School Bjarne Bruun Jensen, Stephen Clift, 2005-12-31 This book brings together recent international scholarship on the links
between education and health and recent research evidence evaluating the processes and outcomes of health promoting
schools initiatives The book arises out of the Education and Health in Partnership conference which took place in Egmond
aan Zee the Netherlands in September 2002 The key aims of the conference were to focus on effective partnership working
for health in schools and to consider the evidence base for health promoting schools programmes A significant outcome of
the conference was the Egmond Agenda which outlines the principal components for success in establishing health
promoting schools Contributors from across Europe the United States South Africa and Australia present findings from
national health promoting school projects with a particular emphasis on the promotion of mental health The volume will be of
interest to all education and health professionals interested in the contributions of schools in promoting health empowerment
