climbers own words ranging from nineteenth century forays by the British through the historic ascent of Hillary and Tenzing to the disasters described in Jon Krakauer's *Into Thin Air* She reveals the climbers or sahibs to use the Sherpas phrase as countercultural romantics seeking to transcend the vulgarity and materialism of modernity through the rigor and beauty of mountaineering She shows how climbers behavior toward the Sherpas has ranged from kindness to cruelty from cultural sensitivity to derision Ortner traces the political and economic factors that led the Sherpas to join expeditions and examines the impact of climbing on their traditional culture religion and identity She examines Sherpas attitude toward death the implications of the shared masculinity of Sherpas and sahibs and the relationship between Sherpas and the increasing number of women climbers Ortner also tackles debates about whether the Sherpas have been spoiled by mountaineering and whether climbing itself has been spoiled by commercialism

Mountaineering Literature Jill Neate, 1986 Long established as a standard reference work worldwide this is a thorough bibliography of all mountaineering books that are of practical use to climbers or for reading pleasure or historical interest Documenting more than 2000 books of mountaineering literature it also includes nearly 900 climber's guidebooks a sampling of more than 400 works of mountaineering fiction plus journals and bibliographies

The Hunt for Mount Everest Craig Storti, 2021-10-05 This book would be enjoyed by those seeking knowledge of Everest beyond the climbing narratives as well as those who appreciate the details of navigation and exploration Booklist The height of Mt Everest was first measured in 1850 but the closest any westerner got to Everest during the next 71 years until 1921 was 40 miles The Hunt for Mt Everest tells the story of the 71 year quest to find the world's highest mountain It's a tale of high drama of larger than life characters George Everest Francis Younghusband George Mallory Lord Curzon Edward Whymper and a few quiet heroes Alexander Kellas the 13th Dalai Lama Charles Bell A story that traverses the Alps the Himalayas Nepal and Tibet the British Empire especially British India and the Raj the Anglo Russian rivalry known as The Great Game the disastrous First Afghan War and the phenomenal Survey of India it is far bigger than simply the tallest mountain in the world Encountering spies war political intrigues and hundreds of mules camels bullocks yaks and two zebrules Craig Storti uncovers the fascinating and still largely overlooked saga of all that led up to that moment in late June of 1921 when two English climbers George Mallory and Guy Bullock became the first westerners and almost certainly the first human beings to set foot on Mt Everest and thereby claimed the last remaining major prize in the history of exploration With 2021 bringing the 100th anniversary of that year most Everest chronicles have dealt with the climbing history of the mountain with all that happened after 1921 The Hunt for Mt Everest is the seldom told story of all that happened before

Seven Climbs Charles Sherwood, 2020-05-07 Even the most casual reader among you will by now

have worked out that the whole thing is little more than a delightful ruse for having a very good time Experienced climber Charles Sherwood is on a quest to find the best climb on each continent He eschews the traditional Seven Summits where height alone is the determining factor and instead considers mountaineering challenge natural beauty and historical context aiming to capture the diverse character of each continent and the sheer variety of climbing in all its forms The author s ambitious odyssey takes him to the Alps the Himalaya Yosemite the Andes Kenya New Zealand and South Georgia His goal is neither to seek glory nor to complete a box ticking exercise but simply to enjoy himself in the company of his fellow climbers including Mark Seaton Andy Kirkpatrick and Stephen Venables and to appreciate the splendour of his surroundings On classic routes like the North Face of the Eiger and the Nose on El Capitan it is hard not to be swept away by Sherwood s unfaltering enthusiasm Also featuring fascinating historical detail about each route *Seven Climbs* is a compelling account of Sherwood s efforts to answer a much debated question which are the world s greatest climbs *The Last Englishmen* Deborah Baker,2018-08-21 A sumptuous biographical saga both intimate and epic about the waning of the British Empire in India John Auden was a pioneering geologist of the Himalaya Michael Spender was the first to draw a detailed map of the North Face of Mount Everest While their younger brothers W H Auden and Stephen Spender achieved literary fame they vied to be included on an expedition that would deliver Everest s summit to an Englishman a quest that had become a metaphor for Britain s struggle to maintain power over India To this rivalry was added another in the summer of 1938 both men fell in love with a painter named Nancy Sharp Her choice would determine where each man s wartime loyalties would lie Set in Calcutta London the glacier locked wilds of the Karakoram and on Everest itself *The Last Englishmen* is also the story of a generation The cast of this exhilarating drama includes Indian and English writers and artists explorers and Communist spies Die Hards and Indian nationalists political rogues and police informers Key among them is a highborn Bengali poet named Sudhin Datta a melancholy soul torn like many of his generation between hatred of the British Empire and a deep love of European literature whose life would be upended by the arrival of war on his Calcutta doorstep Dense with romance and intrigue and of startling relevance for the great power games of our own day Deborah Baker s *The Last Englishmen* is an engrossing story that traces the end of empire and the stirring of a new world order *BROTHERHOOD of the ROPE (Volume 2 of 2) (EasyRead Super Large 20pt Edition)* , **Glorious Failures** Mountaineers Books (Firm),2001 *Glorious Failures* Volume 1 is an engaging collection of the most famous and infamous almost summits Each of these early attempts often rival the first successful ascent in fame and notoriety The story of the 1956 American expedition to K2 which came tantalizingly close to the summit only to be forced back by illness and weather is told in fascinating detail by Jim Curran *NOLS Wilderness Mountaineering* Phil Powers,2008-12-18 This updated edition of the popular *NOLS Wilderness Mountaineering* reflects the most current practices equipment and risk management in mountain climbing **Shipton and Tilman** Jim Perrin,2013-03-07 Using unpublished diaries Jim Perrin the acclaimed author of *The Villain* and *Menlove* tells the

story of the greatest exploring partnership in British history In the 1930s Tilman and the younger Shipton pioneered many routes in Africa and the Himalayas and found the key to unlocking Everest They crossed Africa by bicycle explored China with Spender and Auden journeyed down the Oxus River to its source and with no support opened up much of the Nepalese Himalaya In the words of Jim Perrin The journeys of discovery undertaken through two decades by this pair of venturesome ragamuffins are unparalleled in the annals of mountain exploration Jim Perrin writes of his source material These unpublished diaries journals and extensive correspondence have not previously been used to present a portrait of the most productive friendship in the history of mountain exploration What they reveal is in Shipton s phrase a random harvest of delight gathered by two uniquely bold and engaging characters from the great mountain ranges of the world during the golden era of their first western exploration Between geographical excitement the nature of arduous travel in difficult and uncharted terrain throughout a lost epoch and the quirkiest and most stimulating of friendships the theme is a gift and one that has long been waiting for adequate treatment

Heights of Reflection Sean Moore Ireton, Caroline Schaumann, 2012 Examines the lure of mountains in German literature philosophy film music and culture from the Middle Ages to the twenty first century Mountains have always stirred the human imagination playing a crucial role in the cultural evolution of peoples around the globe and becoming infused with meaning in the process Beyond their geographical geological significance mountains affect the topography of the mind whether as objects of peril or attraction of spiritual enlightenment or existential fulfillment of philosophical contemplation or aesthetic inspiration This volume challenges the oversimplified assumption that human interaction with mountains is a distinctly modern development one that began with the empowerment of the individual in the wake of Enlightenment rationalism and Romantic subjectivity These essays by European and North American scholars examine the lure of mountains in German literature philosophy film music and culture from the Middle Ages to the present with a focus on the interaction between humans and the alpine environment The contributors consider mountains not as mere symbolic tropes or literary metaphors but as constituting a tangible reality that informs the experiences and ideas of writers naturalists philosophers filmmakers and composers Overall this volume seeks to provide multiple answers to questions regarding the cultural significance of mountains as well as the physical practice of climbing them Contributors Peter Arnds Olaf Berwald Albrecht Classen Roger Cook Scott Denham Sean Franzel Christof Hamann Harald H busch Dan Hooley Peter H yng Sean Ireton Oliver Lubrich Anthony Ozturk Caroline Schaumann Heather I Sullivan Johannes T rk Sabine Wilke Wilfried Wilms SEAN IRETON is Associate Professor of German at the University of Missouri CAROLINE SCHAUMANN is Professor of German Studies at Emory University

Into the Untravelled Himalaya Harish Kapadia, 2005 John Muir John Muir, Terry Gifford, 1996 Contains portions of Muir s autobiography letters his lesser known books and essays Federal Register , 2005 **Mountains Figured and Disfigured in the English-Speaking World** Françoise Besson, 2020-06-01 The essays in this book written by poets novelists mountain climbers and academics from all

over the world evoke the representation of mountains in the English speaking world as artists writers philosophers or mountain climbers have represented them from the sixteenth to the twenty first centuries From the Alps to the Pyrenees from Mount Fuji to Mount Shasta from the Himalayas to the Scottish Highlands from Ikere in Nigeria to Devil s Tower in the United States from Uluru in Australia to the most northern mountain of the Arctic the shapes of the world speak the same language and tell the world its own story This interdisciplinary book weaving together mountaineering literature philosophy painting cinema ecology history palaeontology geography geopolitics toponymy law religion and myth invites people to an innovative reading of mountains it reveals the close relationship existing between the shapes of the world and all forms of writing and at the same time it shows how the representations of the imagination may be instrumental in protecting the natural world The story told by the landscape inscribes a broken line in the shapes of the world tearing the landscape like a fragile page whenever historical and political events wars mining or deforestation leave scars in the landscape but writers and artists representations of mountains constitute a path to awareness as they are not only a painting of beauty but an image of our link to nature and a warning as well For centuries the image of the mountain has conveyed a symbolism telling the story of human thought and this book shows to what extent literature and art play an essential part in our awareness of nature

Fallen Giants Maurice Isserman, Stewart Angus Weaver, Dee Molenaar, 2010-01-01 In the first comprehensive history of Himalayan mountaineering in 50 years the authors offer detailed original accounts of the most significant climbs since the 1890s and they compellingly evoke the social and cultural worlds that gave rise to those expeditions

The Meaning of Travel Emily Thomas, 2020 How can we think more deeply about our travels This was the question that inspired Emily Thomas journey into the philosophy of travel Part philosophical ramble part travelogue The Meaning of Travel begins in the Age of Discovery when philosophers first started taking travel seriously It meanders forward to consider Montaigne on otherness John Locke on cannibals and Henry Thoreau on wilderness On our travels with Thomas we discover the dark side of maps how the philosophy of space fuelled mountain tourism and why you should wash underwear in woodland cabins We also confront profound issues such as the ethics of doom tourism travel to doomed glaciers and coral reefs and the effect of space travel on human significance in a leviathan universe The first ever exploration of the places where history and philosophy meet this book will reshape your understanding of travel
