Sex And The Church Gender Homosexuality And The Transformation Of Christian Ethics:

Sex and the Church Kathy Rudy,1997 In a provocative reexamination of the ethics of family community and sex the author contends that the Christian right's campaign against homosexuality has come to limit the agenda for American Christianity as a whole We should be asking not whether gay people should be allowed to fit in but rather which historically gay practices can help transform the schismatic failing church today **Beyond Pro-Life and Pro-Choice** Kathy Rudy,1997-07-31 Entering the moral worlds of Catholicism the evangelical Protestantism of the Operation Rescue movement feminism and the classical liberalism expressed in modern medicine *Beyond Pro Life and Pro Choice* brilliantly illuminates the little understood religious and philosophical aspects of the abortion issue Rudy reveals how each community's beliefs about abortion are connected to its deeply held values and concerns and offers an alternative that would obviate the unproductive divisive and sometimes violent abortion debate we have today **Sex Difference in Christian Theology** Megan K. DeFranza,2015-05-16 How different are men and women When does it matter to us or to God Are male and female the only two options In *Sex Difference in Christian Theology* Megan DeFranza explores such questions in light of the Bible theology and science Many Christians entrenched in culture wars over sexual ethics are either ignorant of the existence of intersex persons or avoid the inherent challenge they bring to the assumption that everybody is born after the pattern of either Adam or Eve DeFranza argues from a conservative theological standpoint that all people are made in the image of God male female and intersex and that we must listen to and learn from the voices of the intersexed among us **Queer Theology** Gerard Loughlin,2009-02-04 *Queer Theology* makes an important contribution to public debate about Christianity and sex A remarkable collection of specially commissioned essays by some of the brightest and best of Anglo American scholars Edited by one of the leading theologians working at the interface between religion and contemporary culture *Reconceptualizes the body and its desires Enlarges the meaningfulness of Christian sexuality for the good of the Church Proposes that bodies are the mobile products of changing discourses and regimes of power* **Religious Leadership** Sharon Henderson Callahan,2013-05-20 This 2 volume set within The SAGE Reference Series on Leadership tackles issues relevant to leadership in the realm of religion It explores such themes as the contexts in which religious leaders move leadership in communities of faith leadership as taught in theological education and training religious leadership impacting social change and social justice and more Topics are examined from multiple perspectives traditions and faiths Features Benefits By focusing on key topics with 100 brief chapters we provide students with more depth than typically found in encyclopedia entries but with less jargon or density than the typical journal article or research handbook chapter Signed chapters are written in language and style that is broadly accessible Each chapter is followed by a brief bibliography and further readings to guide students to sources for more in depth exploration in their research journeys A detailed index cross references between chapters and an online version enhance accessibility for today's student audience **A Special Illumination**

Rollan McCleary, 2017-07-28 Gay spirituality represents a hidden strand in Western thought that was only publically declared from the Gay Liberation of the 1970s Since coming out expressions of gay spirituality have proliferated in both number and diversity Beginning with gay theology within Christianity the phenomenon has now reached as far as Buddhism and neo paganism But so far critical analysis of the movement has been very limited largely because gay spirituality has been treated as a political and social movement arguing for rights and acceptance within religious circles A Special Illumination offers an indepth analysis and argues that gay spirituality should be placed at the heart of religion **Irreconcilable Differences?**

Thomas C. Caramagno, 2002-08-30 In recent year pro gay and anti gay rights activists have engaged in a struggle to sway public opinion in their favor through the use of ideologically charged rhetoric in an effort to win support from an undecided public The author contends however that the debate is stalemated precisely because each side stereotypes and pathologizes the other s perspective thereby becoming perfect enemies divided on every issue and with such intensity that consensus seems nearly impossible Providing a panoramic view of both perspectives this unique book traces the contested issues to fundamental conceptual differences within the field of religious scientific and political studies Caramagno carefully examines the centuries of thought behind the questions involved and encourages readers to consider the arguments in order to draw their own conclusions This book is not about the wrongs or rights of the gay rights debate Nor is it a condemnation of the sides involved in the debate Instead it shows how the two sides have engaged in the battle and how they have marshaled evidence from a variety of sources often the same ones to muster public support but without addressing the conceptual changes needed to conduct a more profitable dialog Treating both sides of the debate respectfully and objectively Irreconcilable Differences opens the discussion up so that all ideas and arguments can be understood as having something valuable to bring to the table In this way readers are challenged to consider the ways arguments are formed how culture disseminates ideas and how a debate can be shaped so that consensus building is a real not an imagined outcome **Come**

Now, Let Us Argue It Out Jon Burrow-Branine, 2021-11 Come Now Let Us Argue It Out provides a look into a community that challenges common narratives about what it means to be LGBTQ and Christian in the contemporary United States Based on his participant observation fieldwork with a faith based organization called the Reformation Project Jon Burrow Branine provides an ethnography of how some LGBTQ and LGBTQ supportive Christians negotiate identity and difference and work to create change in evangelicalism Come Now Let Us Argue It Out tells the story of how this activism can be understood as a community of counter conduct Drawing on a concept proposed by the philosopher and historian Michel Foucault Burrow Branine documents everyday moments of agency and resistance that have the potential to form new politics ethics and ways of being as individuals in this community navigate the exclusionary politics of mainstream evangelical institutions culture and theology More broadly Burrow Branine considers the community s ongoing conversation about what it means to be LGBTQ and a Christian grappling with the politics of inclusion and representation in LGBTQ evangelical activism itself

Contemporary Christianity and LGBT Sexualities Stephen Hunt, 2016-05-13 The subject of gay and lesbian sexuality is perhaps the most vexed issue in the contemporary Christian Church Many churches have been forced to confront the matter both theologically and pastorally and in consequence controversies have proved divisive within the Church most notably between conservative and liberal orientated denominations as well as evangelical churches This book explores these themes from a sociological perspective addressing not only gay and lesbian sexualities but also bi and transgendered sexualities With rich empirical material being presented by a team of experts this book constitutes the first comprehensive sociological study of non hetero sexualities in relation to contemporary Christianity As such it will appeal to sociologists scholars of religion and theology as well as readers across a range of social sciences

One Gospel Many Ears Ronald J. Allen, Joseph R. Jeter, Every time a congregation gathers for worship many different people from

different points in life with different needs and perspectives come together each refracting messages through their own lenses Each person processes communication in ways that are influenced by age gender race personality type ethnicity education and social and economic background Jeter and Allen explore how these factors affect the ways in which members of the congregation receive and process sermons and how the preacher can optimize the opportunity for each to hear and understand the gospel and one another

Embracing Disruptive Coherence Kathleen T. Talvacchia, 2019-04-18 Does anyone need to come out anymore Queer theory has challenged the idea of coming out as problematic for its false binary and essentialized version of identity If gender is a socially constructed performativity then what does coming out mean At the same time we live in a society that still struggles with structures of power that define what is considered normal and sanctions those who transgress The intersectionality of gender with race class ethnicity nationality abilities religion age and other positional markers challenge a simplified belief that coming out is not necessary Therefore in the lived experience of many persons coming out still matters This book initiates a different theological conversation about coming out It argues that rather than the declaration of an identity category coming out can be understood as the erotic ethical practice of truth telling The formation of conscience and moral integrity embody the two pillars of this erotic practice Coming out understood as disruptive coherence is the erotic ethical practice of truth telling grounded in our deepest desires to be known authentically in community

The Boswell Thesis Mathew Kuefler, 2006-03 Brings together 15 leading scholars in both religious and sexuality studies to comment on this book s immense impact the endless debates it generated and the many contributions it has made to our culture This book also debates John Boswell s career including his influence among gay and lesbian Christians

Negotiating Work, Family, and Identity among Long-Haul Christian Truck Drivers Rebecca L. Upton, 2016-08-12 This book draws upon ethnographic and qualitative research in the United States to demonstrate the means through which long haul truck drivers navigate work and family tensions in ways that resonate across categories of race class gender and religion It examines how Christianity and constructions of masculinity are significant in the lives of long haul drivers and how truckers work to construct narratives of their lives as good moral individuals in contrast to competing cultural narratives which suggest images of romantic rule free renegade lives on the open road Based upon ethnographic fieldwork interviews observations of long haul truckers and participation in a CDL school this rich ethnography highlights how Christian trucking opportunities provide avenues through which balance is struck between work and family masculinity and other identities Embedded in larger social discourse about the meaning of masculinity and similar to evangelical perspectives such as those of the Promise Keepers Christian truckers often draw upon older ideas about responsible breadwinning fatherhood in their discourse about being good fathers while on the road This discourse is in some conflict with the lived experiences of Christian truckers who simultaneously find themselves confronted by more contemporary cultural narratives of the work family balance and expectations of what it means to be a good worker or a good
