Christianity and Sex Problems Hugh Northcote,1907 **Marriage and the Sex-problem** Friedrich Wilhelm Foerster,1911 America's Sex and Marriage Problems William Josephus Robinson,1928 The Cultural Context of Sexual Pleasure and Problems Kathryn S. K. Hall,Cynthia A. Graham,2012-09-10

Using rich case material and research presented by distinguished authorities in the fields of sex couple family and psychotherapy this edited book contributes to our efforts to help individuals and couples increase their sexual satisfaction The authors explore social and cultural backgrounds the meaning of sexual problems in specific cultural contexts and the way in which culture presents challenges to traditional psychotherapy More importantly they answer the question should therapists accept any and all behaviors values and attitudes that are considered normal even if they violate the therapist s own cultural standards The case studies identify challenging cultural issues and provide clinicians with culturally sensitive treatment options The book s sections also separate chapters based on the degree to which psychological treatments are recognized and utilized for dealing with sexual problems in different countries making it an ideal reference for professionals and students The concluding chapter looks at culture through the lens of the provider rather than the patient and ties together the major themes and questions posed

Evolution and "the Sex Problem" Bert Bender,2004 A noteworthy investigation of the Darwinian element in American fiction from the realist through the Freudian eras theories of sexual selection and of the emotions are essential elements in American fiction from the late 1800s through the 1950s particularly during the Freudian era and the years surrounding the Scopes trial the Sex Problem and what resulted was a great diversity of American narratives aligned with either Darwinian or a number of anti Darwinian theories of evolution Included are intriguing discussions of works by Frank Norris Jack London Stephen Crane Theodore Dreiser Gertrude Stein Willa Cather Sherwood

Anderson F Scott Fitzgerald five writers of the Harlem Renaissance John Steinbeck and Ernest Hemingway Among the ideas explored are Darwin s theory of common descent the question of man s place in nature the possibility of evolutionary progress the issues of heredity and eugenics the Darwinian basis of Freud s theory of sexual repression the quandary of male violence and the role of female choice in sexual selection the power of and the problems o rracial and sexual selection the power of and the problems of racial and sexual difference and the ecological problems that arose directly from Darwin s theory of evolution America s major narratives of human life and love and will be appreciated by literary scholars and readers interested in Darwinism and culture *New Millennial Sexstyles* Carol Siegel,2000 *New Millennial Sexstyles* questions the twin feminist orthodoxies that the 1960s sexual revolution failed women and that the sexual attitudes most prominent in current youth cultures are deplorably regressive Comparing the American sexscape she inhabits to the vision of contemporary culture produced by feminist theorists Carol Siegel considers whether the sexual revolution may have succeeded but in ways not recognized by current academic studies of gender and sexuality In discouraging undomesticated heterosexuality academic feminism ignores the connection between mainstream opposition to all unrestrained sexual expression and the growth of new forms of homophobia in our times At the same time the youth subcultures challenges to these views of sexuality and gender have been dismissed as insignificant or misunderstood as sexist In this book they receive more respectful attention Siegel draws on her own experience as a college student to create a personal history of academic feminism s early sympathy with bourgeois values She looks at the development of American sex advice literature and at the reception of such transgressive popular films as *Basic Instinct* *Thelma and Louise* and *Natural Born Killers* to demonstrate that the most profoundly capitalist feminist theories have always been the most culturally authoritative A more encouraging vision emerges in the book s second half where a record of conversations about sex and gender with young people and of their responses to products designed for their consumption takes the reader through some of today s most radical youth cultures and suggests new directions for gender studies

Help For Parents! Maximized Parenting, 112 Solutions to the Parenting Problems of Today Francis Edo Olotu ,Catherine Olubukunola Olotu,2014-02-24 Effective parenting is about raising well adjusted children who are assets to society *Maximized Parenting* is a book which promotes effective parenting through equipping parents with the knowledge that fosters proper foundation for parenting According to Partnership for 21st Century Skills 2006 and American Management Association s AMA 2010 Survey many employers believe that higher education is failing in its role to adequately develop needed skills in students Parents with the help of this book can bridge the knowledge gap between what higher education provides and what the employment industry requires The book is for parents who consider parenting as one of their most important responsibilities in life One of the greatest assets a child could have is dutiful parents from whom he she learns the act of parenting Parents without this privilege are large in number and to them parenting is a dark continent which they find difficult to navigate This book is written to inform inspire and impart

knowledge about parenting in the 21st century The book would enable parents interact with their children in a way that would motivate them to be outstanding persons in life In this information age you cannot limit your child to how you were brought up or what you know because he she was born in another era The gamut of issues covered in this book will equip you to bring up your child to be successful in life Issues treated in this book will help you know healthy parenting methods that are best for your child The book contains a very broad mix of issues a parent would encounter at every stage of a child s life It is written from the perspective that a parent s job is for life and as such parents need help to sustain their long term commitment to their children Issues covered include character building instilling moral values into children basic life skills at every stage of life sexuality education and handling children with special needs While the information in this book is specifically for parents the information would be useful to fathers groups men s groups women s groups grandparents extended family members and childcare providers that have opportunities to relate to children Research now and again has shown that a family is more important to a child s school success than how much money the family makes or how much education the parents have No parent who has read this book should ever ask How can I make my child a success in life The social commentator Michael Novak wrote on the importance of family One unforgettable law has been learned through all the disasters and injustices of the last thousand years if things go well with the family life is worth living when the family falters life falls apart The goal of Maximized Parenting is to fill the knowledge gap in you that will make you a better parent as well as an inspiration to other parents of the 21st century Choose to be an intentional parent who will put in the needed time energy and efforts to raise successful children Know that expensive toys and vacations are a poor substitute for the valuable time you need to spend with your children Refuse to outsource your parenting duties to care givers and boarding schools and you will be a stakeholder in the next generations through your children who will pass on your legacies Remember when a parent dies one thing that cannot be buried with him her is his her impact on the lives of his her children those things become a living memorial in his her children

Overcoming Destructive Beliefs, Feelings, and Behaviors Albert Ellis,2010-05-01 First developed in 1955 Rational Emotive Behavior Therapy REBT is the original form of Cognitive Behavior Therapy and one of the most successful psychotherapeutic techniques in the world Its founder world renowned psychologist Albert Ellis now offers an up to date description of the main principles and practices of this innovative and influential therapy REBT emphasizes the importance of cognition in psychological disturbances Its aim is to help patients recognize their irrational and destructive beliefs feelings and behaviors and to restructure harmful philosophic and behavioral styles to achieve maximal levels of happiness and productivity In this book Dr Ellis points out the most recent revisions of the original therapy and examines the use of REBT in

treating specific clinical problems Among the topics considered are depression stress management addiction marital problems the use of hypnosis disposable myths and many other obstacles to mental health This fascinating look at REBT by its internationally recognized creator will be of inestimable value to professionals and laypersons alike **Modern Ego Psychology and Human Sexual Experience** Eric R. Marcus, 2022-10-21 This text examines human sexuality through psychoanalytic theory and modern ego psychology which looks at emotional meaning and its organization in symbolic representations of affect as organized by the ego It starts with an exploration of how symbolic representations are applied to the sensory experience of the body in human sexuality both in reality and in fantasy Next the author delves into the phenomenon of romance as an important self state in human growth and development The book concludes with an examination of fetishes and fetish enactments followed by a discussion of relevant treatments With its original and fulsome insights into the workings of human sexuality this book will prove vital for psychoanalysts and psychotherapists in training and in practice as well as all those seeking to understand human sexual experiences in greater depth The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license **How to Build a Stimulating and Everlasting Love in Relationships**

Felix O. Jeremiah, 2013-08 Marriage is an honorable and sacred covenant relationship in which every individual should want to be God's foundation for marriage is intended to be a permanent union In this present world permanency is overruled by constant changes in law morals fashion and particularly hearts and minds Individuals who want only to be married become only individuals who want to be on their own or with someone else Marriages intended to be built on the foundation of love become marriages of trial by error tactics What has gone wrong Why has a relationship intended by God to be good been made evil What has brought an end to the love and the joyful life between men and women The problem is you and me we have forgotten our divine origin and debased our behaviors to the level of animals or lower We no longer follow divine will and laws We have with our own hands put a knife into the cord that binds human beings together in love as a result the fabric of moral decency and spiritual inclination has fallen apart Men and women must rediscover their individual relationship with God and God's role in their relationship with each other Re discover that your marriage and love relationship is intended to be the most precious and enjoyable union to ever exist on earth Obedience submission and open communication shine brightly in a union founded on real love This book will open your eyes to the splendor and beauty of marriage by teaching how to build a strong foundation and how to restore love and confidence in that relationship Discover real treasure in the advice to be found in **How to Build a Stimulating and Everlasting Love in Relationships** Psychological Perspectives on Sexual Problems Jane M. Ussher, Christine D. Baker, 1993 The regulation of sexuality and the careful distinction between normality and abnormality has a long and checkered history with psychologists at the forefront of this debate Yet any attempt to identify a simple and unitary psychology of sexual problems inevitably becomes the focus of a

great deal of criticism particularly from the disciplines of psychoanalysis and feminism The aim of *Psychological Perspectives on Sexual Problems* is both to provoke and to promote a glasnost between those whose work directly involves research and intervention in the arena of sexuality and those who would deconstruct criticize and reframe any understanding of sexuality outside of the dominant discourse of psychology The contributors examine the psychological theories associated with sexuality and sexual problems and at the same time present examples of positive and empowering practice with groups of individuals whose sexuality is often ignored or marginalized These individuals include those with learning difficulties or physical disabilities sex offenders gay men with AIDS and women with eating disorders *Psychological Perspectives on Sexual Problems* is the first text to integrate critical theory and current clinical practice in an attempt to arrive at a revolutionary approach to the psychology of sexuality
