Seventeenth Century Poetry The Schools Of Donne And Johnson:

The Retrospective Review (1820-1828) and the Revival of Seventeenth Century Poetry Jane Campbell,2006-01-01

This essay had its beginning in an investigation of changing attitudes to seventeenth century Pre Restoration poetry during the English Romantic period In the course of that research Jane Campbell discovered that a relatively little known periodical the Retrospective Review which was published in London from 1820 to 1828 appeared to have played an interesting part in the rehabilitation of the poets of the earlier period This book then is an attempt to outline the history of this review to place it against its literary background and to assess its role in the critical re evaluation of the poets of the earlier seventeenth century an age to which the Retrospective s contributors and their contemporaries looked with fascination as well as with an affectionate feeling of kinship

Early Modern Authorship and the Editorial Tradition Aleida Auld,2023-12-12 This volume adds a new dimension to authorship studies by linking the editorial tradition to the transformative reception of early modern authors and their works across time Aleida Auld argues that the editorial tradition provides privileged access to the reception of early modern literature informing our understanding of certain reconfigurations and sometimes helping to produce them between their time and our own At stake are reconfigurations of oeuvre and authorship the relationship between the author and work the relationship between authors and the author s own role in establishing an editorial tradition Ultimately this study recognizes that the editorial tradition is a stabilizing force while asserting that it may also be a source of strange and provocative reconceptions of early modern authors and their works in the present day Scholars and students of early modern literature will benefit from this approach to editing as a form of reception that encompasses all the editorial decisions that are necessary to put forth a text

The Last Rabbi William Kolbrener,2016-09-19 Joseph Soloveitchik 1903 1993 was a major American Orthodox rabbi Talmudist philosopher and theologian In this new work William Kolbrener takes on Soloveitchik s controversial legacy and shows how he was torn between the traditionalist demands of his European ancestors and the trajectory of his own radical and often pluralist philosophy A portrait of this self professed lonely man of faith reveals him to be a reluctant modern who responds to the catastrophic trauma of personal and historical loss by underwriting an idiosyncratic highly conservative conception of law that is distinct from his Talmudic predecessors and also paves the way for a return to tradition that hinges on the ethical embrace of multiplicity As Kolbrener melds these contradictions he presents Soloveitchik as a good deal more complicated

and conflicted than others have suggested The Last Rabbi affords new perspective on the thought of this major Jewish philosopher and his ideas on the nature of religious authority knowledge and pluralism **The Oxford History of Poetry in English** Laura L. Knoppers,2024-08-08 Beginning with the last years of the reign of Elizabeth I and ending late in the seventeenth century this volume traces the growth of the literary marketplace the development of poetic genres and the participation of different writers in a century of poetic continuity change and transformation *Studies in Philology* ,1928
