

"A fascinating look at political and social thought within the Soviet Union today. . . by one of America's leading authorities." — *San Francisco Chronicle*

THE LONG ROAD TO FREEDOM

RUSSIA and
GLASNOST

WALTER
LAQUEUR

Long Road To Freedom Russia And Glasnost

**Paul Chilton, Mikhail V. Ilyin, Jacob L.
Mey**

Long Road To Freedom Russia And Glasnost:

The Long Road to Freedom Walter Laqueur, 1990 This book deals with the new political style and mood which have emerged in the Soviet Union since Gorbachev's rise to power Laqueur explains the origins of glasnost against the background of Russian and Soviet history and shows how as a result of glasnost much of our knowledge on the state of the Soviet Union had to be reconsidered He discusses the impact of glasnost on Soviet cultural life the economy and foreign policy the polarization of public opinion the open debates inside the Soviet Union on burning social problems and the emergence of a new influential Russian party He concludes with the likely future trends and developments ISBN 0 684 19030 3 21 95 *Political Discourse in Transition in Europe 1989-1991* Paul Chilton, Mikhail V. Ilyin, Jacob L. Mey, 1998-03-15 The year 1989 brought political upheavals in Central Eastern and Southern Europe the effects of which have not yet ended The political discourse of the Cold War period disintegrated and gave way to competing alternatives The contributors to this book are linguists discourse analysts and social scientists from all corners of the continent whose tools of analysis shed light on the crucial two years of transition during which political concepts and political interaction changed in dramatic and sometimes violent ways *Intellectuals and Apparatchiks* Kevin O'Connor, 2008-08-01 This book traces the origins and activities of an alliance of conservative Communist Party authorities and Russian nationalists during the late Soviet era Specifically it examines how and to what extent hitherto orthodox Communists sought political allies in the Russian nationalist movement in order to garner support for halting the reform program and saving the Soviet state from collapse **Intellectuals and Apparatchiks**, *The Rise of Russia and the Fall of the Soviet Empire* John B. Dunlop, 1995-04-23 This is the first work to set one of the great bloodless revolutions of the twentieth century in its proper historical context John Dunlop pays particular attention to Yeltsin's role in opposing the covert resurgence of Communist interests in post coup Russia and faces the possibility that new institutions may not survive long enough to sink roots in a traditionally undemocratic culture Russian Popular Culture Richard Stites, 1992-08-20 This book presents a side of Russian life that is largely unknown to the West the world of popular culture By surveying detective and science fiction popular songs jokes box office movie hits stage radio and television Professor Richard Stites introduces the people and cultural products that are household words to Russian people Spanning the entire twentieth century the author examines the subcultures that draw upon and enrich Russian popular culture He explores the relationship between popular culture and the national and social values of the masses including their heroes and myths and assesses the phenomenon of the celebrity from the silent screen star to the latest rock music idol Richard Stites pays particular attention to the dramatic battle between elite and popular culture and to the intervention of revolutions wars and the state in the production and control of this culture **Explaining Auschwitz and Hiroshima** Richard J. B. Bosworth, 2002-01-31 Explaining Auschwitz and Hiroshima explores the way in which the main combatant societies of the Second World War have historicised that experience Since 1945 debates in Germany about the past that

would not fade away have been reasonably well known But in this book Richard Bosworth maintains that Germany is not unique He argues that in Britain France Italy the USSR and Japan as well as in Germany the traumatic history of the long Second World War has remained crucial to the culture and the politics of post war societies Each has felt a compelling need to interpret this past event and thus to explain Auschwitz and Hiroshima Bosworth explores the bitter controversies that have developed around a particular interpretation of the war such as disputes over A J P Taylor s *Origins of the Second World War* Marcel Ophul s film *The Sorrow and the Pity* Renzo De Felice s biography of Mussolini in the 1970s or in post Glasnost debates about the historiographies of the Commonwealth of Independent States Richard Bosworth s book is a wide ranging and thoughtful excursion into comparative history *Problems of Communism* ,1990 **Globalizing Human Rights**

Christian Peterson,2012-03-12 *Globalizing Human Rights* explores the complexities of the role human rights played in U S Soviet relations during the 1970s and 1980s It will show how private citizens exploited the larger effects of contemporary globalization and the language of the Final Act to enlist the U S government in a global campaign against Soviet Eastern European human rights violations A careful examination of this development shows the limitations of existing literature on the Reagan and Carter administrations efforts to promote internal reform in USSR It also reveals how the Carter administration and private citizens not Western European governments played the most important role in making the issue of human rights a fundamental aspect of Cold War competition Even more important it illustrates how each administration made the support of non governmental human rights activities an integral element of its overall approach to weakening the international appeal of the USSR In addition to looking at the behavior of the U S government this work also highlights the limitations of arguments that focus on the inherent weakness of Soviet dissent during the early to mid 1980s In the case of the USSR it devotes considerable attention to why Soviet leaders failed to revive the international reputation of their multinational empire in face of consistent human rights critiques It also documents the crucial role that private citizens played in shaping Mikhail Gorbachev s efforts to reform Soviet style socialism *Beyond the Border* Steven

Aschheim,2018-06-05 The modern German Jewish experience through the rise of Nazism in 1933 was characterized by an explosion of cultural and intellectual creativity Yet well after that history has ended the influence of Weimar German Jewish intellectuals has become ever greater Hannah Arendt Gershom Scholem Theodor Adorno Walter Benjamin Franz Rosenzweig and Leo Strauss have become household names and possess a continuing resonance *Beyond the Border* seeks to explain this phenomenon and analyze how the German Jewish legacy has continually permeated wider modes of Western thought and sensibility and why these migr s occupy an increasingly iconic place in contemporary society Steven Aschheim traces the odyssey of a fascinating group of German speaking Zionists among them Martin Buber and Hans Kohn who recognized the moral dilemmas of Jewish settlement in pre Israel Palestine and sought a binationalist solution to the Arab Israel conflict He explores how German Jewish migr historians like Fritz Stern and George Mosse created a new kind of cultural history written

against the background of their exile from Nazi Germany and in implicit tension with postwar German social historians And finally he examines the reasons behind the remarkable contemporary canonization of these Weimar intellectuals from Arendt to Strauss within Western academic and cultural life *Beyond the Border* is about more than the physical act of departure It also points to the pioneering ways these migrants questioned normative cognitive boundaries and have continued to play a vital role in addressing the predicaments that engage and perplex us today

Fuel your quest for knowledge with Learn from is thought-provoking masterpiece, **Long Road To Freedom Russia And Glasnost** .
