The Court Artist in

Seventeenth-Century Italy Elena Fumagalli, Raffaella Morselli, 2015-05-08T00:00:00+02:00 Up to now the theme of the artist in the service of Italian courts has been examined in various studies focused mostly on the High Renaissance as though the phenomenon was relevant only to the XV and XVI centuries It actually lasted much longer spanning the whole longue dur e of the lives of the courts of the ancient regime The present volume intends to fill this gap presenting for the first time a comprehensive examination of the subject of the court artist from sixteenth to seventeenth century and the transformations of this role Court artist is here defined as one who received a regular salary and was therefore attached to the court by a more or less exclusive service relationship The book is divided in six chapters each of them examines the position of the court artist in the service of the most important ruling families in Italy the Savoy in Turin the Gonzaga in Mantua the Este in Modena the Della Rovere in Pesaro and Urbino the Medici in Florence and in papal Rome a particular and unique center of power Art and Identity in Early Modern Rome Jill Burke, 2017-07-05

From the late fifteenth to the late seventeenth century Rome was one of the most vibrant and productive centres for the visual arts in the West Artists from all over Europe came to the city to see its classical remains and its celebrated contemporary art works as well as for the opportunity to work for its many wealthy patrons They contributed to the eclecticism of the Roman artistic scene and to the diffusion of Roman artistic styles in Europe and beyond Art and Identity in Early Modern Rome is the first book length study to consider identity creation and artistic development in Rome during this period Drawing together an international cast of key scholars in the field of Renaissance studies the book adroitly demonstrates how the exceptional quality of Roman court and urban culture with its elected monarchy its large foreign population and unique sense of civic identity interacted with developments in the visual arts With its distinctive chronological span and uniquely interdisciplinary approach Art and Identity in Early Modern Rome puts forward an alternative history of the visual arts in early modern Rome one that questions traditional periodisation and stylistic categorisation **Art, Patronage, and Nepotism in Early Modern Rome** Karen J. Lloyd, 2022-08-19

Drawing on rich archival research and focusing on works by leading artists including Guido Reni and Gian Lorenzo Bernini Karen J Lloyd demonstrates that cardinal nephews in seventeenth century Rome those nephews who were raised to the cardinalate as princes of the Church used the arts to cultivate more than splendid social status Through politically savvy frescos and emotionally evocative displays of paintings sculptures and curiosities cardinal nephews aimed to define nepotism as good Catholic rule Their commissions took advantage of their unique position close to the pope embedding the defense of their role into the physical fabric of authority from the storied vaults of the Vatican Palace to the sensuous garden villas that fused business and pleasure in the Eternal City This book uncovers how cardinal nephews crafted a seductively potent dialogue on the nature of power fuelling the development of innovative visual forms that championed themselves as the indispensable

heart of papal politics The book will be of interest to scholars working in art history early modern studies religious history and political history

Patrons and Adversaries Caroline Castiglione, 2005-02-03 The early modern Roman countryside was a site of contestation between great aristocratic families and an expanding papal political regime Rarely has the role of the inhabitants of this landscape the villagers been considered as part of that power struggle As Caroline Castiglione shows in this compelling revisionist work one Roman aristocratic family the Barberini was not squeezed out of governing by the extension of the papal bureaucracy but rather became increasingly engaged with it during the long eighteenth century Through their participation in the rural commune villagers in an extensive territory belonging to the Barberini became active participants in the governing of the countryside Villagers cultivated and exploited interference from the aristocratic family and the papal government but they also kept urban elites at bay defending their rights through the strategies of adversarial literacy Such literate practices drew on village mastery of local constitutions debates in the village assembly and brilliant use of the legal system of the papacy to thwart the designs of the Barberini Later villagers created and interpreted sources for themselves effectively challenging the

elite monopoly on making and interpreting texts A lost world of increasingly savvy villagers irate nobles and exasperated bureaucrats emerges here in an engaging narrative that chronicles how seemingly marginalized villagers challenged the pragmatic control of the Roman countryside using texts and ideas that urban elites had exported to the countryside for other purposes

Michelangelo in Print Bernadine Barnes, 2017-07-05 In seeing printed reproductions as a form of response to Michelangelo's work Bernadine Barnes focuses on the choices that printmakers and publishers made as they selected which works would be reproduced and how they would be presented to various audiences Six essays set the reproductions in historical context and consider the challenges presented by works in various media and with varying degrees of accessibility while a seventh considers how published verbal descriptions competed with visual reproductions Rather than concentrating on the intentions of the artist Barnes treats the prints as important indicators of the use of and public reaction to Michelangelo's works Emphasizing reception and the construction of history her approach adds to the growing body of scholarship on print culture in the Renaissance The volume includes a comprehensive checklist organized by the work reproduced

These essays discuss major questions that should arise in courses in bibliography methodology and historiography once the

survey courses are left behind *Pontormo* Elizabeth Cropper,1997 Pontormo's Halberdier has long been controversial How did scholars come to identify the sitter as Duke Cosimo de Medici and why is this open to doubt Who was Francesco Guardi What was the siege of Florence and could Pontormo have made this compelling portrait during that time of deprivation and political tumult In a fascinating piece of historical detective work Elizabeth Cropper investigates these questions and uncovers new evidence for interpretation She also analyzes the portrait's relationship to other works by Pontormo explores the importance for Pontormo of Donatello Michelangelo and Andrea del Sarto and looks into Bronzino's connection with the portrait *Nicolas Poussin* Oskar Bätschmann,1990 Publication coincides with the 400th anniversary of the artist's birth and a forthcoming exhibition **Madonna of Divine Love by Raffaello** Carla Nicole De Petris,2020-04-16 Madonna of Divine Love by Raffaello By Carla Nicole De Petris April 6 2020 marks 500 years since the death of Raffaello Sanzio da Urbino When he died at only 37 years old he left the most beautiful paintings particularly many of Madonna and Child One particular painting lost since 1544 when it was described by Vasari as a 1514 painting on canvas by Raffaello for Leonello Pio da Carpi but since then it was never seen again The CapodiMonte Museum in Naples describes the 1518 painting on wood as the Madonna of Divine Love by Raffaello but since the eighteenth century many art historians believe that the painting on wood is by GianFrancesco Penni Raffaello's pupil so where is the original painting by Raffaello This painting was not mentioned for almost five hundred years Where was it Elma believed she had an original Raffaello painting and she wanted to know whether the story told by her aunt Anna was correct Carla Nicole De Petris fell in love with this painting and the story fascinated her This story follows the history of the painting and the story of the research **Ave Papa/Ave Papabile** Lilian H. Zirpolo,2005 In 1624 Pope Urban VIII appointed Marcello Sacchetti depositary general and secret treasurer of the Apostolic Chamber and Giulio Sacchetti bishop of Gravina Urban later gave Marcello the lease on the alum mines of Tolfa and raised Giulio to the cardinalate To assert their new power the Sacchetti began commissioning works of art Marcello discovered and promoted leading Baroque masters such as Pietro da Cortona and Nicolas Poussin while Giulio purchased works from previous generations In the eighteenth century Pope Benedict XIV bought the collection and housed it in the Capitoline Museum where it is now a substantial portion of the collection By focusing on the relationship between the artists in service and the Sacchetti this study expands our knowledge of the artists and the complexity of the processes of agency in the fulfillment of commissions In so doing it underlines how the Sacchetti used art to proclaim a certain public image and to promote Cardinal Giulio as a candidate to the papal throne The Art of the Franciscan Order in Italy William Robert Cook,2005 New studies of the Basilica in Assisi as well as innovative looks at early panel paintings and Franciscan stained glass are included *François Duquesnoy and the Greek Ideal* Estelle Cecile Lingo,2007-01-01 This book is the first in English devoted to Francois Duquesnoy a central figure in seventeenth century European sculpture a rival to Bernini and a leading light in an artistic milieu that included Poussin and Rubens Estelle Lingo reconstructs Duquesnoy's pursuit in Rome

of a modern artistic practice in the Greek manner Reconstruction of Duquesnoy's Greek ideal enables Lingo to offer new interpretations of his exquisite marble and bronze sculptures Moreover she demonstrates that the archeological and poetic vision of Greek art developed by Duquesnoy and his circle formed the basis of Johann Joachim Winckelmann's influential *Reflections on the Imitation of Greek Works in Painting and Sculpture* thus overturning the long held assumption that no meaningful distinction was made between ancient Greek and Roman art prior to Winckelmann's work in the eighteenth century Examining in detail how Duquesnoy developed and employed his Greek manner Lingo brings to light the extent of his contributions to European culture and aesthetics and to the rise of Neoclassicism
