airports particularly Heathrow must be at least maintained at the current level and further routes should be actively sought. Airports Commission review the review is being carried out by the Airports Commission into options to maintain the UK's status as an international hub for aviation. As this report is not due until 2015 and the delay as to the future airport configuration and capacity in the South East of England is causing concern among the business community in Northern Ireland. The Committee urged the Government to expedite the review and its decision as soon as possible given its importance to Northern Ireland's international connectivity. Internal access to Northern Ireland's airports road and rail links to all three of NI's airports must be improved. Visas there should be introduced between the UK and Irish Government a shared visit visa for the UK and the Republic of Ireland as the current cost of two visas deters both business and leisure travellers from visiting both jurisdictions on a single visit.
