Excerpt from *Laws Relating to Sex Morality in New York City* This Manual contains the Federal State and local laws relating to sex morality in so far as they apply in the City of New York It is intended primarily for the social worker and the endeavor throughout has been to state the law in such a way that it can be readily understood and used by persons without legal training It is hoped that the assembling under one cover of a body of law which is scattered throughout numberless statutes and decisions may be helpful also to lawyers and magistrates The primary purpose however has never been lost sight of in its compilation the Manual does not profess nor indeed aim to be a complete compendium and everything has been rigidly excluded that does not bear more or less directly on the laws relating to the contributing causes and suppression of prostitution the care of its victims and the punishment of those persons who foster or benefit by its existence Some of the topics treated may perhaps seem remote from the principal subject but experience in allied work justifies the belief that nothing has been included which is not material and it is hoped that the desire to keep the Manual Within the limits of a hand book has resulted in no serious omissions About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Cusack, 2015-05-05 *Laws Relating to Sex Pregnancy and Infancy* examines case law and legislation in regards to reproduction pregnancy and infancy Cusack explores the winding pathways of legal precedence and action on the social conditions of pregnancy and childbirth and draws from criminal and court procedures and behavioral science to determine if the law is acting in the best interest of those vulnerable populations

Hug, 2016-01-18 The research for this book was prompted by a combination of events in particular the election of Mary Robinson to the Presidency and the X Case which rocked Irish society The book is an exploration of the dynamics between the courts the legislators and the Irish citizens in relation to certain socio sexual questions divorce contraception abortion and homosexuality Spanning 73 years since the creation of the Irish State *The Politics of Sexual Morality in Ireland* questions the nature of the moral order regulating Irish society and the concept of democracy underlying it It examines the fragile balance struck between tradition and modernity

The Laws of Sex Edith Houghton Hooker, 1921 *Ecstatic Morality and Sexual Politics* Graham James McAleer, 2005 This first book length treatment of Thomas Aquinas s theory of the body presents a Catholic understanding of the body and its implications for social and political philosophy Making a fundamental contribution to antitotalitarian theory McAleer argues that a sexual politics reliant upon Aquinas s theory of the body is better because less violent than other commonly available theories He contrasts this theory with those of four other groups of thinkers the continental tradition represented by Kant Schopenhauer Merleau Ponty Nancy Levinas and Deleuze feminism in the work of Donna Haraway an alternative Catholic theory to be found in Karl Rahner and the Radical Orthodoxy of John Milbank **Policing Sex** Paul Johnson, Derek Dalton, 2012-05-31 This collection focuses attention on an important but academically neglected area of contemporary operational policing the regulation of consensual sexual practices Despite the high level public visibility of and debate about policing in relation to violent and abusive sexual crimes from child sexual abuse to adult rape very little public or scholarly attention is paid to the policing of consensual sexual practices in contemporary societies Whilst sexual life is commonly understood to be a matter of private life that is beyond formal social control this book shows that policing is implicated in the regulation of a wide range of consensual sexual practices This book brings together a well known and respected group of academics from a range of disciplines to explore the role of the police in shaping the boundaries of that aspect of our lives that we imagine to be most intimate and most our own The volume presents a snap shot of policing in respect of a number of diverse areas such as public sex pornography and sex work and considers how sexual orientation structures police responses to them The authors critically examine how policing is implicated in the social moral and political landscape of sex and contrary to the established rhetoric of politicians and criminal justice practitioners continues to intervene in the private lives of citizens It is essential supplementary reading for courses in criminology law policing sociology of deviance gender and sexuality and cultural studies **Catholic Sexual Morality** Robert L. Fastiggi, 2018-01-04 Many people today believe that the traditional Catholic view of sex is antiquated unrealistic and potentially harmful In *Catholic Sexual Morality* Dr Robert Fastiggi asks whether the permissive sexual attitude of today s culture is really contributing to deeper love better

relationships and true happiness for men women children and families He begins with the example of St Augustine who recognized he was a slave to lust and in need of true freedom Fastiggi then examines the foundations for Catholic sexual morality in Scripture reason and human experience The hope is that people will realize that the Catholic Church is not against sex but sees sexual intimacy as something so beautiful and life giving that it requires the stability of marriage for its true and rightful expression Catholic Sexual Morality is grounded in the belief that the church s teachings on sex correspond to God s plan for human happiness These teachings are challenging and the church understands how easy it is to fail in sexual matters God s mercy however is more powerful than human weakness and sin This book explains the reasons why the Catholic Church teaches as she does on matters such as pornography masturbation fornication adultery contraception divorce and homosexual acts It presents these teachings in a realistic way with full recognition of the reasons why people reject them The ultimate desire is to help people understand that Catholic sexual morality is not a creation of church leaders but a response to what God has made known to us in Sacred Scripture and the natural law In a world filled with infidelity divorce wounded children and broken hearts the wisdom of traditional Catholic sexual morality deserves a more sympathetic view not just because it is Catholic but because it is true Exploring the Dimensions of Human Sexuality Greenberg, Clint E. Bruess, Sara B. Oswalt, 2016-02-19 Fully revised and updated with the latest data in the field the Sixth Edition of Exploring the Dimensions of Human Sexuality represents all aspects of human sexuality and explores how it affects personality development and decision making Using a student friendly interpersonal approach the text discusses contemporary concepts as well as controversial topics in a sensitive manner and covers the physiological biological psychological spiritual and cultural dimensions of human sexuality Exploring the Dimensions of Human Sexuality is an essential text for teaching sexuality and presents an integrated view of human sexuality that encourages students to pursue positive decisions sexual health and a lifetime of wellness True Sexual Morality Daniel R. Heimbach, 2004-11-09 Daniel Heimbach examines the biblical teachings on sexual morality as well as four counterfeit views that have crept into our sexually revolutionized society He gives us an in depth look at the moral relativism that has spread through our culture and opens our eyes to the effects that nonbiblical sexual choices have on individuals the family the church and the culture **Studies in the Psychology of Sex** Havelock Ellis, 1913 **Research Handbook on Gender, Sexuality and the Law** Chris Ashford, Alexander Maine, 2020-03-28 This innovative and thought provoking Research Handbook explores not only current debates in the area of gender sexuality and the law but also points the way for future socio legal research and scholarship It presents wide ranging insights and debates from across the globe including Africa Asia Eastern Europe and Australia with contributions from leading scholars and activists alongside exciting emergent voices The Story of Religious Controversy Joseph McCabe, 1929
