Blanchard, 2018-06-05 This book is the winner of the 2020 Joseph Levenson Pre 1900 Book Prize awarded by the Association for Asian Studies In *Song Dynasty Figures of Longing and Desire* Lara Blanchard analyzes images of women in painting and poetry of China's middle imperial period focusing on works that represent female figures as preoccupied with romance She discusses examples of visual and literary culture in regard to their authorship and audience examining the role of interiority in constructions of gender exploring the rhetorical functions of romantic images and considering connections between subjectivity and representation The paintings in particular have sometimes been interpreted as simple representations of the daily lives of women or as straightforward artifacts of heteroerotic desire Blanchard proposes that such works could additionally be interpreted as political allegories representations of the artist's or patron's interiorities or models of idealized femininity *Trial by Desire* Elissa Curry, 1984

Psalms Mark J. Boone, 2023-02-27 *The Enarrationes in Psalms* is the collection of Augustine's commentaries and sermons on the Psalms Although Augustine is often at his philosophical best here bearing various resemblances to the Platonists and other philosophers he also articulates a distinctively Christian view on what we should desire on how desire has gone wrong

and on how it is healed The renewal of desire takes place as a result of and through the unity of Christ and the church which is the guiding theme of the Enarrationes Augustine s Preaching and the Healing of Desire in the Enarrationes in Psalmos traces this theology of desire as it connects to Augustine s Christology his ecclesiology his account of happiness and well being and his eschatology The book closes with some suggestions on what the church can learn today from the Enarrationes in the areas of psychology and wellbeing biblical exegesis and homiletics **Science and Health** Mary Baker Eddy,1895

Quint, Christopher Cushing, Samuel Burnham, 1867 **'Being Towards Death'** Sylvie Avakian, 2021-04-19 This book draws the philosophical contribution of Martin Heidegger together with theological spiritual insights from the East especially that of Nikolai Berdyaev Thus it brings into dialogue the West with the East and philosophy with theology By doing so it offers Christian theology an existential spiritual language that is relevant and meaningful for the contemporary reader In particular the work explores Heidegger's being towards death Sein zum Tode as the basis for theological philosophical thinking Only the one who embraces being towards death has the courage to think and poetize This thinking in turn makes being towards death possible and in this circular movement of thinking and being the mystery of being reveals itself and yet remains hidden Since the work aims at demonstrating being towards death through language it transitions away from the common formulations and traditionally accepted ways of writing dogmatic theology towards an original philosophical reflection on faith and spirituality At different points however the work also retrieves the profound thoughts and theologies of the past the insightful creativity of which cannot be denied
